Elevation

not all love is good love and not all energy is good energy. and just because they love you, doesn't give them the right to disrespect you doesn't give them the right to belittle you. no one is doing you any favors and you definitely don't owe anyone anything. so if it doesn't feel like home then you have the right to leave. you don't have to stay if you don't want to and you don't have to pretend you're on good terms just to show face. people separate all the time. they break-up over anything--over nothing but let it be known, you don't have to take the verbal abuse. you don't have to put up with it and you shouldn't worry about the consequences. I'd be more concern if you stayed if you didn't have the courage to do anything about it. so take this with you take this as a sign and as a lesson. those who don't respect you will never respect you. no matter how much time you give them. no matter how many nights you pray for them to change. like I said, not all love is good love and not all energy is good energy but you should know the difference between who deserves your loyalty and who doesn't. between who deserves your time and who doesn't and know how to respond to it as well. only you know what type of love you deserve. only you. remember that. this is the moon matrix.

The Beautiful and the Damned Illustrated

The heart will ache, the soul will feel weary, and the mind will be weighed down by the things you wish to forget. There will be nights when all you have is yourself and the moon. There will be nights when silence will exist in abundance. And even though you may feel lonely at first. You must understand that the solitude is a gift; you must understand that even when alone, you are more than enough.

Love Her Wild

The witch: supernaturally powerful, inscrutably independent, and now—indestructible. These moving, relatable poems encourage resilience and embolden women to take control of their own stories. Enemies try to judge, oppress, and marginalize her, but the witch doesn't burn in this one.

She Felt Like Feeling Nothing

"And you will go on / searching for the best of you / and you will never find it, / but that is the point." This stunning collection of poems asks readers to keep on seeking - the journey is the destination. In this fifth installment from Robert M. Drake, the poet meditates on the subtle beauty of brokenness.

Oracle

each person will feel things their own way. each person will hurt the only way they know how. will love the only way they've been taught to love. not everyone will see things the way you do. feel things the way you do. and you can't force your beliefs on people either because that's not love. that's not having compassion for other people. we all have our own right to see the world with our own eyes, therefore, understanding is key. and I don't mean saying it, saying you understand

someone without putting yourself in their shoes. without respecting their views. you have to really know yourself and your environment to understand why people are the way they are. you have to go through enough pain to keep your heart open. to be compassionate towards other people. understanding is key and not everyone will understand you and that's okay. but the point is, to remember how all of us are different and try to understand that not all of us are meant to be the same. and you should never believe you understand it all because believe me, there will always be something to learn. there will always be something that will take your breath away. something that will make you question everything--your own beliefs and your own way of thinking. people, things and places, like life, are always evolving and you must evolve with them if you ever want a fair shot in accepting your flaws and the flaws of other people. and before I finish, I just want you to know that the beauty of it all is this, the more you understand people the better you will understand yourself. from the known and to the depths of your soul people will always shape you. all that you are is all you've experienced with them. and dont ever forget that the people you love will always have a piece of your heart. they will always be with you no matter what.

Beautiful Chaos

To all the people in toxic relationships. Know that there is always a way out. Know that your exit will begin with talking to someone. With getting the support from the people you love. Know that you are not alone. That you are not trapped. And that you don't have to be afraid of what happens next. Know that everything passes. That everything goes on. That you don't deserve to be in that kind of relationship. Know that you don't deserve to be mistreated, taken for granted and or abused. Both mentally and physically. Know that there is always help. That there is always hope. That there is always a new day to start living. A new way of life yet to be lived. A new way to love yourself for who you are. To all the people in toxic relationships. Know your worth. Know that you don't always have to keep letting them in. That you don't always have to keep telling yourself they'll change. Know this and never forget it. There is always a way out. And there is always someone out there willing to guide and show you how you deserve better. How you deserve more. Know this. It is essential. Know this. You don't have to stay. There is always a way out. Something Broken. Something Beautiful.

Science

Chaos is not pretty it is like feeling a hundred things, hearing a hundred voices, and somewhere in the riot we tend to lose ourselves and lose direction in our heads. This book is the truth, it is everything we have been feeling and running away from for so long.

Falling Toward the Moon

The first collection of poetry by the New York Times bestselling author of *The Dark Between Stars*. *Love Her Wild* is a collection of new and beloved poems from the poet Atticus, who has captured the hearts and minds of hundreds of thousands of avid followers on his Instagram account @atticuspoetry, including superstars like Karlie Kloss and Shay Mitchell. Dubbed the “#1 poet to follow” by Teen Vogue and “the world’s most tattoo-able” poet by Galore magazine, in *Love Her Wild*, Atticus captures what is both raw and relatable about the smallest and the grandest moments in life: the first glimpse of a new love in Paris, skinny dipping on a summer’s night, the irrepressible exuberance of the female spirit, or drinking whiskey in the desert watching the rising sun. With honesty, poignancy, and romantic flare Atticus distills the most exhilarating highs and the heartbreaking lows of life and love into a few short lines, ensuring that his words will become etched in your mind—and will awaken your sense of adventure.

Beautiful Chaos

This is something about self-forgiveness--something they don't teach in school. Something that's very hard to learn on your own. This is something about putting yourself first because it's okay to love yourself before anyone else. This is something about doing what's best for you, no matter what people say, because only you know what you deserve. This is something about being real, being real to who you are and accepting things as they come and change. This is something about your mistakes, about your flaws, and about how beautiful it is to get up and try again. This is something about being you, about using your voice when you're afraid. About building enough courage when you feel like standing up to something you don't believe in, something that's wrong. This is about you, and every day should be about you, and that's something you should always consider.

Black Butterfly

The third book in the New York Times bestselling series, perfect for fans of Cassandra Clare and Maggie Stiefvater! Ethan Wate thought he was getting used to the strange, impossible events happening in Gatlin, his small Southern town. But now that Ethan and Lena have returned home from the Great Barrier, strange and impossible have taken on new meanings. Swarms of locusts, record-breaking heat, and devastating storms ravage Gatlin as Ethan and Lena struggle to understand the impact of Lena's Claiming. Even Lena's family of powerful Supernaturals is affected -- and their abilities begin to dangerously misfire. As time passes, one question becomes clear: What -- or who -- will need to be sacrificed to save Gatlin? For Ethan, the chaos is a frightening but welcome distraction. He's being haunted in his dreams again, but this time it's not Lena -- and the mysterious figure is following him out of his dreams and into his everyday life. Worse, Ethan is gradually losing pieces of himself -- forgetting names, phone numbers, even memories. He doesn't know why, and he's afraid to ask. Sometimes there's no going back. And this time there won't be a happy ending.

I Wrote This for You: Just the Words

A collection of brief stories that collectively share the author's deeper thoughts and life experiences.

Naked Soul

The Beautiful and Damned, first published by Scribner's in 1922, is F. Scott Fitzgerald's second novel. It explores and portrays New York café society and the American Eastern elite during the Jazz Age before and after the Great War and in the early 1920s.[1][2] As in his other novels, Fitzgerald's characters in this novel are complex, especially with respect to marriage and intimacy. The work generally is considered to be based on Fitzgerald's relationship and marriage with his wife Zelda Fitzgerald

Beautiful Chaos

Sylvia Plath is one of the defining voices in twentieth-century poetry. This classic selection of her work, made by her former husband Ted Hughes, provides the perfect introduction to this most influential of poets. The poems are taken from Sylvia Plath's four collections Ariel, The Colossus, Crossing the Water and Winter Trees, and includes many of her most-celebrated works, such as 'Daddy', 'Lady Lazarus' and 'Wuthering Heights'.

Daughter of God

What are you hiding behind your smile? If those empty bottles that line the walls of your room could speak, what tales would they spill? So much of your truth is buried beneath the lies you tell yourself. There's a need to scream to the moon; there's this urge to go out into the darkness of the night to purge. There are so many stories living inside your soul, you just want the opportunity to tell them. And when you can't find the will to express what lives within your heart, these words will give you peace. These words will set you free.

Black Butterfly

A man encounters God in a bar; a family is saved by a time traveler in the middle of the night; a journey into the mind of a severely autistic man; a woman finds herself one night out in the city, and more. "Beautiful and Damned" is a haunting and captivating collection, and proof that Robert M. Drake is one of the most visionary writers working today. On the heels of three internationally bestselling books of poetry, Robert M. Drake takes his readers to a deeper level of his consciousness with this collection of stories.

Seeds Of Wrath

Empty Bottles Full of Stories

The Vatican has lost its most closely held secret--irrefutable proof of a woman Messiah named Sophia. Born in the Holy Land in 310 AD, Sophia was known for performing healing miracles. Her divinity threatened early Christian dogma and she was executed as a girl by Church authorities. In the present, Kate Sheridan visits Switzerland with her husband, where she expects to purchase the estate of a German art collector. But before Kate can complete the transaction, they are drawn into a thousand-year-old web of conspiracy and intrigue that begins and ends with the mystery of Sophia--and all the powerful forces who share the objective of protecting their patriarchies from a divinely feminine truth.
