Halloween and Other Seasons

In Original Self, spiritual pioneer Thomas Moore guides readers back to their God-given personalities through fifty heart-lifting meditations. This inspiring collection offers fresh interpretations of living with originality rather than conformity, presenting multidimensional portraits of the creative self and different angles from which to top one's primal emotions and possibilities. Learn what it means to live from the burning essence of the heart, with the creativity that comes from allowing the soul to blossom in its own colors and shapes. With his usual grace and insight, Moore counters the prevailing assumptions of the day and offers strikingly unorthodox views on what is virtuous and healthy, opening up possibilities for a renewal of the way we live socially and in our private lives.

Redder than Blood

In his highly provocative first book, Scott Galloway pulls back the curtain on exactly how Amazon, Apple, Facebook, and Google built their massive empires. While the media spins tales about superior products and designs, and the power of technological innovation, Galloway exposes the truth: none of these four are first movers technologically - they've either copied, stolen, or acquired their ideas. Readers will come away with fresh, game-changing insights about what it takes to win in today's economy. Print run 125,000.

The Gift of the Magi is a treasured short story written by O. Henry. A young and very much in love couple can barely afford their one-room apartment, let alone the extra expense of getting Christmas presents for one another. But each is determined to show their love for the other in this traditional time of giving; each sells a thing they hold most dear in order to afford a present, with poignant and touching results that capture their love for one another.

The City of Light

Rapper Gucci Mane takes us to his roots in Alabama, the streets of East Atlanta, the trap house, and the studio where he found his voice as a peerless rapper. He reflects on his inimitable career and in the process confronts his dark past -- the murder charge, years behind bars, addiction, career highs and lows -- the making of the Trap God. It is one of the greatest comeback stories in the history of music. -- Adapted from book jacket.

Allegiant (Divergent Trilogy, Book 3)

Hearts Untamed

A memoir done in the form of a graphic novel by a cult favorite comic artist offers a darkly funny family portrait that details her relationship with her father--a funeral home director, high school English teacher, and closeted homosexual.

boarding school to be 'civilized' to a generation of Caribbean immigrants once welcomed to the UK being threatened with deportation by strict immigration laws. Find hope in stories of strength, love, joy and revolution that are part of our history, too, with such figures as the former slave Toussaint Louverture, who led a rebellion against white planters that eventually led to Haiti's independence, and Yuri Kochiyama, who, after spending time in an internment camp for Japanese Americans during WWII, dedicated her life to supporting political prisoners and advocating reparations for those wrongfully interned. Learn language and phrases to interrupt and disrupt racism. So, when you hear a microaggression or racial slur, you'll know how to act next time. This book is written for EVERYONE who lives in this racialised society—including the young person who doesn't know how to speak up to the racist adults in their life, the kid who has lost themselves at times trying to fit into the dominant culture, the children who have been harmed (physically and emotionally) because no one stood up for them or they couldn't stand up for themselves and also for their families, teachers and administrators. With this book, be empowered to actively defy racism and xenophobia to create a community (large and small) that truly honours everyone.

The Gift of the Magi

Real-life flight attendant Heather Poole has written a charming and funny insider's account of life and work in the not-always-friendly skies. Cruising Attitude is a Coffee, Tea, or Me? for the 21st century, as the author parlays her fifteen years of flight experience into a delightful account of crazy airline passengers and crew drama, of overcrowded crashpads in "Crew Gardens" Queens and finding love at 35,000 feet. The popular author of "Galley Gossip," a weekly column for AOL's award-winning travel website Gadling.com, Poole not only shares great stories, but also explains the ins and outs of flying, as seen from the flight attendant's jump seat.

The Willpower Instinct

This Book Is Anti-Racist

Includes “Story of Your Life” the basis for the major motion picture Arrival, starring Amy Adams, Forest Whitaker, Jeremy Renner, and directed by Denis Villeneuve. “Shining, haunting, mind-blowing tales . . . Ted Chiang is so exhilarating, so original, so stylish he just leaves you speechless.” —Junot Díaz Stories of Your Life and Others delivers dual delights of the very, very strange and the heartbreakingly familiar, often presenting characters who must confront sudden change—the inevitable rise of automatons or the appearance of aliens—with some sense of normalcy. With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder. An award-winning collection from one of today's most lauded writers, Stories of Your Life and Others is a contemporary classic.

Stories of Your Life and Others

From New York Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?* The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. THE DISAPPEARING SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. *Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

Haunted Mansion meets Stranger Things ★ "A smart, thrilling mystery" -Publishers Weekly, starred review ★ "Magical elements, evocative, intelligent writing, and ever-ratcheting suspense."-Kirkus Reviews, starred review "The foreboding atmosphere perfectly matches the dark mystery and high stakes confronting the middle-schoolers." -Booklist For as long as the Vickery twins can remember, Lee and his mother have served Memory, while Felix and his father assist Death. This is the Agreement. But one Halloween, Gretchen Whipple smashes her way into their lives. Her bargain is simple: If the twins help her solve the murder of local girl Essie Hasting, she'll help them break the Agreement. The more the three investigate, however, the more they realize that something's gone terribly wrong in their town. Death is on the loose, and if history repeats itself, Essie's might not be the last murder in Poplar Wood. Simultaneously heartwarming and delightfully spooky, The House in Poplar Wood is a story about a boy's desire to be free, a girl's desire to make a difference, and a family's desire to be together again.

Twenty-six Reasons why Jews Don't Believe in Jesus

This handbook examines the use of horror in storytelling, from oral traditions through folklore and fairy tales to contemporary horror fiction. Divided into sections that explore the origins and evolution of horror fiction, the recurrent themes that can be seen in horror, and ways of understanding horror through literary and cultural theory, the text analyses why horror is so compelling, and how we should interpret its presence in literature. Chapters explore historical horror aspects including ancient mythology, medieval writing, drama, chapbooks, the Gothic novel, and literary Modernism and trace themes such as vampires, children and animals in horror, deep dark forests, labyrinths, disability, and imperialism. Considering horror via postmodern theory, evolutionary psychology, postcolonial theory, and New Materialism, this handbook investigates issues of gender and sexuality, race, censorship and morality, environmental studies, and literary versus popular fiction.

Totentanz [eBook - Biblioboard]

With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion. Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.

House Haunted

Liad Shoham, the #1 bestselling author in Israel, makes his American debut with *Lineup*—a superbly plotted, uncompromising crime thriller. A brutal rape in a quiet Tel Aviv neighborhood has the police baffled. There are no witnesses, suspects, or clues, until the victim's father steps in and finds overwhelming evidence pointing to Ziv Nevo. Veteran detective Eli Nahum questions Nevo, but can't get anything out of him. That's because Nevo has a secret. He works for the mafia, and telling the truth about why he was near the crime scene could get him killed. *Lineup* focuses on these two men, detective and suspect, as they both end up betraying what they value most, fighting for their lives, and struggling make amends for their

mistakes in this gritty, fast-paced, complex novel of suspense.

The Palgrave Handbook to Horror Literature

In this seminal work, an attorney puts Jesus on trial, explaining to Jews, Christians and the theologically curious; why Jesus did not qualify as the Jewish messiah; why believing in Jesus cuts Jews off from G-d forever in the World To Come; how the Christian Bible has strategically mistranslated key verses in the "Old Testament" to shoehorn Jesus into the text." This compelling new book calls "unorthodox" Jews back to Torah Judaism. Black, White and Read Publishing.

What We Talk About When We Talk About Love

The world's leading psychiatric authority on demonic possession delves into the hidden world of exorcisms and his own transformation from cynic to believer over the course of his twenty-five-year career. Successful New York psychiatrist Richard Gallagher was skeptical yet intrigued when a hard-nosed, no-nonsense Catholic priest asked him to examine a woman for a possible exorcism. Meeting her, Gallagher was astonished. The woman's behavior defied logic. In an instant, she could pinpoint a person's secret weaknesses. She knew how individuals she'd never known had died, including Gallagher's own mother, who passed away after a lengthy battle with ovarian cancer. She spoke fluently in multiple languages, including Latin—but only when she was in a trance. This was not psychosis, Gallagher concluded. It was, in his scientific estimation, what could only be describe as paranormal ability. The woman wasn't mentally disturbed—she was possessed. This remarkable case was the first of many that Gallagher would encounter. Sought after today by leaders of all faiths—ministers, priests, rabbis and imams, Gallagher has spent a quarter-century studying demonic activity and exorcisms throughout history and has witnessed more cases than any other psychiatrist in the world today. In this eerie and enthralling book, Gallagher chronicles his most famous cases for the first time, including: A professional who claimed her spiritualist mother had "assigned" her a spirit who "turned on her." A petite woman—"90 pounds soaking wet"—who threw a 200-pound Lutheran deacon across the room to the horror of onlookers in a church hall; And "Julia," the so-called Satanic queen and self-described witch, who exhibited "the most harrowing" case, a "once-in-a-century" possession. Going beyond horror movies and novels, Demonic Foes takes you deep into this hidden world, sharing in full details of these true-life tales of demonic possession.

Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," *The Willpower Instinct* is the first book to explain the new science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, *The Willpower Instinct* explains exactly what willpower is, how it works, and why it matters. For example, readers will learn: Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep. Willpower is not an unlimited resource. Too much self-control can actually be bad for your health. Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower. Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control. Giving up control is sometimes the only

way to gain self-control. Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models. In the groundbreaking tradition of *Getting Things Done*, *The Willpower Instinct* combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.
