Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

The Ecogeomorphology of Tidal Marshes

Located between sea and land, salt marshes are complex environments that provide critical ecosystem functions, such as

production of organic material and nutrient cycling. This book examines the geomorphology of salt marshes with emphasis on the interaction between landscape and biota.

Field and Stream

From top-secret diplomatic tunnels beneath London to the high seas off the Azores, the New York Times bestselling SEAL commando of eight explosive thrillers takes on a lethal group of Irish Republican Army terrorists in ROGUE WARRIOR DETACHMENT BRAVO The Rogue Warrior is back in a fast-paced, furious, in-your-face adventure! This time he's on the hunt for a high-tech army that smashed the Good Friday Peace Accord and killed a half dozen American and British CEOs. Launched by two self-financed, new-generation terrorists, this murderous wing of the IRA has an even bigger assault planned -- one that promises to stun the world. Now, along with a special ops team made up of Brits, SEALS, spies, and NSA operatives, Marcinko is determined to stop them, but there are a few unknowns: they don't know the target, they don't know the date, and they don't know where the terror is going down.
