LEVI: She's a good girl from a world I left behind years ago. One where virtue and purity are all that matter. She's never learned about desire, about lust. And how a fire can burn so hot that you'll risk anything to quench the flames. I'm going to change all that. She's got a body that was made for pleasure -- she just doesn't know it yet. And I'm just the bastard to teach her. She's come to me for protection from the cold, cruel world. Trouble is, the thing she needs protecting from most of all is me. CHERISH: He was just a name -- my only chance to escape from the way I was raised. I went to him in desperation, hoping for help, for refuge. I found a man unlike any I've ever known. And now I understand: purity is easy when there's no temptation. His touch fills me with forbidden longing. He sets me on fire until burning up sounds like heaven.

Events happen in life that can awaken our truest and deepest desires. They also show us our greatest fears. Sometimes, we are forced to face those fears; other times, we build unbreakable walls to protect ourselves. The danger, the wild, the chaos, and the lifestyle of the Hellions' world has become too much for Savannah "Sass" Perchton. Swearing off bikers and attempting a "normal" life, she has settled, committed to Nick, her country club, pretty boy. Things aren't always what they seem. Wrap an empty box in pretty paper and a bow, and it may look amazing, but it's still a hollow shell. He's a Hellions' playboy. He has a different chick in his bed every

Still the darlings of Wall Street despite recent downturns, surfing's biggest brands have crossed the billion dollar threshold by thinking big and staying cool and that's a hell of a balancing act. I'm crazy, deranged, and psychotic. I'm out of my mind and my life isn't even mine half the time. Having Dissociative Identity Disorder, it's an accurate assumption. Born an MC brat, my only dream is to wear the colors of my father's club, The Shadow Keepers. To feel the weight of the warm leather press across my back, and to be a part of something with purpose. It wasn't until the last drop of blood dripped from my fingertips and the gun smoke faded into the night sky that I realized what was really important to me. Him. In a blink of an eye, I lost it all. I lost him. There's no such thing as a Free Ride in life, and our story is an example of that.

BORN TO RIDE, THE ONES INSIDE Some 'one percenters' have committed criminal acts, 100% crimes. Hells Angel Chris Hudson, stewing in steroid, booze and ice juices, was, in his girlfriend-victim's words, 'completely out of his mind, insane, just completely gone' when his handgun came out, after his fist and boot went in. A lot of crimes were committed on Father's Day 1984, one of the saddest days for outlaws, when Bandido met Comanchero in the car park of the Viking Tavern. What did happen when the Bandidos prez KK - Chaos was another name - was gunned down by two Rebels in the basement of the Blackmarket Café, under the Hellfire S&M club? A sniper in the desert near Kalgoorlie and a Gypsy Joker bomb team in Perth are not two stories, they're one bloody unfinished revenge story. Melbourne Hells Angels Roger, Peter, Ray and Terence - the Greenslopes Angels - took the amphetamine group of drugs from petty contraband into the black mass market. And changed Australia.

To protect his freedom, Jett's only option is to bring Sydney back to the clubhouse and make sure she doesn't squeal. For a city like no other comes a book like no other. The New York Chronology tells the epic story of how a remote trading outpost and fishing village grew into the "world's capital" as we know it today. In tens of thousands of chronological entries, James Trager marches year by year through both the defining and incidental moments in the city's history, from the arrival of Florentine navigator Giovanni da Verrazano in 1524 to the sad closing of Ratner's Delicatessen on the Lower East Side "after 97 years of serving blintzes, kasha, latkes, and matzoh brei." With impeccable scholarship, humor, and an astonishing level of detail, Trager's information-packed entries straddle 32 separate categories that define this great metropolis. Turn to any year and you'll get a vivid sense of what life was like for New Yorkers at that time -- the political and financial developments that shaped their lives; the books, magazines, and

newspapers they read; the restaurants, nightclubs, shows, and sporting events that entertained them; the fitful progress of their neighborhoods, schools, hospitals, public works, transportation systems, and so much more. Of course, New Yorkers themselves hold center stage, and The New York Chronology is loaded with eye-opening and colorful stories about its famous, infamous, and long-forgotten inhabitants. From society events and publicity stunts to scandals and murders, here are scores of offbeat tidbits that you simply won't find in a more conventional history. Handsomely illustrated with more than 130 photographs and drawings, it is an entertaining and essential book for New York lovers -- a homage as grand as the city itself.
