These highly evolved and loving guides work specifically to bring about understanding, direction, and support to all souls so that we may learn to become the creative masters of the life that we're intended to have on Earth. The guides state that Earth is "soul school," and that we're here to master 22 basic soul lessons in order to fulfill our purpose. Each lesson is laid out in such a way that anyone—on any level—will be ready to follow the instructions. The guides make it very clear in this book that the timing to learn our soul lessons, open our hearts, and raise our vibration on the Earth plane is now. Negative occurrences will worsen if our energy doesn't shift and elevate to a more loving plane. We have no time to

waste!

Some animals incarnate in service to humanity, while others serve the planet or are here to grow spiritually through life on Earth. In this book, which features unprecedented teachings on the animal realm, Diana Cooper shares fascinating channelled information about the soul missions and service work of many of the creatures of the world. We discover the various planets or stars from which they originate and what they come to Earth to learn or teach. As well as comprehensive material about the creatures with whom we share the planet and the particular angels they work with, this incredible book contains visualizations to connect with them and prayers to help them all.
