Medical-Surgical Nursing Made Incredibly Easy!

The new edition of Nursing Care Planning Made Incredibly Easy is the resource every student needs to master the art of care planning, including concept mapping. Starting with a review of the nursing process, this comprehensive resource provides the foundations needed to write practical, effective care plans for patients. It takes a step-by-step approach to the care planning process and builds the critical thinking skills needed to individualize care in the clinical setting. Special tips and information sections included throughout the book help students incorporate evidence-based standards and rationales into their nursing interventions.

NCLEX-PN Q&A Plus! Made Incredibly Easy!

Springhouse Review for Medical-surgical

Nursing Certification

The painless way to master medical-surgical nursing Medical-Surgical Nursing Demystified is a self-teaching guide and subject review that helps students and practitioners understand the fundamental concepts of medical-surgical nursing. Using a building block approach, this entertaining book breaks complex material down into brief, easy-to-understand sections. Medical-Surgical Nursing Demystified features a full chapter for each system--cardiovascular, respiratory, immune, hematologic, nervous, musculoskeletal, gastrointestinal, endocrine, genitourinary, and integumentary. You'll find a description of how the system functions, signs and symptoms of diseases and conditions, diagnostic tests, and treatment options. Perioperative preparation and pain management are also covered. Filled with key terms to help you to remember important concepts, and complete with end-of-chapter NCLEX-style quizzes to test your knowledge, this book will teach you the fundamentals of medical-surgical nursing in no time at all. This fast and easy guide offers: Learning objectives at the beginning of each chapter An NCLEX-style quiz at the end of each chapter to reinforce learning and pinpoint weaknesses Coverage of diagnostic tests and treatment options A final exam at the end of the book A time-saving approach to performing better on an exam or at work Simple enough for a beginner, but challenging enough for an advanced student, Medical-Surgical Nursing Demystified is your shortcut to mastering this

explaining key concepts and providing clear direction on administering drugs; drug distribution, absorption, and metabolism; potential drug interactions; adverse reactions; how different classes of drugs work in different body systems Special chapter features: Just the facts – A quick summary of chapter content Advice from the experts – Experienced practitioners' insights Prototype pro – Actions, indications, and nursing considerations for common prototype drugs Nursing process – Patient assessment, diagnosis, outcome goals, implementation, and evaluation for each type and class of drug Pharm function – Illustrating how drugs act in the body; recognizing and treating adverse reactions Before you give that drug – Warnings to consider before you administer a drug Education edge – Information to share with your patient Quick quiz – End-of-chapter questions with answers/explanations, to help you remember the essentials End-of-book multiple-choice Q&A; Quick Guides to Medication Safety, Ophthalmic and Dermatologic Drugs, and Abbreviations to Avoid; Glossary of essential pharmacology terms.

Nursing Care Planning Made Incredibly Easy!

NCLEX-RN QUESTIONS & ANSWERS MADE INCREDIBLY EASY!, 7E is designed to help pre-licensure nursing students prepare for the licensing examination. This book and its accompanying electronic resources feature thousands of questions at the application level or above to prompt active learning and higher-order thinking. The book's seven parts cover the

Access Free Medical Surgical Nursing Made Incredibly Easy 3rd Edition

basics of NCLEX test construction and how students should prepare, the four major content areas of pre-licensure programs (medical-surgical, psychiatric/mental health, maternity, and pediatrics), a section on issues in nursing, and three comprehensive tests of varying lengths that help simulate the actual NCLEX experience. The questions align with the National Council of State Boards of Nursing (NCSBN) 2016 RN test plan. Throughout the book, the Made Incredibly Easy design, art, and captions help to engage students and present a fun, relaxed, encouraging, and supportive learning experience. Other features include the use of all the types of alternate-format questions and detailed rationale for both correct and incorrect answers.

LPN Facts Made Incredibly Quick!

Written in the award-winning, lighthearted Incredibly Easy! style, this book is an excellent aid to understanding and retention of medical terminology. The first chapter focuses on key concepts of medical terminology, including common word components. Subsequent chapters cover individual body systems, providing in-depth definitions that connect words to their meanings. This Third Edition features new chapters on obstetric and mental health terms and expanded "Pump Up Your Pronunciation" charts. Two eight-page full-color inserts offer a closer look at anatomical terminology. A companion Website offers student and instructor ancillaries including a pronunciation guide with hundreds of terms, "Pump Up Your Pronunciation" study cards, practice

documentation Avoiding legal problems Documenting procedures Documentation practices in a variety of settings—acute care, home healthcare, and long-term care Documenting special situations—release of patient information after death, nonreleasable information, searching for contraband, documenting inappropriate behavior Special features include: Just the facts – a quick summary of each chapter’s content Advice from the experts – seasoned input on vital charting skills, such as interviewing the patient, writing outcome standards, creating top-notch care plans “Nurse Joy” and “Jake” – expert insights on the nursing process and problem-solving That’s a wrap! – a review of the topics covered in that chapter About the Clinical Editor Kate Stout, RN, MSN, is a Post Anesthesia Care Staff Nurse at Doshier Memorial Hospital in Southport, North Carolina.

Pharmacology Made Incredibly Easy!

Everything you need to know about caring for patients—in one portable "must have" handbook! Clear, but comprehensive discussions of pathophysiology, with rationales in the medications and laboratory sections, explain the scientific basis for the nursing care.

Psychiatric Nursing Made Incredibly Easy!

Written in the award-winning Incredibly Easy! style, this book provides complete and clear explanations of how drugs act and interact in the treatment of

Access Free Medical Surgical Nursing Made Incredibly Easy 3rd Edition

disease. Focusing on mechanisms of drug action, the book details specific drugs by pharmacologic class for all body systems as well as drugs for pain, psychiatric disorders, infection, fluid and electrolyte imbalances, and cancer. Potentially dangerous drug and drug-herb interactions are highlighted. This thoroughly updated edition covers the newest drugs in each pharmacologic class and includes information on obesity drugs, a new chapter on genitourinary system drugs, a new medication safety feature, and a new appendix on common herbal preparations and their drug interactions.

Clinical Pharmacology Made Incredibly Easy!

Medical-Surgical Nursing Made Incredibly Easy!, Second Edition, is a practical, informative reference in the entertaining, award-winning Incredibly Easy! style. This thoroughly updated edition covers hundreds of disorders and includes new chapters on end-of-life care and obesity, plus sixteen pages of full-color illustrations, sidebars on evidence-based practice pointers, and a patient resources appendix. Chapters feature key points summaries, light-hearted headings, and illustrations and are formatted to help readers find information easily. Quick-scan tables, flow charts, key terms, bullets, checklists, graphic logos, and cartoon characters highlight essential information. A bound-in CD-ROM contains over 300 NCLEX®-style questions, plus concept maps and other tools.

Medical-surgical Nursing Made Incredibly Easy

Feeling unsure about your critical care nursing skills? Time to gain some confident know-how, with the freshly updated *Critical Care Nursing Made Incredibly Easy!*®, 5th Edition. This friendly, fully illustrated guide offers clear, concise direction on treating numerous acute and life-threatening issues. Absorb current best practices on critical care basics and specialized areas such as advanced life support measures, multisystem trauma, and treating specialized needs. This is ideal guidance for students, nurses new to clinical care, and those preparing for the Critical Care (CCRN) certification exam.

Critical Care Nursing Made Incredibly Easy!

This new NCLEX-PN review book provides both a succinct Content Review and more Q&A than any other NCLEX-PN review book. Each chapter opens with a Content Refresher, providing an overview of key information on each topic---it summarizes what is really important for NCLEX review. This is followed by high-quality Q&A, answers, and detailed Rationales, fully updated with the latest NCLEX-PN test plan. The book opens with a discussion of studying and test-taking strategies and describes the exam format in detail. Subsequent sections cover adult care, psychiatric care, maternal-neonatal care, care of the child, and coordinated care. The book also includes comprehensive examinations with answers,

Access Free Medical Surgical Nursing Made Incredibly Easy 3rd Edition

rationales, and client-needs information at the end of each answer. The new Graphic Option questions and Audio questions are also included. The online site provides 1,000 questions and answers in an interactive format that mirrors the NCLEX-PN exam. All the material is presented in the proven format of the Incredibly Easy series. Students will discover the stress-free way to study for NCLEX-PN. The format helps them actually enjoy learning, stay motivated, and improve their performance. Content, strategies, and Q&A---everything a student could want in an NCLEX review.

Medical-surgical Nursing Made Incredibly Easy!
