Mythic and Folk Elements in Modern Chinese Literature

This book traces the significance that the modulations of sensory perception have had for thinking about aesthetics and art in the last two and a half centuries. Beyond a discussion of the philosophical significance of beauty, or of the puzzle of aesthetic representation, aesthetics is conceived broadly as a means of describing our relationship to the world in terms of the habits of perception, and indeed the overturning of these habits, as in the modernist aesthetic of defamiliarisation. In the light of the ideas of the contemporary German aesthetic theorist, Wolfgang Iser, this book offers the first discussion of the theory and practice of art that operates at the poles of perception: sensory experience that exceeds conceptual organisation, and the imperceptible, or what Iser calls the 'anaesthetic'. These seemingly opposite poles have many parallels: a comparable indeterminacy of meaning and a similar challenge to representation, but also a shared focus on the habits and modulations of sensory perception and a similar interrogation of the boundary between art and that which surrounds it. The author applies the categories discussed to art practice, in particular to the theatre of Peter Handke, Samuel Beckett and Heiner Müller.

Special English for Business

Underachiever Hank Zipzer goes on an unfortunate school camping trip in a comical, kid-friendly novelization of the popular BBC series based on Henry Winkler's best-selling books. What will it take for Mom and Dad to trust Hank to go to the mall unsupervised with his friends? Cooking a family dinner — er, disaster — doesn't exactly say “responsible.” But what if Hank signs up for the school's notorious survival camp and makes it through the whole weekend? Maybe he should factor in being teamed up with his nemesis, McKelty, in a leaky tent, not to mention a desperate search for a cell phone in a field of cow pies. . . . The amiable character originated by Henry Winkler — inspired by his own childhood — comes to life in a humorous adventure set in a font designed to boost readability for kids with dyslexia.

Mary Engelbreit's Nursery and Fairy Tales Storybook Favorites

From Kevin Brockmeier, one of this generation's most inventive young writers, comes a striking new novel about death, life, and the mysterious place in between. The City is inhabited by those who have departed Earth but are still remembered by the living. They will reside in this afterlife until they are completely forgotten. But the City is shrinking, and the residents clearing out. Some of the holdouts, like Luka Sims, who produces the City's only newspaper, are wondering what exactly is going on. Others, like Coleman Kinzler, believe it is the beginning of the end. Meanwhile, Laura Byrd is trapped in an Antarctic research station, her supplies are running low, her radio finds only static, and the power is failing. With little choice, Laura sets out across the ice to look for help, but time is running out. Kevin Brockmeier alternates these two storylines to create a lyrical and haunting story about love, loss and the power of memory.

English History as a Background to Modern American Life

Strength theory deals with the yield or failure of materials under complex stress state. It is very important in mechanics of materials, strength of structures, and mechanical and civil engineering. Unified strength theory is a series of yield criteria and failure criteria other than a single strength theory. The unified strength theory can be adopted for various kinds of materials, such as metallic materials, geomaterials, polymers etc. It is the solution to the Voigt-Timoshenko Conundrum. Its limit surfaces cover all regions of the convex strength theory from the lower bound to the upper bound. This book gives a clear and brief description about the unified strength theory both in figures and text. Some applications of unified strength theory are also given in this book. This book is suitable for undergraduate students, who are studying the mechanics of materials and engineering mechanics, as well as for graduate students who are interested in this field. Researchers and engineers can also benefit from this book.

Dollars and Sense

This fascinating volume brings together all the aspects of C S Lewis's life and thought. It will delight anyone who is interested in C S Lewis and wants to learn more about him. Arranged in alphabetical order The A-Z of C S Lewis begins with The Abolition of Man a book written in 1943 and described by Lewis as almost my favourite to Wormwood, a character in The Screwtape Letters. Lewis's work is widely known and regarded, but enthusiasts are often only aware of one small part his children's stories and his popular theology and yet he wrote so much more, including science fiction and literary criticism. This is an enormously readable and

attractive work that will be read time and time again.

What Would Klopp Do?

All hell was raging against my mind. I needed some time alone with the Lord and to just be alone, away from everyone. I needed to calm myself down. The only solace I could find was in a washroom. In that little cubicle, totally at the end of myself, I surrendered to His will. Nothing else mattered at this point except what He wanted. Knowing I was in my Heavenly Father 's hand, I cried Lord by obedience I will go. Give me your words to say. Help me Lord! Sonia McLeod, a former alcoholic and drug addict, shares the miraculous story of how God delivered her from a street life of drugs, alcohol, and prostitution. Hear the heart of this woman as she takes us through a journey of faith amidst great tragedy, heartbreak, and betrayal. Cast aside by friends, family, and finally by her husband, she emerges from the ashes of ruin and rejection in the arms of her true lover, Jesus Christ. I was not going to give up and die, but it was time to RISE UP in JESUS! If God can do this in Sonia 's life, He can do it in others. Pray for this book. It will touch many lives. Reverend Ernie & Shirley Linklater, Full Gospel Aboriginal Ministries, Canada Sonia McLeod, a member of the Cowessess First Nation in Saskatchewan, Canada, is a born-again believer in Jesus Christ. Since the writing of this book she has pursued studies in Social Work, gotten married, and is working on reaching First Nation and indigenous communities across Canada and the world. Derek and Sonia McLeod are both ordained ministers and are the founders of His Beloved Remnant Ministries. They are currently working on establishing The House of Rahab, a Christ-based rehabilitation center for troubled women. Website: www.riseupmybeloved.com

Introduction to Unified Strength Theory

The future of work is already here, and what this future looks like must be a pressing concern for the current generation of leaders in both the private and public sectors. In the next ten to fifteen years, rapid change in a post-pandemic world and emerging technology will revolutionize nearly every job, eliminate some, and create new forms of work that we have yet to imagine. How can we survive and thrive in the face of such drastic change? Deanna Mulligan offers a practical, broad-minded look at the effects of workplace evolution and automation and why the private sector needs to lead the charge in shaping a values-based response. With a focus on the power of education, Mulligan proposes that the solutions to workforce upheaval lie in reskilling and retraining for individuals and companies adapting to rapid change. By creating lifelong learning opportunities that break down boundaries between the classroom and the workplace, businesses can foster personal and career well-being and growth for their employees. Drawing on her own experiences, historical examples, and reports from the frontiers where these issues are unfolding, Mulligan details how business leaders can prepare for and respond to technological disruption. Providing a framework for concrete and meaningful action, Hire Purpose is an essential read about the transformations that will shape the next decade and beyond.

Meeting Notes

"Tell me, what do you want from me Lord Clare." Sauda stood her ground, preparing to do battle for the sake of her heart. "Everything and more." Ethan pressed his body against hers, refusing to accept defeat. "Do you think you can overcome me, dark maiden?" The proposal intrigued her. "Unsheathe your sword, milord." Sauda Mauri and Ethan Clare find themselves thrown together on a mission to halt the Knights of Darkness from terrorizing Queen Elizabeth's royal subjects. During their search for the leader of the marauders, they fall into a forbidden and passionate love affair, igniting a chain of perilous events hurtling them into the path of a madman..

The Brief History of the Dead

At ten o'clock on this morning Captain Ablewhite, unannounced, and without knocking at the door, walked into Jeremiah's room in the hotel at which he had taken up his quarters. Jeremiah was still in bed. Closing the door carefully behind him and turning the key, Captain Ablewhite drew a chair to the side of the bed and sat down. "This is a bad business," said Captain Ablewhite. Jeremiah was in a parlous condition. His face was haggard; his eyes were bloodshot; he was shaking like a man in a palsy. "This is a bad business," repeated Captain Ablewhite, "You are too much upset to reply. But why, oh, why have you lost your head?" Jeremiah put his hand up, feebly and despairingly, and passed it vacantly over his forehead. "I have here," said Captain Ablewhite, plunging his hands into the pockets of his gorgeous dressing-gown, "a pick-me-up. It will pull you round, and then we can talk."
