Going on the site he discovers that the site and its members appear to a goldmine for relevant material for his new project. One of the "Sugar Babies" he finds online is a very young and beautiful aspiring model, Caroline. She tells him she is 18 and a virgin, whose life has been obsessively guarded by her over protective mother. Caroline harbours some very dark fantasies that she says she needs to act out. At the same time a series of murders is taking place in the 5 Boroughs of NYC, 4 girls in 4 months have been murdered in a

grisly fashion. Will Caroline be number 5 ? The one common link for all the dead girls is that they have all been listed as Sugar Babies seeking an “Arrangement” on the Sugar Sugar site. Almost nothing is known about Louis Charles, whose abandoned handwritten manuscripts were found discovered by Sidewalk Labs in an ornate jewelry box. None of the five manuscripts were dated, but they appear to be late 19th or early 20th century. In the first of these newly discovered classics, a little boy named Aaron travels through a tree in a nonsense fantasy in the style of The Wizard of Oz, Alice in Wonderland, and The Phantom Tollbooth. His dreams and wonders take him through a magical land of creatures - Feathers, Shells, Fins, and others - as he seeks out the dread Magistrate, who seems to be the keeper of the land.

Business Law and the Regulation of Business

This book will focus on an introduction to business law for entrepreneurs. This book is a great very high level introduction to the law topics that are most important to entrepreneurs, including how to register a company, how to protect my family, patents, term sheets, dealing with investors and much more; the course assumes that the reader has no background in law! Most business books are significantly outdated. There are some incredibly engaging and entertaining video links in the book to YouTube and other sources; edutainment rocks! I tried to visualize the content of this book as much as possible as this is a more impactful and enjoyable way to learn (think Pinterest versus the tiny words in the Economist)! The contents of this book are all based on my work experience at several firms, including Goldman Sachs, the consulting industry at Accenture, a few companies I have started, the hedge fund industry where I worked at Citadel and most recently based on my experience at a prominent San Francisco based venture capital firm. I will also include helpful practical business concepts I

learned while I did an MBA at Columbia University and a Bachelor of Commerce degree at McGill University. Think of this book as a "greatest hits" accounting summary from my MBA, undergraduate business degree, work experience in consulting, equities, hedge funds, venture capital and starting my own companies. I have also included two bonus chapters on incredibly important business best practices and recent trends that many people often overlook in business. As the title of this book suggests, this is a great introduction to business law for entrepreneurs. I have minimized "boring theoretical concepts" in this book in order to keep it as close to reality as possible. I hope you enjoy it! In addition to teaching at 4 universities in the Bay Area, you can find other courses that I teach online at :www.tiny.cc/chris1 I hope you enjoy this book! I am a firm believer that 'edutainment' works best! Thanks a lot, Chris Haroun :)

This book is a compilation of my thoughts-- transformed into poems, quotes, and self notes. At the unseasoned age of 20, I can testify to life taking me through some expected changes and detours. There were many days that I couldn't speak, think, or even write clearly. Through silence, prayer, and this little writing outlet, I've learned so much. I've found inspiration in the most unexpected places. I've learned that it's okay to cry. It's okay to not know all the answers. It's okay to be you-- Unapologetically you. Sometimes, it's even okay to feel lost.. So long as you remember who you are. We're all destined for greatness and success. I pray this book opens minds, encourages smiles, and inspires creativity. Above all, I'm forever grateful to my Heavenly Father for his magnificent plan over my life.

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or

implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA

The original manuscript completed in 1992 that chronicles an attempt led by Oregon State provost Graham Spanier to fire a writing instructor for publishing a commentary on corruption at Oregon State University. The instructor, Barry Roberts Greer, a widely published writer, fought back for two years until both he was forced out of OSU and Spanier left to become the now disgraced former president of Pennsylvania State University. Strong parallels exist between Greer's experience at OSU and the experiences of the protagonist in "A New Life," Bernard Malamud's novel based on his own experience teaching at Oregon State.

Texaco recruited banking executive Bari-Ellen Roberts with promises of a professional challenge and advancement. But she and 1400 other African Americans faced a persistent pattern of racial discrimination so onerous that it wound up in a lawsuit-and ultimately in the largest discrimination settlement in U.S. History. This is the true story of how a giant corporation was challenged against all odds by one brave woman who was determined to stand her ground. Here, in Bari-Ellen Roberts' own words, is the fascinating, infuriating, and ultimately triumphant account of how she achieved an electrifying result that could change the face of corporate America, including the inside story of the notorious "Texaco Tapes," which recorded senior executives making racially-charged comments while they allegedly plotted the destruction of evidence. Here is a fresh and inspiring vantage point on what is unquestionably the major civil rights battleground of the twenty-first century: the workplace.
