The Trial of God (as it was held on February 25, 1649, in Shamgorod) A Play by Elie Wiesel Translated by Marion Wiesel Introduction by Robert McAfee Brown Afterword by Matthew Fox Where is God when innocent human beings suffer? This drama lays bare the most vexing questions confronting the moral imagination. Set in a Ukranian village in the year 1649, this haunting play takes place in the aftermath of a pogrom. Only two Jews, Berish the innkeeper and his daughter Hannah, have survived the brutal Cossack raids. When three itinerant actors arrive in town to perform a Purim play, Berish demands that they stage a mock trial of God instead, indicting Him for His silence in the face of evil. Berish, a latter-day Job, is ready to take on the role of prosecutor. But who will defend God? A mysterious stranger named Sam, who seems oddly familiar to everyone present, shows up just in time to volunteer. The idea for this play came from an event that Elie Wiesel witnessed as a boy in Auschwitz: “Three rabbis—all erudite and pious men—decided one evening to indict God for allowing His children to be massacred. I remember: I was there, and I felt like crying. But there nobody cried.” Inspired and challenged by this play, Christian theologians Robert McAfee Brown and Matthew Fox, in a new Introduction and Afterword, join Elie Wiesel in the search for faith in a world where God is silent. From the Trade Paperback edition.

Souder

Born into a Jewish ghetto in Hungary, as a child, Elie Wiesel was sent to the Nazi concentration camps at Auschwitz and Buchenwald. This is his account of that atrocity: the ever-increasing horrors he endured, the loss of his family and his struggle to survive in a world that stripped him of humanity, dignity and faith. Describing in simple terms the tragic murder of a people from a survivor's perspective, Night is among the most personal, intimate and poignant of all accounts of the Holocaust. A compelling consideration of the darkest side of human nature and the enduring power of hope, it remains one of the most important works of the twentieth century. New translation by Marion Wiesel, with a new introduction by Elie Wiesel.

Where the Red Fern Grows

McGraw-Hill's HVAC Licensing Study Guide

This powerful Newbery-winning classic tells the story of the great coon dog Souder and his family. An African American boy and his family rarely have enough to eat. Each night, the boy's father takes their dog, Souder, out to look for food. The man grows more desperate by the day. When food suddenly appears on the table one morning, it seems like a blessing. But the sheriff and his deputies are not far behind. The ever-loyal Souder remains determined to help the family he loves as hard times bear down. This classic novel shows the courage, love, and faith that bind a family together despite the racism

and inhumanity they face in the nineteenth-century deep South. Readers who enjoy timeless dog stories such as *Old Yeller* and *Where the Red Fern Grows* will find much to love in *Souder*, even as they read through tears at times.

"The author has built knowledge into artistic fiction."—The New York Times Book Review Elisha is a young Jewish man, a Holocaust survivor, and an Israeli freedom fighter in British-controlled Palestine; John Dawson is the captured English officer he will murder at dawn in retribution for the British execution of a fellow freedom fighter. The night-long wait for morning and death provides Dawn, Elie Wiesel's ever more timely novel, with its harrowingly taut, hour-by-hour narrative. Caught between the manifold horrors of the past and the troubling dilemmas of the present, Elisha wrestles with guilt, ghosts, and ultimately God as he waits for the appointed hour and his act of assassination. Dawn is an eloquent meditation on the compromises, justifications, and sacrifices that human beings make when they murder other human beings.

Night

"This is a novel in the guise of the tape-recorded recollections of a black woman who has lived 110 years, who has been both a slave and a witness to the black militancy of the 1960's. In this woman Ernest Gaines has created a legendary figure, a woman equipped to stand beside William Faulkner's Dilsey in *The Sound And The Fury*." Miss Jane Pittman, like Dilsey, has

'endured,' has seen almost everything and foretold the rest. Gaines' novel brings to mind other great works The Odyssey for the way his heroine's travels manage to summarize the American history of her race, and Huckleberry Finn for the clarity of her voice, for her rare capacity to sort through the mess of years and things to find the one true story in it all." -- Geoffrey Wolff, Newsweek. "Stunning. I know of no black novel about the South that excludes quite the same refreshing mix of wit and wrath, imagination and indignation, misery and poetry. And I can recall no more memorable female character in Southern fiction since Lena of Faulkner's Light In August than Miss Jane Pittman." -- Josh Greenfeld, Life

Pathways to Astronomy breaks down introductory astronomy into its component parts. The huge and fascinating field of astronomy is divided into 86 units. These units are woven together to flow naturally for the person who wants to read the text like a book, but it is also possible to assign them in different orders, or skip certain units altogether. Professors can customize the units to fit their course needs. They can select individual units for exploration in lecture while assigning easier units for self-study, or they can cover all the units in full depth in a content-rich course. With the short length of units, students can easily digest the material covered in an individual unit before moving onto the next unit.
