Twins

The Conservative Case for Class Actions

Presents a wealth of strategies for motivating children to assist with housekeeping responsibilities, suggesting such methods as the creation of a family calendar, planning busy night menus, and creating personalized storage spaces. Original. 40,000 first printing.

Precious Cargo

Never Touch a Shark!

Moody's Industrial Manual

Winner of a Lowell Thomas Award from the Society of American Travel Writers Foundation, the Gold Prize from the North

American Travel Journalists Association, and a Silver in the National Parenting Publications Awards competition for parenting Resources. Travels with Baby, by celebrated family travel author and blogger Shelly Rivoli, helps parents plan every trip they'll take with their child from birth through 4 years. In addition to the major modes of transport covered in great detail--air travel (50 pgs.), travels by automobile (40 pgs.), cruise vacations (31 pgs.), rail travel (53 pgs. Including USA, Canada & Europe)--this "Ultimate Guide" also includes advice for traveling with children of different temperaments, health and safety considerations, suggestions for where to travel when during a child's first years, packing lists and travel-friendly baby gear recommendations, and more. As the Society for American Travel Writers Foundation declared, this guide is "a must have even for families who only travel occasionally."

This is the only book you need to make the most of your money.

Product Safety & Liability Reporter

Guide to Baby Products

Precious Cargo is a term safety advocates use to describe helpless children who are at risk when riding in automobiles.

These fragile passengers are dependent upon parents and caregivers to protect them and ensure their wellbeing. Motor vehicle crashes claim thousands of child fatalities and debilitating injuries every year. Unrestrained children are at the greatest risk of death and serious injury. Use of Child Restraint Systems is essential to protect your loved ones. The author reviews the historical basis of child car seats and the evolution of child safety restraints to date. Child restraint systems have a proven record of saving the lives of numerous children, and reducing serious injury of thousands of others. However, it has been a rocky road. Current child seats are effective when used correctly but misuse; confusion, and product recalls have tainted the industry. Progress toward advancing child safety has stalled; with little progress over the past 40 years. Obsolete and ineffective testing methodology needs to be corrected to advance the state-of-art. The Car companies are not involved in child restraint design, crash testing or vehicle installation problems. The National Highway Traffic safety Administration (NHTSA) oversight has been negligent and ineffective in advancing child safety technology. Cooperation between car companies, child seat manufacturers, NHTSA, and concerned safety advocates as the way-forward to advancing child safety is presented.

Caring for Your Baby and Young Child

Since the 1960s, the class action lawsuit has been a powerful tool for holding businesses accountable. Yet years of attacks by corporate America and unfavorable rulings by the Supreme Court have left its future uncertain. In this book, Brian T. Fitzpatrick makes the case for the importance of class action litigation from a surprising political perspective: an unabashedly conservative point of view. Conservatives have opposed class actions in recent years, but Fitzpatrick argues that they should see such litigation not as a danger to the economy, but as a form of private enforcement of the law. He starts from the premise that all of us, conservatives and libertarians included, believe that markets need at least some rules to thrive, from laws that enforce contracts to laws that prevent companies from committing fraud. He also reminds us that conservatives consider the private sector to be superior to the government in most areas. And the relatively little-discussed intersection of those two beliefs is where the benefits of class action lawsuits become clear: when corporations commit misdeeds, class action lawsuits enlist the private sector to intervene, resulting in a smaller role for the government, lower taxes, and, ultimately, more effective solutions. Offering a novel argument that will surprise partisans on all sides, *The Conservative Case for Class Actions* is sure to breathe new life into this long-running debate.

Michigan Child Care Matters

Provides advice for expectant mothers on how to establish and live on a budget, buy the most cost effective supplies, including second-hand materials, and safely and economically provide food, diapers, clothing, toys, and other needs.

Secondhand

The single greatest lesson parents teach their kids isn't anything they say--it's what they do. And while most parents would say they want to raise compassionate kids, they might be surprised to discover just how little they're actually modeling the behaviors they hope to pass on--qualities such as unconditional love, gentleness, forgiveness, patience, gratitude, humility, and more. In this unique book, Sami Cone shows parents a new way to look at molding their children, one in which focusing on adding good behaviors and attitudes is more powerful than eliminating bad ones. Grounding her advice in Scripture--specifically the twelve characteristics found in Colossians 3:12-17--Cone offers plenty of stories from her own life to show these principles in action. And she offers practical things parents can do right now to create a home and family that exhibits love, harmony, and generosity of spirit in a self-centered world.

The Mama Natural Week-by-Week Guide to Pregnancy and Childbirth

The founder of the Twiniversity website offers a complete guide to expectant mothers for surviving the birth of twins, including how to breastfeed for two, sticking to a single sleeping schedule and provides a list of the most essential baby items. Original. 40,000 first printing.

Consumer Reports

The essential guide to getting the best baby products at the best price, with information on cribs and mattresses, child safety seats, strollers, and more. Charts and Index.

C++ Guide

Just a Spoonful of Laughter Helps the Medicine Go Down

"Mama Natural's Week to Week Guide to Pregnancy is the modern (and yet ancient) approach to pregnancy and childbirth.

"Natural" recognizes that pregnancy and birth are normal, and that having a baby is a wondrous biological process and rite of passage--not a medical condition. This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well as the appropriate (and inappropriate) use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family"--

Mergent Industrial Manual

"Revelatory, terrifying, but, ultimately, hopeful." -Elizabeth Kolbert, Pulitzer Prize-winning author of THE SIXTH EXTINCTION
From the author of Junkyard Planet, a journey into the surprising afterlives of our former possessions. Downsizing. Decluttering. Discarding. Sooner or later, all of us are faced with things we no longer need or want. But when we drop our old clothes and other items off at a local donation center, where do they go? Sometimes across the country-or even halfway across the world-to people and places who find value in what we leave behind. In Secondhand, journalist Adam Minter takes us on an unexpected adventure into the often-hidden, multibillion-dollar industry of reuse: thrift stores in the American Southwest to vintage shops in Tokyo, flea markets in Southeast Asia to used-goods enterprises in Ghana, and more. Along the way, Minter meets the fascinating people who handle-and profit from-our rising tide of discarded stuff, and asks a pressing question: In a world that craves shiny and new, is there room for it all? Secondhand offers hopeful answers and hard truths. A history of the stuff we've used and a contemplation of why we keep buying more, it also reveals the marketing practices, design failures, and racial prejudices that push used items into landfills instead of new homes. Secondhand shows us that it doesn't have to be this way, and what really needs to change to build a sustainable future free of excess stuff.

What to Do When You're Having Two

Just a Spoon Full of Laughter is a great read for anyone that's been to a doctor's office and made it out alive. Written by an actual physician, it will keep you in stitches (no pun intended) from one story to the next. See for yourself what could be so funny about the physician office visit. Whether it's recalling his first sigmoidoscopy or performing an autopsy, you'll keep this riveting series of short humorous stories right there in the bathroom for pleasurable reading. You may even find yourself somewhere between the pages. From an author who will never be a New York Times Best Seller, it's a great book for young or old, male or female, professional or not. It's especially ideal for that person in your life who has everything except a sense of humor. It's ideal as a stocking stuffer, white elephant gift or for future yard sales. "The funniest book I ever read." Says Dr. Zhivago "Yes! Yes! Yes!" Says Dr. No

Travels with Baby

An updated version of the illustrated guide, published under the auspices of the American Academy of Pediatrics, guides parents through all the phases of caring for infants and young children, from stimulating brain development and breastfeeding to dealing with the high-tech world of computers and threat of terrorism. Mrs. Clean Jean's Housekeeping with Kids

Announcing the prequel! From Heidi Murkoff, author of the world's bestselling pregnancy and parenting books, comes the must-have guide every expectant couple needs before they even conceive - the first step in What to Expect: What to Expect Before You're Expecting. Medical groups now recommend that all hopeful parents plan for baby-making at least three months before they begin trying. And who better to guide want-to-be mums and dads step-by-step through the preconception (and conception) process than Heidi Murkoff? It's all here. Everything couples need to know before sperm and egg meet. Packed with the same kind of reassuring, empathic and practical information and advice that readers have come to expect from What to Expect, only sooner. Which baby-friendly foods to order up (say yes to yams) and which fertility-busters to avoid (see you later, saturated fat); lifestyle adjustments that you'll want to make (cut back on cocktails and caffeine) and those you can probably skip (that switch to boxer shorts). How to pinpoint ovulation, keep on-demand sex sexy, and separate conception fact from myth. Plus, when to seek help and the latest on fertility treatments - from IVF to surrogacy and more. Complete with a fill-in fertility journal to keep track of the baby-making adventure and special tips throughout for hopeful dads. Next step? What to Expect When You're Expecting, of course.

Parents

Jamie Glowacki—potty-training expert, Pied Piper of Poop, and author of the popular guide, *Oh Crap! Potty Training*—shares her proven 6-step plan to help you toilet train your preschooler quickly and successfully. Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it's done. Her 6-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here's the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20–30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie's got you covered even if it takes a little longer). If you've ever said to yourself: ** How do I know if my kid is ready? ** Why won't my child poop in the potty? ** How do I avoid "potty power struggles"? ** How can I get their daycare provider on board? ** My kid was doing so well—why is he regressing? ** And what about nighttime?! *Oh Crap! Potty Training* can solve all of these (and other) common issues. This isn't theory, you're not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the ANSWERS you need to do it once and be done with diapers for good.

Dad's Guide to Twins

The Itsy Bitsy Bunny

From one of the nation's most trusted experts on children's bedtime and nap time comes a new guide for sleep-training twins so that everybody (including Mom and Dad) will be rested and happy! As parents of twins and multiples know, double the fun can be double the sleep deprivation. Now, in *Healthy Sleep Habits, Happy Twins*, beloved pediatrician and renowned sleep authority Dr. Marc Weissbluth combines specialized advice for parents of twins with his tried-and-true sleep-training methods to show exhausted moms and dads how to get their babies to sleep on their own, stay asleep, and sleep regularly. This essential step-by-step guide to establishing good sleep patterns reveals how to build healthy habits in twins' natural slumber cycles, including

- how healthy sleep differs from "junk" sleep, plus a helpful tutorial on the techniques of sleep training for new parents
- the five ingredients of healthy sleep, and why daytime sleep is different from nighttime sleep but equally important to good health
- why it's crucial for babies to master the ability to fall asleep unassisted, without protest or crying, and how to help them do so
- essential tips for synchronizing your twins' sleep schedules, plus information about how twins sleep best—when to keep them together, and when it's time to separate them
- how to recognize early drowsy cues in your babies so you can catch the sleep wave before it turns into nervous energy that will keep them awake

Sleep-training twins presents a unique set of challenges. This invaluable guide will not only get your babies to sleep through the night but help you stay healthy and rested so you can enjoy the many blessings of having more than one! From the Trade Paperback edition.
