Provides lists of selling prices of items found on eBay in such categories as antiques, boats, books, cameras, coins, collectibles, dolls, DVDs, real estate, stamps, tickets, and video games.

The Rough Guide to the iPad (3rd edition)

The Rough Guide to Cloud Computing is your essential 'how to' guide for taking your life online, sharing 100 websites that will change your life forever. This guide takes a practical view at the phenomena of "cloud computing" - in simple terms, computing that takes the focus away from applications that live on home PCs and instead puts it all online. This guide will teach you how to use these tools to become more productive, find new ways to work and, of course, play online in this ever changing digital age. Written for novices and experts alike this jargon-busting guide will teach you how to stay in sync so that your contacts, emails, bookmarks and calendars are always at your fingertips. Discover how to keep in touch with friends using Google Docs, Zoho Office, Twiddla and how to take your media online, sharing snaps on Flickr and discovering new music with Spotify and Last.fm. Rely on tips and tricks for protecting precious data online and avoiding getting scammed. Find the coolest Cloud tools including using Remember The Milk to plan your days and discover how to scrapbook your life with Evernote. The Rough Guide to Cloud Computing will help you find your feet, and keep a cool head, in the Cloud.

A Beginners Guide to Using Mac OS X (10.10) Yosemite

This annual guide is the only one of its kind written to help solo and small firm lawyers find the best technology for their dollar. It includes the most current information and recommendations on computers, servers, networking equipment, legal software, printers, security products, smartphones, and anything else a law office might need. It's written in clear, easily understandable language to make implementation easier if you choose to do it yourself, or you can use it in conjunction with your IT consultant. Either way, you'll learn how to make technology work for you.

Electronics Buying Guide

Whether you are a new convert to Mac, still thinking about making the switch, or just want to learn more about Macs, this book will guide you through the Mac OS and help you see how making the switch really isn't the great leap that you once thought it was. While this book was written for anyone new to Mac, it is especially geared for people who are switching to Mac from Windows. This book will show you the basics and show you how to do the common day tasks you know on Windows (like right clicking). It will also show you how to get your Mac in sync with your iPad or iPhone, and how to do everyday tasks like change background, find files, and performance tweaks to keep your Mac running like new. Please note, while every effort has been made to ensure accuracy, this book is not endorsed by Apple and should be consider unofficial.

Vault Guide to the Top Tech Employers

Rates consumer products from stereos to food processors

Concise Guide to Computers in Clinical Psychiatry

A guide for beginners demonstrates iMac fundamentals, covering the Mac OS 9, initial setup and installation, system maintenance, Internet access, networking, file management, and Mac applications

Consumer Reports 2000 Buying Guide

Since its introduction in 2010, the iPad has quickly become an iconic device - a compact, versatile tablet computer that packs a real punch in terms of its functionality. It is now widely used and in many ways it is ideal for children: it is user-friendly, compact, powerful and stylish into the bargain. But for a parent, the idea of your child using an iPad can be a daunting one: how do you know what they are using it for, what are they looking at on the web and how are they communicating with their friends? A Parent's Guide to the iPad in easy steps is the guide that aims to put parents' minds at ease and lets them understand the iPad, while helping their child explore this exciting machine. The book looks at the functionality of the iPad so that you can understand how your child is using it, and also make the most of yourself. It then covers a range of topics for which the iPad can be used: education, games, photos, music, creativity and social networking. This third edition covers the latest operating system, iOS 7. A Parent's Guide to the iPad in easy steps will inspire parents to use their iPad to encourage more learning!

A Parent's Guide to the iPad in easy steps, 3rd edition - covers iOS 7

A Beginner's Guide to Digital Video

Discusses all aspects of digital video production, from shooting and editing to creating finished movies on disc or tape and streaming on the Web.

VINTROPEDIA - Vintage Computer and Retro Console Price Guide 2009

This low-priced, handy guide is packed with practical guidance for people who want to jump in and start using the OS X Mountain Lion. Written by Jeff Carlson, this essential companion features snappy writing, eye-catching graphics, and a clean design to help readers get the most out of OS X Mountain Lion. Jeff guides readers through Apple's OS X Mountain Lion, showing you how to: Download, set up, and starting using Mountain Lion. Manage files with iCloud. Swipe, pinch, and scroll: Master Mountain Lion's Mult-Touch gestures. Install applications from the Mac App Store, and stay safe with Gatekeeper. Stay in touch: Enjoy video calls with family and friends with FaceTime and chat them up with Messages. Don't miss another email, calendar alert, or friend request with Notification Center. Show off your gaming skills through Game Center. In addition, Jeff offers plenty of tips and tricks for getting the most from Mountain Lion.

Electronics Buying Guide 2008

Apple Maps. Robert Downey Jr. Detroit. These are a few examples of great things that just needed some hard work and a fresh look to really explode. After OS X Mavericks was met with indifference, many worried that future OS X updates would continue to be a steady stream of minor upgrades and tweaks. Continuing the new naming convention of Californian locations, the new iteration will be dubbed 'Yosemite' after California's beloved national park, with no relation to a certain Looney Tunes character. With OS X Yosemite, Apple is showing the world that OS X is not doomed to incremental upgrades, and diligently went through everything "feature by feature, pixel by pixel" to create a totally new and improved makeover for an old friend. If you've used any OS X version before, there's no way you'll feel totally lost as you forage through Yosemite but your computer will definitely look and feel like a brand new system. There are many new changes both aesthetic and mechanical, and this guide will take you through it all whether you're an OS X spring chicken or a grizzled Mac veteran. If this is your first Apple computer (congrats on making the jump by the way!), we will also detail how to switch everything over from your old PC, and show you the differences between Windows and Mac. If you are ready to learn the ins and outs of OS X Yosemite, grab a fresh cup of coffee (decaf if it's late) and let's get to work.

Computer Buyer's Guide and Handbook

Here is your essential companion to Apple's iPhone! The iPhone Pocket Guide, Fourth Edition covers all iPhone models including the new iPhone 3G S. The iPhone Pocket Guide, Fourth Edition was written based on the iPhone 3.0 software and the iPhone 3G S, and the content accurately reflects the design of your iPhone 3G S and how you will use it. Author Christopher Breen has been covering the iPod and iPhone from the first day of their releases. This affordably priced Pocket Guide incorporates snappy writing and eye-catching graphics as Breen steers you through how to: Set up and quickly start using your phone/iPod/Internet device. Download applications from the App Store. Make and receive calls and send text messages with your phone. Keep everything in sync between your Windows PC or Mac and your iPhone. E-mail family and friends using your carrier's wireless network or a Wi-Fi hotspot. Listen to songs and podcasts, and watch movies and TV shows (and YouTube!). Browse the Web using the built-in Safari browser. Figure out where you are with the iPhone's location services. Fix common problems, and learn what to do if you can't fix them yourself.

An Educator's Guide to Evaluating the Use of Technology in Schools & Classrooms

Whatever you want to do, The Rough Guide to the iPad 3rd edition has it covered: from FaceTime video-calling to iPhoto image editing to HD TV streaming. This book tells you everything you need to know about the 3rd generation iPad.
