2020 Diary Planner

A riveting true story of the failure of the courts and police to protect a woman and her daughters.

Tempest Reborn

One for the keeper shelf! Rediscover the heart-stopping thrills of this classic romantic suspense, only from New York Times bestselling author Heather Graham. It was the most dangerous role of her career...and possibly the last. Playing a malicious diva on a popular daytime soap, actress Kelly Trent has garnered more than her fair share of hate mail. She doesn't believe anyone would really confuse her with her character, but when an accident on the set hits too close for the producers' comfort, Kelly is unceremoniously put on hiatus. At her agent's suggestion, she agrees to appear in a music video, thinking the time away filming in the Florida Keys might be just the thing to put her life in perspective. But with two left feet, Kelly only hopes dance instructor Doug O'Casey can work miracles. A former Miami cop, Doug still has a lawman's instinct for trouble, and the continued threats made against Kelly tell him that she is in danger. Now, as a deranged fan closes in, Doug realizes that someone close to Kelly wants more than her character killed off the show—someone wants her stone-cold dead. Originally published in 2005

Food Drying at Home

In a career that has spanned fifty years and taken him from one of the greatest movies of all time to some of television's best series, Emmy-award winning character actor William Windom takes you behind the scenes of show business from Broadway to Hollywood in his candid and witty autobiography. Shortly after returning from active duty in World War II, Windom entered the acting world, launching his career in parts on and off Broadway in the late 1940s and 1950s. With refreshing candor, he tells how he landed his first Hollywood role as the winning attorney against Gregory Peck in 1962's "To Kill a Mockingbird" and then went on to act in popular television series including "Columbo," "Star Trek," "All In the Family," and "Dallas," But perhaps his most enjoyable roles came from his regular appearances on "The Farmer's Daughter," and as Doc Hazlitt in the popular "Murder, She Wrote," Through Windom's personal anecdotes, Hollywood aficionados can get up close and personal with some of the industry's biggest names, including John Wayne, Sam Goldwyn, and Angela Lansbury, and aspiring performers can glean wisdom on choosing agents and managers, working with directors, and performing an audition by following Windom's expert and time-tested advice. Humorous, honest, and endlessly entertaining, "Journeyman Actor" delivers an intimate glimpse into the career of one of Hollywood's most successful character actors.

Killing Kelly

The War On FreedomThe 9/11 ConspiraciesWere the U.S. invasions of Afghanistan and Iraq planned long before the tragedies of September 11, 2001? Why did many WTC survivors mention bombs? Why did normal security measures consistently fail that day? Why has no one in government been fired or even reprimanded for failure to anticipate and prevent the attacks? For that matter, who was truly behind the strikes? Who and where is Osama bin Laden? What connects the bin Laden and Bush families?If the purpose of the perpetrators of 9/11 was to end traditional American freedoms, they may well have succeeded. Laws rushed through a Congress that never had a chance to read them while under a declared state of emergency have curtailed our freedoms.

The New York Times bestselling author of *My Sunshine Away* returns with a warm, surprising, and humorous novel about a mysterious machine that upends a small Louisiana town. What would you do if you knew your life's potential? That's the question facing the town of Deerfield, Louisiana, when an unusual new contraption appears in their local grocery store. The DNAMIX machine is nothing to look at, really--it resembles a plain photo booth. But its promise is amazing: with just a quick swab of your cheek and two dollars, the device will use the science of your DNA to tell you your life's potential. Soon the former teachers, nurses, and shopkeepers of the town are upending their lives to pursue their destinies as magicians, cowboys, and queens--including Douglas Hubbard and his wife, Cherilyn, who both believed they were leading perfectly happy lives until they realized they could dream for more. At equal turns moving and hilarious, *The Big Door Prize* explores the ways in which the glimmer of opportunity can bring a community together, pull it apart, and reveal the power of self-discovery and second chances, even under the strangest of circumstances.

Jake, Reinvented

"Only Katy Simpson Smith could have written a novel of such elegance, emotional power, and grace. The Everlasting, a quadruple love story spanning two millennia, is no less than the story of love itself—its frustrations and thrills, its blunders and transcendent glories. Meraviglioso."—Nathaniel Rich, author of King Zeno From a supremely talented author comes this brilliant and inventive literary work of historical fiction, set in Rome in four different centuries, that explores love in all its various incarnations and ponders elemental questions of good and evil, obedience and free will that connect four unforgettable lives . Spanning two thousand years, The Everlasting follows four characters whose struggles resonate across the centuries: an early Christian child martyr; a medieval monk on crypt duty in a church; a Medici princess of Moorish descent; and a contemporary field biologist conducting an illicit affair. Outsiders to a city layered and dense with history, this quartet separated by time grapple with the physicality of bodies, the necessity for sacrifice, and the power of love to sustain and challenge faith. Their small rebellions are witnessed and provoked by an omniscient, time-traveling Satan who, though incorporeal, nonetheless suffers from a heart in search of repair. As their dramas unfold amid the brick, marble, and ghosts of Rome, they each must decide what it means to be good. Twelve-year old Prisca defiles the scrolls of her father's library. Felix, a holy man, watches his friend's body decay and is reminded of the first boy he loved passionately. Giulia de' Medici, a beauty with dark skin and limitless wealth, wants to deliver herself from her unborn child. Tom, an American biologist studying the lives of the smallest creatures, cannot pinpoint when his own marriage began to die. As each of these conflicted people struggles with forces they cannot control, their circumstances raise a profound and timeless question at the heart of faith: What is our duty to each other, and what will God forgive? Moving back through time from today (The Wilderness) to the Renaissance (The City) to the Middle Ages (The Grave) and finally to Rome under Marcus Aurelius (The Paradise), Tom, Guilia, Felix, and Prisca search and suffer for love in the eternal city, made vivid and familiar as they reappear in each century.

Engineering Decisions for Life Quality

In Roe v. Wade, Justice Harry Blackmun structured the argument of the majority around the history of abortion laws. That history built on the work of law professor Cyril Means, Jr., and historian James Mohr. Means and Mohr proclaim four theses as summarizing the "true" history of abortion in England and America: (1) Abortion was not a crime "at common law" (before the enactment of abortion statutes in the nineteenth century. (2) Abortion was common and relatively safe during this time.(3) Abortion statutes were enacted in the nineteenth century in order to protect the life of the mother rather than the life of the embryo or fetus.(4) The moving force behind the nineteenth-century statutes was the attempt of the male

medical profession to suppress competition from competing practitioners of alternative forms of medicine. This book dispels these myths and sets forth the true history of abortion and abortion law in English and American society. Anglo- American law always treated abortion as a serious crime, generally including early in pregnancy. Prosecutions and even executions go back 800 years in England, establishing law that carried over to colonial America. The reasons offered for these prosecutions and penalties consistently focused on protecting the life of the unborn child. This unbroken tradition refutes the claims that unborn children have not been treated as persons in our law or as persons under the Constitution of the United States.

Time Capsule is Kendall Dunkelberg's second full length collection of poetry. In it he explores themes of love, marriage, and fatherhood against the backdrop of contemporary American life, ranging from his childhood home in Iowa to Mississippi, where he has lived for the past fifteen years. Cross-country travel to Massachusetts, New Mexico, Alabama, and Georgia, as well as a honeymoon in Spain, also informs his vision. These poems traverse myth and memory through cycles of nature and culture, life and death, to arrive at a tranquil, if tenuous, sense of equilibrium.
