"describes the skills and knowledge required to plan and conduct group activities."
-- back cover.

Professional Child and Youth Care

Professional Child and Youth Care provides a comprehensive analysis of the child and youth care field in Canada. The first edition, published in 1987, developed an inclusive model of the broad field of child and youth care, which has since been adapted by educators, practitioners, and researchers across North America. Now

this widely used text has been revised and expanded to include developments that have occurred in the field in the last decade. All the chapters have been updated, and two new chapters on rehabilitation and recreation have been added.

Support the Development of Children (CHC08 - CHC30712)

TAEDEL404

Chcage003

This unit describes the skills and knowledge required to work in partnership with older people and their carers to implement interventions in the context of an individualised plan to reduce risk.
