The Prom Queen

You have more information at hand about your business environment than ever before. But are you using it to “out-think” your rivals? If not, you may be missing out on a potent competitive tool. In *Competing on Analytics: The New Science of Winning*, Thomas H. Davenport and Jeanne G. Harris argue that the frontier for using data to make decisions has shifted dramatically. Certain high-performing enterprises are now building their competitive strategies around data-driven insights that in turn generate impressive business results. Their secret weapon? Analytics: sophisticated quantitative and statistical analysis and predictive modeling. Exemplars of analytics are using new tools to identify their most profitable customers and offer them the right price, to accelerate product innovation, to optimize supply chains, and to identify the true drivers of financial performance. A wealth of examples—from organizations as diverse as Amazon, Barclay’s, Capital One, Harrah’s, Procter & Gamble, Wachovia, and the Boston Red Sox—illuminate how to leverage the power of analytics.

Chain Letter

What the financial diaries of working-class families reveal about economic stresses, why they happen, and what policies might reduce them Deep within the American Dream lies the belief that hard work and steady saving will ensure a comfortable retirement and a better life for one's children. But in a nation experiencing unprecedented prosperity, even for many families who seem to be doing everything right, this ideal is still out of reach. In *The Financial Diaries*, Jonathan Morduch and Rachel Schneider draw on the groundbreaking U.S. *Financial Diaries*, which follow the lives of 235 low- and middle-income families as they navigate through a year. Through the Diaries, Morduch and Schneider challenge popular assumptions about how Americans earn, spend, borrow, and save—and they identify the true causes of distress and

inequality for many working Americans. We meet real people, ranging from a casino dealer to a street vendor to a tax preparer, who open up their lives and illustrate a world of financial uncertainty in which even limited financial success requires imaginative—and often costly—coping strategies. Morduch and Schneider detail what families are doing to help themselves and describe new policies and technologies that will improve stability for those who need it most. Combining hard facts with personal stories, *The Financial Diaries* presents an unparalleled inside look at the economic stresses of today's families and offers powerful, fresh ideas for solving them.

The Knife

In this long-awaited book, Timothy J. Lensmire examines the problems and promise of progressive literacy education. He does this by developing a series of striking metaphors in which, for example, he imagines the writing workshop as a carnival or popular festival and the teacher as a novelist who writes her student-characters into more and less desirable classroom stories. Grounded in Lensmire's own and others' work in schools, *Powerful Writing, Responsible Teaching* makes powerful use of Bakhtin's theories of language and writing and Dewey's vision of schooling and democracy. Lensmire's book is, at once, a defense, a criticism, and a reconstruction of progressive and critical literacy approaches.

Ulysses

When Jason Hansen's father taught him this principle, Jason had no idea that it would be essential for his family, especially Kennedy. Jason and Heather's daughter Kennedy was diagnosed with Batten disease, a terminal illness, but the story doesn't begin or end there. *Kennedy's Hugs* details the precious moments, miracles, and guidance that Kennedy and her family experienced throughout her life's journey.

Competing on Analytics

Fear Street -- where your worst nightmares live Chelsea is the typical shy girl. Always home on a Saturday night, she would give anything to have her first date. Finally, Chelsea's luck begins to change when two new guys move into town and both ask her out. Too bad that one of Chelsea's new boys has a terrible hobby -- murder. Now Chelsea may be looking for love, but he's looking for a new victim. *The Fear is Catching*.

The New Girl

An in-depth look at the ecology, history, and politics of land use among the Turkana pastoral people in Northern Kenya

Based on sixteen years of fieldwork among the pastoral Turkana people, McCabe examines how individuals use the land and make decisions about mobility, livestock, and the use of natural resources in an environment characterized by aridity, unpredictability, insecurity, and violence. The Turkana are one of the world's most mobile peoples, but understanding why and how they move is a complex task influenced by politics, violence, historical relations among ethnic groups, and the government, as well as by the arid land they call home. As one of the original members of the South Turkana Ecosystem Project, McCabe draws on a wealth of ecological data in his analysis. His long-standing relationship with four Turkana families personalizes his insights and conclusions, inviting readers into the lives of these individuals, their families, and the way they cope with their environment and political events in daily life. J. Terrence McCabe is Associate Professor of Anthropology, University of Colorado at Boulder.

The Cheater

A collection of important recent work on the counterfactual analysis of causation.

Murambi

The complete dating psychology guide for men! - This powerful book gives men the ability to completely captivate women on dates. Falter

FEAR STREET -- WHERE YOUR WORST NIGHTMARES LIVE Selena has it all. She just scored the lead in her high school play, and everyone adores her. So when she starts receiving dead flowers from a secret "admirer" named The Sun, she just assumes it's a harmless fan. But Selena soon realizes that The Sun is serious dead serious. First, her understudy is injured in a suspicious accident. Then, a speeding car almost kills her! Selena doesn't know what this psycho wants. All she knows is that her number-one fan has become her number-one nightmare.

One Day at Horrorland (Classic Goosebumps #5)

Realizing that he has become lost in a strange part of town, Skipper Matthews, a ravenous comic book collector who's favorite character is an evil super-villain, discovers a building just like the secret headquarters of his idol.

Best Friend

Under pressure to perform well on her math exam, Carter Phillips persuades math whiz Adam to take the test for her in exchange for one date, but one date is not enough for the dangerous young man.

The Surprise Party

Ashley is so jealous. Mary-Kate has a new maths tutor, and he's totally cute The problem is, Mary-Kate couldn't care less about cute. Her maths lessons are making her miss basketball practice - and that means she won't be able to play in the big game So the twins decide to switch places.

Phishing Exposed

Student volunteer Laurie Masters stumbles onto a ghastly secret at Shadyside Hospital--a secret that the nurses and doctors are willing to kill to cover up.

Causation and Counterfactuals

A novel about the 1994 slaughter of nearly a million Rwandans.

Attack of the Mutant (Goosebumps #25)

Describes stories of love and romance written for young adults, grouping titles by specific themes and subtopics and including genres such as fantasy, contemporary problem novels, and Christian and historical fiction.

State of Fear

From the New York Times bestselling author of NOS4A2 and Horns comes this e-short story—from Joe Hill’s award-winning collection 20th Century Ghosts. Imogene is young and beautiful. She kisses like a movie star and knows everything about every film ever made. She's also dead and waiting in the Rosebud Theater for Alec Sheldon one afternoon in 1945. . . . Arthur Roth is a lonely kid with big ideas and a gift for attracting abuse. It isn't easy to make friends when you're the only inflatable boy in town. . . . Francis is unhappy. Francis was human once, but that was then. Now he's an eight-foot-tall locust and everyone in Calliphora will tremble when they hear him sing. . . . John Finney is locked in a basement that's stained with the blood of half a dozen other murdered children. In the cellar with him is an antique telephone, long since disconnected, but which rings at night with calls from the dead. . . .

Women's Literary Collaboration, Queerness, and Late-Victorian Culture

Offers brief biographies, annotated listings of each author's works, and suggestions for additional reading

How to Flunk Your First Date

Fear Street -- Where Your Worst Nightmares Live After his girlfriend's gruesome death one year ago, Brady is finally ready to get on with his life. He's met Rosha and he's fallen hard. But he's also fallen into trouble. Terrible accidents seem to happen whenever Rosha's around. And a strange figure with a scarred face is following Brady everywhere he goes. Is Rosha really Brady's dream girl? Or has she brought his worst nightmare back to life? The Fear is Catching.

T. S. Eliot, Anti-Semitism, and Literary Form

"This book is a collection of eleven essays devoted to the work of Ramon del Valle-Inclan (1866-1936). Long the recipient of critical analyses from various perspectives, Valle-Inclan's writing has nevertheless been virtually neglected in the gender-based criticism that has given rise to important studies of his contemporaries in other European literatures. This means that his diverse female characters have not been fully examined, that many scholars continue to consider him an unqualified misogynist, and that a marked effort to surmount gender constraints, present throughout his work, has not been acknowledged, much less explicated. This lack of study is intimately related to a much broader lacuna in Hispanic literature and scholarship, for the working of gender norms and their interaction with economic, religious, and political institutions inscribed in the literature of turn-of-the-century Spain have only recently begun to receive detailed study." "The essays in this volume identify, explore, and interrogate issues of gender with respect to Valle-Inclan's writing. The results offer an altered portrait of Valle-Inclan in which attitudes attributed to him are questioned and reevaluated. In particular, studies of several strong female characters indicate that he envisioned a far more complex role for women than has formerly been

recognized." "Three previously published essays were chosen to provide a grounding in work on gender and Valle-Inclan. The remaining essays were written for this volume. As an orientation for the reader and in order to assure that the collection will be of use and interest to non-Hispanists as well as specialized readers, an introduction to the collection defines the intentions of the editors, discusses the essays with respect to current criticism, and places Valle-Inclan and his writing in turn-of-the-century Spanish history and aesthetics. As a whole, the collection reads as far more than the sum of its individual essays, prompting a fuller appreciation of both Valle-Inclan and the social and cultural system to which he belongs."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Perfect Date

Phishing Exposed unveils the techniques phishers employ that enable them to successfully commit fraudulent acts against the global financial industry. Also highlights the motivation, psychology and legal aspects encircling this deceptive art of exploitation. The External Threat Assessment Team will outline innovative forensic techniques employed in order to unveil the identities of these organized individuals, and does not hesitate to remain candid about the legal complications that make prevention and apprehension so difficult today. This title provides an in-depth, high-tech view from both sides of the playing field, and is a real eye-opener for the average internet user, the advanced security engineer, on up through the senior executive management of a financial institution. This is the book to provide the intelligence necessary to stay one step ahead of the enemy, and to successfully employ a pro-active and confident strategy against the evolving attacks against e-commerce and its customers. * Unveils the techniques phishers employ that enable them to successfully commit fraudulent acts * Offers an in-depth, high-tech view from both sides of the playing field to this current epidemic * Stay one step ahead of the enemy with all the latest information

FDR

Cloud physics has achieved such a voluminous literature over the past few decades that a significant quantitative study of the entire field would prove unwieldy. This book concentrates on one major aspect: cloud microphysics, which involves the processes that lead to the formation of individual cloud and precipitation particles. Common practice has shown that one may distinguish among the following additional major aspects: cloud dynamics, which is concerned with the physics responsible for the macroscopic features of clouds; cloud electricity, which deals with the electrical structure of clouds and the electrification processes of cloud and precipitation particles; and cloud optics and radar meteorology, which describe the effects of electromagnetic waves interacting with clouds and precipitation. Another field intimately related to cloud physics is atmospheric chemistry, which involves the chemical composition of the atmosphere and the life cycle and characteristics of its gaseous and particulate constituents. In view of the natural interdependence of the various aspects of cloud physics, the subject of microphysics cannot be discussed very meaningfully out of context. Therefore, we have found it necessary to touch briefly upon a few simple and basic concepts of cloud dynamics and thermodynamics, and to provide an account of the major characteristics of atmospheric aerosol particles. We have also included a separate chapter on some of the effects of electric fields and charges on the precipitation-forming processes.

Microphysics of Clouds and Precipitation

Two favorite thrillers from #1 New York Times bestselling author Christopher Pike are now available in one bone-chilling collection. When Alison first got the chain letter signed "Your Caretaker," she thought it was a sick joke. But then it became clear that someone, somewhere knows about that awful night when she and six friends committed an unthinkable crime. And now that person is determined to make them pay. One by the one, the chain letter comes to each of them, demanding dangerous, impossible deeds. No one wants to believe that this nightmare is really happening, but then the accidents start. And the deaths. Finding the truth behind the stalker's identity seems to be the only option, but even that might not be enough. The Caretaker has a prodigy who is even more frightening than the first, and this time he wants more than retribution. He's out for blood.

Revelation

Paradise Lost is an epic poem in twelve books, in English heroic verse without rhyme, by John Milton (C. P. P.) and was published in 1667. The subject is the fall of man, and the expulsion from Paradise.

Secret Admirer

First Date Tips for Men

When an old friend returns to town, Meg plans a party to bring the old gang back together, but someone—or something—will do anything to keep it from happening in this chilling tale from Goosebumps author R.L. Stine. A year ago, Meg Dalton's group of friends fractured. Evan died in the Fear Street woods. Ellen moved away. The ones that stayed behind changed. And Meg felt as if she'd lost her best friends. Lately, even her boyfriend Tony has been acting moody and strange. But things may finally be looking up. Ellen is coming to visit! And what better way to bring old friends together than with a surprise party for her arrival? That's when the terror begins—the phone calls, the threats, the acts of violence. “Cancel the party—or else,” whispers the voice on the phone. Meg is terrified. Who would do so many terrible things to stop her party? To find out, she'll have to venture into the dark Fear Street woods that took Evan's life last year.

How Students (mis-) Understand Science and Mathematics

Presents a multi-faceted study of the complex American president, detailing his diverse roles as commander-in-chief, leader of a social revolution, and statesman, and exploring his personal life and the physical disabilities that he hid from the general public.

Kennedy's Hugs

Thirty years ago Bill McKibben offered one of the earliest warnings about climate change. Now he broadens the warning: the entire human game, he suggests, has begun to play itself out. Bill McKibben's groundbreaking book *The End of Nature* -- issued in dozens of languages and long regarded as a classic -- was the first book to alert us to global warming. But the danger is broader than that: even as climate change shrinks the space where our civilization can exist, new technologies like artificial intelligence and robotics threaten to bleach away the variety of human experience. Falter tells the story of these converging trends and of the ideological fervor that keeps us from bringing them under control. And then, drawing on McKibben's experience in building 350.org, the first truly global citizens movement to combat climate change, it offers some possible ways out of the trap. We're at a bleak moment in human history -- and we'll either confront that bleakness or

watch the civilization our forebears built slip away. Falter is a powerful and sobering call to arms, to save not only our planet but also our humanity.

Cattle Bring Us to Our Enemies

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

First Date

FEAR STREET -- WHERE YOUR WORST NIGHTMARES LIVE The new girl is as pale as a ghost, blond, and eerily beautiful -- and she seems to need him as much as he wants her. Cory Brooks hungers for Anna Corwin's kisses, drowns in her light blue eyes. He can't get her out of his mind. He has been losing sleep, ditching his friends and everyone has noticed. Then as suddenly as she came to Shadyside High, Anna disappears. To find a cure for his obsession, Cory must go to Anna's house on Fear Street -- no matter what the consequences. Anna may be the love of his life but finding out her secret might mean his death.

The 13th Floor

As she explores the collaborations of Vernon Lee (Violet Paget) and Kit Anstruther-Thomson; Somerville and Ross (Edith Somerville and Violet Martin); Elizabeth Robins and Florence Bell; and Katharine Bradley and Edith Cooper (the pseudonymous Michael Field), Jill R. Ehnenn offers a timely interrogation into the different histories and functions of women's literary partnerships. Her book will be a valuable resource for scholars of Victorian culture, women's and gender studies, and collaborative writing.

The Financial Diaries

New York Times bestselling author Michael Crichton delivers another action-packed techno-thriller in State of Fear. When a group of eco-terrorists engage in a global conspiracy to generate weather-related natural disasters, it's up to environmental lawyer Peter Evans and his team to uncover the subterfuge. From Tokyo to Los Angeles, from Antarctica to the Solomon Islands, Michael Crichton mixes cutting edge science and action-packed adventure, leading readers on an edge-of-your-seat ride while offering up a thought-provoking commentary on the issue of global warming. A deftly-crafted novel, in true

Crichton style, State of Fear is an exciting, stunning tale that not only entertains and educates, but will make you think.

Goosebumps: The Ghost Next Door

If you were black in America at the start of the Revolutionary War, which side would you want to win? When the last British governor of Virginia declared that any rebel-owned slave who escaped and served the king would be emancipated, tens of thousands of slaves fled from farms, plantations, and cities to try to reach the British camp. A military strategy originally designed to break the plantations of the American South had unleashed one of the great exoduses in U.S. history. With powerfully vivid storytelling, Schama details the odyssey of the escaped blacks through the fires of war and the terror of potential recapture, shedding light on an extraordinary, little-known chapter in the dark saga of American slavery.

The 100 Most Popular Young Adult Authors

"I hold this book to be the most important expression which the present age has found; it is a book to which we are all indebted, and from which none of us can escape." T.S. Eliot Ulysses depicts a day in Leopold Bloom's life, broken into episodes analogous to Homer's Odyssey and related in rich, varied styles. Joyce's novel is celebrated for its depth of learning, earthy humor, literary allusions and piercing insight into the human heart. First published in Paris in 1922 Ulysses was not published in the United States until 1934. Immediately recognized as an extraordinary work that both echoed the history of English literature and took it in new, unheralded directions, Joyce's book was controversial. Its widespread release was initially slowed by censors nitpicking a few passages. The novel is challenging, in that it is an uncommon reader who will perceive all that Joyce has put into his pages upon first reading, but it is uniquely rewarding for anyone willing to follow where the author leads. Far more than a learned exercise in literary skill, Ulysses displays a sense of humor that ranges from delicate to roguish as well as sequences of striking beauty and emotion. Chief among the latter must be the novel's climactic stream of consciousness step into the mind of the protagonist's wife, Molly Bloom, whose open-hearted acceptance of life and love is among the most memorable and moving passages in English literature. With an eye-catching new cover, and professionally typeset manuscript, this edition of Ulysses is both modern and readable.

Ramón María Del Valle-Inclán

Julius's critically acclaimed study (looking both at the detail of Eliot's deployment of anti-Semitic discourse and at the role it played in his greater literary undertaking) has provoked a reassessment of Eliot's work among poets, scholars, critics and readers, which will invigorate debate for some time to come.

The Surprise Party

A year after Evan was shot and his girlfriend Ellen moved away, Meg plans a surprise party for Ellen's return, but she is threatened by someone who does not want the party to happen.

The Rich Girl

Fear Street -- Where Your Worst Nightmares Live Emma and her best friend Sydney always share their secrets. And now they have a big one: They found a duffel bag filled with cash and swore never to tell anyone. But Sydney broke her promise -- she told her boyfriend, Jason. Now Emma is terrified. She doesn't trust Jason. She knows he would do anything to get the money for himself. Even if it means killing someone who gets in his way

Rocked by Romance

Sam Wentworth is not sure about his new friends. On his first day at a new school, Sam is surprised to fall in with the popular crowd it's all because he plays the same online video game as some of the football players. Still, he's bothered by the way they bully other gamers. When they get their hands on a pirated copy of The 13th Floor, a game banned for violence and gore, Sam and his new friends find the game so hypnotic that they can't stop playing, even after bad things start happening to them.

Rough Crossings

As the Shadyside High School prom queen candidates are brutally murdered one by one, leaving only one, everyone speculates as to whether she will be the killer's next victim. Original.

Dead-Wood
