This bestseller has powered the careers of countless professionals. This update to the 11th edition builds on the book's reputation for comprehensiveness, accuracy, and currency, incorporating all the recent changes to the accounting literature. It integrates numerous examples from real corporations throughout the chapters to help readers understand the application of accounting principles and techniques in practice. They'll also find problems that are modeled on the AICPA 'Simulations' - a new question format designed for the computerized uniform CPA Exam. These problems prepare readers for the exam, testing their ability to read, digest, research and respond to both a numeric problem and a short answer essay. This edition does NOT include the Problem Solving Survival Guide

A Collection of Comprehensive Cases is a compilation book of comprehensive cases for Financial Accounting and Reporting (FAR) I, II and III. This book is specially designed for accounting students in FAR subjects to be more familiar with the format and the structure of comprehensive cases. The objective of this book is to assist students to have a better understanding on the case instructions as well as to guide them on how to answer well those instructions. The book is also meant as a good reference for students as they have their own collection of comprehensive cases and the key answers were also systematically arranged for them to do revision.

all of the even-numbered questions and problems in the textbook. This may be purchased with the instructor's permission.

### **An Introduction to Accountancy, 11th Edition**

This well-known textbook provides students with the knowledge of basic accounting principles and practices in a systematic manner. The unique feature that has made this book popular among students is the simplicity of presentation which enables them to understand the subject and solve practical problems with ease. The main strengths of the book are updated text, plentiful illustrative examples and the end-of-chapter exercises with answers. The wide coverage and user-friendly approach help the book to meet the course content requirements for BCom, BBA, MCom, MCA examinations of different universities and examinations conducted by professional institutions. KEY FEATURES □ Updated text in view of new and withdrawn accounting standards and their interpretation. □ Formulation of the roadmap for convergence of Indian Accounting Standards to IFRS. □ Incorporation of the New Schedule VI in place of Old Schedule VI with appropriate notes, wherever necessary. □ Complete overhauling of solutions to all Illustrations and requisite changes in the answers to Practical Problems required due to the substitution of New Schedule VI in place of Old Schedule VI. □ Latest questions and problems from examinations conducted by different professional bodies and universities.
