On some Alfa Romeos, the owners manual suggests pumping the brake pedal 25 times before looking at the fluid level, be sure to check your owners manual to see if this applies to your 1995 164. In addition to checking the brake fluid level, you want to look at the color of the brake fluid in your 164 - if it is dark in color or it has been more than 2 years since you have changed it, you should consider having it changed - this will help make the internal components (which are expensive) last

### **Bing: 1995 Alfa Romeo 164 Brake**

First registered in February 1995, this 164 Q4 is an original left-hand drive example, which currently resides in the Netherlands. It has been cherished by the vendor for 10 years. The bodywork of this 164 Q4 is in very good order, with flush shut lines and no evidence of any prior damage.
