#### **Their Lusty Little Valentine [The Lusty, Texas Collection]**

A young man's life and character are examined through a series of interconnected stories about the residents of the small town of Winesburg, Ohio. Through his childhood, to his coming of age, to his decision to leave the town in which he was born, George Willard finds his life indelibly marked by the shared experiences of his friends and neighbours. Believed to be based on author Sherwood Anderson's own experiences growing up in a small town, Winesburg, Ohio is today recognized as one of the first works of modernist literature. Be it mystery, romance, drama, comedy, politics, or history, great literature stands the test of time. ClassicJoe proudly brings literary classics to today's digital readers, connecting those who love to read with authors whose work continues to get people talking. #### **Operation Ginger Avenger [Divine Creek Ranch 24]**

In December 1995, Jean-Dominique Bauby, the 43-year-old editor of French Elle, suffered a massive stroke that left him permanently paralyzed, a victim of "locked in syndrome." Once known for his gregariousness and wit, Bauby now finds himself imprisoned in an inert body, able to communicate only by blinking his left eye. The miracle is that in doing so he was able to compose this stunningly eloquent memoir. In a voice that is by turns wistful and mischievous, angry and sardonic, Bauby gives us a celebration of the liberating power of consciousness: what it is like to spend a day with his children, to imagine lying in bed beside his wife, to

conjure up the flavor of delectable meals even as he is fed through a tube. Most of all, this triumphant book lets us witness an indomitable spirit and share in the pure joy of its own survival.

## **Love Under Two Cowboys**

Are these omens of the end times, or just nerds getting up to stupid hijinks? Por que no los dos! Neoreaction a Basilisk is a savage journey into the black heart of our present eschaton. We're all going to die, and probably horribly. But at least we can laugh at how completely ridiculous it is to be killed by a bunch of frog-worshipping manchildren. Featuring essays on: \* Tentacled computer gods at the end of the universe \* Deranged internet trolls who believe women playing video games will end western civilization \* The black mass in which the President of the United States sacrificed his name \* Fringe economists who believe it's immoral for the government to prevent an asteroid from hitting the Earth \* The cabal of lizard people who run the world \* How to become a monster that haunts the future \* Why infusing the blood of teenagers for eternal youth is bad and stupid

Available electronically in an open-access, full-text edition from the Texas A&M University Libraries' Digital Repository at <http://hdl.handle.net/1969.1/146844>. Frank N. McMillan Jr., a country boy steeped in the traditional culture of rural Texas, was summoned to a life-long quest for meaning by a dream lion he met in the night. On his journey, he followed the lead of the founder of analytical psychology, Carl Jung, and eventually established the world's first professorship to advance the study of that field. McMillan, born and raised on a ranch near Calvert, was an Aggie through and through, with degrees in geology and petroleum engineering. As an adult working near Bay City, Texas, he was lunching in a country café when by chance he met abstract expressionist painter Forrest Bess, who was ecstatically waving a letter he had received from Jung himself. The artist's enthusiastic description of Jung as a master psychologist, soul doctor, and healer led McMillan to the Jung Center in Houston, where he began reading Jung's Collected Works. McMillan frequently said, "Jung saved my life." Finding Jung: Frank N. McMillan Jr., a Life in Quest of the Lion captures McMillan's journey through the words of his own journals and through reflections by his son, Frank III. David Rosen, the holder of the first endowed McMillan professorship at Texas A&M University, adds insights to the book, and the late Sir Laurens van der Post, whom the elder McMillan met at the Houston Jung Center in 1979, authored a foreword to the book before his death. This is a story that sheds light on the inner workings of the self as well as the Jungian understanding of the Self. In often lyrical language, it gives the human background to a major undertaking in the dissemination of Jungian scholarship and provides a personal account of a life lived in near-mythic dimensions.

Existing textbooks on international relations treat history in a cursory fashion and

perpetuate a Euro-centric perspective. This textbook pioneers a new approach by historicizing the material traditionally taught in International Relations courses, and by explicitly focusing on non-European cases, debates and issues. The volume is divided into three parts. The first part focuses on the international systems that traditionally existed in Europe, East Asia, pre-Columbian Central and South America, Africa and Polynesia. The second part discusses the ways in which these international systems were brought into contact with each other through the agency of Mongols in Central Asia, Arabs in the Mediterranean and the Indian Ocean, Indic and Sinic societies in South East Asia, and the Europeans through their travels and colonial expansion. The concluding section concerns contemporary issues: the processes of decolonization, neo-colonialism and globalization – and their consequences on contemporary society. History of International Relations provides a unique textbook for undergraduate and graduate students of international relations, and anybody interested in international relations theory, history, and contemporary politics.

Winner of the 2016 Pulitzer Prize for Fiction Winner of the 2016 Edgar Award for Best First Novel Winner of the 2016 Andrew Carnegie Medal for Excellence in Fiction “[A] remarkable debut novel . . . [Nguyen] brings a distinctive perspective to the war and its aftermath. His book fills a void in the literature, giving voice to the previously voiceless . . . The nameless protagonist-narrator, a memorable character despite his anonymity, is an Americanized Vietnamese with a divided heart and mind. Nguyen’s skill in portraying this sort of ambivalent personality compares favorably with masters like Conrad, Greene, and le Carré. . . . Both thriller and social satire. . . . In its final chapters, *The Sympathizer* becomes an absurdist tour de force that might have been written by a Kafka or Genet.”—Philip Caputo, *New York Times Book Review* (cover review) The winner of the 2016 Pulitzer Prize for Fiction, as well as seven other awards, *The Sympathizer* is the breakthrough novel of the year. With the pace and suspense of a thriller and prose that has been compared to Graham Greene and Saul Bellow, *The Sympathizer* is a sweeping epic of love and betrayal. The narrator, a communist double agent, is a “man of two minds,” a half-French, half-Vietnamese army captain who arranges to come to America after the Fall of Saigon, and while building a new life with other Vietnamese refugees in Los Angeles is secretly reporting back to his communist superiors in Vietnam. *The Sympathizer* is a blistering exploration of identity and America, a gripping espionage novel, and a powerful story of love and friendship.

## **Maizy the Bear Charmer [Divine Creek Ranch 16] (Siren Publishing Menage Everlasting)**

These eight new stories from the celebrated novelist and short-story writer Nathan Englander display a gifted young author grappling with the great questions of modern life, with a command of language and the imagination that place Englander at the very forefront of contemporary American fiction. The title story, inspired by Raymond Carver's masterpiece, is a provocative portrait of two marriages in which the Holocaust is played out as a devastating parlor game. In the outlandishly dark "Camp Sundown" vigilante justice is undertaken by a group of geriatric campers in a bucolic summer enclave. "Free Fruit for Young Widows" is a small, sharp study in evil, lovingly told by a father to a son. "Sister Hills" chronicles the history of Israel's settlements from the eve of the Yom Kippur War through the present, a political fable constructed around the tale of two mothers who strike a terrible bargain to save a child. Marking a return to two of Englander's

classic themes, "Peep Show" and "How We Avenged the Blums" wrestle with sexual longing and ingenuity in the face of adversity and peril. And "Everything I Know About My Family on My Mother's Side" is suffused with an intimacy and tenderness that break new ground for a writer who seems constantly to be expanding the parameters of what he can achieve in the short form. Beautiful and courageous, funny and achingly sad, Englander's work is a revelation.

## **The Diving Bell and the Butterfly**

This extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities, where some 40,000 people still practice polygamy. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots

who answer only to God. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

## **Lydia's Twin Temptation [Divine Creek Ranch 8]**

"The novel that foreshadowed Donald Trump's authoritarian appeal."—Salon It Can't Happen Here is the only one of Sinclair Lewis's later novels to match the power of Main Street, Babbitt, and Arrowsmith. A cautionary tale about the fragility of democracy, it is an alarming, eerily timeless look at how fascism could take hold in America. Written during the Great Depression, when the country was largely oblivious to Hitler's aggression, it juxtaposes sharp political satire with the chillingly realistic rise of a president who becomes a dictator to save the nation from welfare cheats, sex, crime, and a liberal press. Called "a message to thinking Americans" by the Springfield Republican when it was published in 1935, It Can't Happen Here is a shockingly prescient novel that remains as fresh and contemporary as today's news. Includes an Introduction by Michael Meyer and an Afterword by Gary Scharnhorst
