THE NEW NOVEL FROM THE SUNDAY TIMES TOP FIVE, MILLION-COPY BESTSELLING AUTHOR - be swept away by the Deverill Chronicles. It is 1939 and peace has flourished since the Great War ended. But much has changed for the Deverill family and now a new generation is waiting in the wings. Martha Wallace came to Dublin from her home in America to find her birth mother. But instead she has lost her heart to the impossibly charming JP Deverill. Then she discovers that her mother comes from the same place as JP, and her fate seems sealed. Bridie Doyle, now Countess di Marcantonio and mistress of Castle Deverill, is determined to make the castle she used to work in her home. But her flamboyant husband Cesare has other ideas. And as his eye strays away from his wife, those close to the couple start to wonder if he really is who he says he is. Kitty Deverill has come to terms with her life with her husband Robert, and their two children. But then Jack O'Leary, the love of her life, returns to Ballinakelly. And this

time his heart belongs elsewhere... This summer discover the dramatic conclusion to the bestselling Deverill Chronicles. ***What readers are saying about Santa Montefiore*** 'Nobody does epic romance like Santa Montefiore. Everything she writes, she writes from the heart' Jojo Moyes 'I have a tendresse for sweeping and epic romantic sagas set around huge houses and aristocratic families and Santa Montefiore hits the spot for me like few other writers Lush, vivid storytelling' Sarra Manning 'An ideal summer read. Sink your teeth into Sienna Mercer's second super-girlly vampire story for girls. Olivia is a vegetarian. Ivy is a vampire. And they're twins?!? Ever since Olivia discovered that her long-lost twin sister, Ivy, is a vampire, she's been soaking up everything Ivy will tell her about Franklin Grove's vampire community. It's all top secret, and Olivia's sworn that she'll never tell another soul. But now, nosy tabloid reporter Serena Star is sniffing around like a bloodhound. As she gets closer and closer to the truth, it's up to Ivy and Olivia to throw her off the scent. This is one fangtastic news

story that can't see the light of day! These kinds of situations only happen in *My Sister the Vampire*. A vampire book for girls who want to read about young love and innocent paranormal romance.

The U-BOAT HUNTERS

Perfect for the holiday where sitting down to decorate is a beloved ritual comes a new addition to the bestselling series with over 1 million copies in print. Packed with 400 full-color Easter- and spring-themed stickers, *EyeLike Stickers: Easter* belongs in every Easter basket and every crafter's stash. The high-quality, photographic images are amazingly lifelike in color and detail. The durable, reusable stickers are designed to be stuck on and peeled off over and over again without losing adhesive. Fuzzy chicks and bouncy bunnies. Jelly beans, springtime flowers, pretty painted eggs, and wobbly-legged lambs. Use them to decorate notebooks, cards, scrapbooks, crafts, party invitations or create a lively scene on the book's inside covers—which double as a glossy illustrated background. Then change it up when the mood strikes.

Management: A Global, Innovative and Entrepreneurial Perspective (15th Edition)

This book takes a fresh, student-oriented approach to teaching the material covered in the senior- and first-year graduate-level matrix structural analysis course. Unlike traditional texts for this course that are difficult

to read, Kassimali takes special care to provide understandable and exceptionally clear explanations of concepts, step-by-step procedures for analysis, flowcharts, and interesting and modern examples, producing a technically and mathematically accurate presentation of the subject. State-of-the-art numerical methods for solving complex engineering problems Great strides in computer technology have been made in the years since the popular first edition of this book was published. Several excellent software packages now help engineers solve complex problems. Making the most of these programs requires a working knowledge of the numerical methods on which the programs are based. Numerical Methods for Engineering Application provides that knowledge. While it avoids intense mathematical detail, Numerical Methods for Engineering Application supplies more in-depth explanations of methods than found in the typical engineer's numerical "cookbook." It offers complete coverage of most commonly encountered algebraic, interpolation, and integration problems. Ordinary differential equations are examined in great detail, as are three common types of partial differential equations--parabolic, elliptic, and hyperbolic. The author also explores a wide range of methods for solving initial and boundary value problems. This

complete guide to numerical methods for solving engineering problems on computers provides: *

- Practical advice on how to select the best method for a given problem
- Valuable insights into how each method works and why it is the best choice
- Complete algorithms and source code for all programs covered
- Code from the book and problem-solving programs designed by the author available from the author's website

Numerical Methods for Engineering Application is a valuable working resource for engineers and applied physicists. It also serves as an excellent upper-level text for physics and engineering students in courses on modern numerical methods.

The Effective Presentation

Become an informed, passionate citizen who demands honesty and integrity from our leaders or

suffer the consequences of our own ignorance and apathy. In this updated and expanded New York Times bestselling nonpartisan book, Andy Andrews urges you to believe that seeking and discerning the truth really, really matters and that believing lies is the most dangerous thing you can do. You'll be challenged to become a more "careful student" of the past, seeking accurate, factual accounts of events and decisions that illuminate choices you face now. By considering how the Nazi German regime was able to carry out over eleven million institutional killings between 1933 and 1945, Andrews advocates for an informed population that demands honesty and integrity from its leaders and from each other. He includes several key documents written by our Founding Fathers as examples of America's core principles that present and future leadership should live up to and embrace. We can no longer measure a leader's worth by the yardsticks provided by the left or the right. Instead, we must use an unchanging standard: the pure, unvarnished truth.

Sink your teeth into Sienna Mercer's third super-girly vampire story for girls. The secret is out - cheerleader Olivia and vampire Ivy are twins! Now that Ivy and Olivia have told their friends that they're twins, they have to come clean to their adoptive parents. But Ivy's dad doesn't even want to meet Olivia! When the vampire officials realise Olivia knows the truth about vampires, they demand that she pass three tests to prove she can be trusted. But these aren't any old

tests - they will really get the blood pumping. Yikes! One thing's for sure - if the sisters can get through this, they can get through anything! These kinds of situations only happen in *My Sister the Vampire*. A vampire book for girls who want to read about young love and innocent paranormal romance.

Two of the nation's most successful corporate leadership consultants now reveal their proven, systematic program for using the power of "high-integrity" politics to achieve career success, maximize team impact, and protect the company's reputation and bottom line. Each day in business, a corporate version of "survival of the fittest" is played out. Power plays, turf battles, deceptions, and sabotages block individuals' career progress and threaten companies' resources and results. In *Survival of the Savvy*, Rick Brandon and Marty Seldman provide ethical but street-smart strategies for navigating corporate politics to gain "impact with integrity," helping readers to:

- Identify political styles at work through the Style Strengths Finder, and avoid being under or overly political
- Discover the corporate "buzz" on you, and manage the corporate "airwaves"
- Decipher unwritten company rules and protect yourself from sabotage and hidden agendas
- Build key networks to promote yourself and your ideas with integrity
- Learn to detect deception and filter misleading information
- Increase

your team's organizational savvy, influence, and impact -Gauge the political health of the company and forge a high-integrity political culture In addition, Survival of the Savvy helps individuals discover and overcome their own political blind spots and vulnerabilities. They learn step-by-step methods to avoid being underestimated or denied full recognition for their achievements. It shows them how to put forward their ideas and advance their careers in an ethical manner, with a high level of political awareness and skill. After reading this book, you will never have to say, "I didn't see it coming." Organizational savvy is a mission-critical competency for the complete leader. This timely and timeless book provides cutting-edge strategies and skills for surviving and thriving as you build individual and company success.
