connections to art? Why do viewers become scared, even haunted for days, by a movie monster they know doesn't exist? Why do humans become enthralled by distorted figures and scenes that aren't realistic? Why do viewers have emotional attachments to comic book characters? The answer lies in that, while humans know art is human made artifice, they view and decipher art using the same often nonconscious methods that they use to view and decipher reality. Looking at how we perceive reality shows us how we perceive art, and looking at how we perceive art helps show us how we perceive reality. Written by the prominent art historian and philosopher Cyrcleback, this book is a concise introduction to understanding art perception, covering key psychological, cognitive science, physiological and philosophical concepts.

mother loses her job and moves them to a little town by the sea to live with Henry Lake--an eccentric old man with rooms to rent. Henry is odd, the town is dull, and worst of all, Jude feels out of place and alone. So when Novo turns up in the house across the street, dressed all in black and looking unbearably handsome, Jude's summer takes an immediate turn for the better. But Novo isn't all that he seems to be--or maybe he's more than Jude can possibly understand. Novo is pure magic--someone who can bend and stretch the bounds of time. Someone who wakes up in different places and at different points in history with utter regularity. He knows that each Now is fleeting, that each moment is only worth the energy it expends on itself, and that each experience he has will be lost to him before long. But Jude and Novo form a bond that shifts reality for both of them. Jude begins to question what forever really means--only to find out that Novo knows that forever isn't real. And when things go horribly wrong, Jude and Novo are faced with an impossible question that may change both of their lives irreparably--what is worth sacrificing for love? A stunningly written, compelling exploration of the universality of love--and what it means to live in the moment--that quite literally defies both logic and time. A love story without borders that reflects the best of our modern world. Praise for Hello Now: \* "Babbitt's Tuck Everlasting revised as a passionate YA love story, this is an exquisitely told romantic fantasy, golden yet lacerating." --BCCB, STARRED REVIEW

What was happening to the world, the frog wondered, and what could he do? The hungry frog decided he must hop to the top of the well to see what he could of the end of the world. Conquering his fear, he peered out, and what did he see? Trees, flowers, meadows, marshes, and all kinds of end-of-the-world creatures! Entranced, the little frog ventured forth to find out more about the world outside his own. Based on a classic Chinese fable, and written and illustrated by the Caldecott-winning Alvin Tresselt and Roger Duvoisin, *The Frog in the Well* is a charming tale of one brave frog and his journey into wisdom.

agency, UNI and from mainstream journalism to starting his now immensely popular syndicated column, 'Between the Lines', Nayar has always stood for the freedom of press and journalism of courage. Widely respected for his columns, his autobiography opens on the day Pakistan Resolution was passed in Lahore in 1940 and takes us on a journey through India's story of a nation working on its foreign policy, development plans, relations with neighbouring countries, and dealing with coalition politics among others. From events of historical and political relevance like Tashkent Declaration and the 1971 war and the liberation of Bangladesh, to interviewing Zulfikar Ali Bhutto and Mujibur Rahman and from meeting Pakistan's father of nuclear bomb, Dr A.Q. Khan, to his close association with Lal Bahadur Shastri and Jayaprakash Narayan, Nayar's narrative is a detailed inside view of our nation's past and present. The new edition of Kuldip Nayar's widely popular autobiography, *Beyond the Lines*, now comes with several changes including his remarks relating to Shekhar Gupta, Editor, the Express Group, and his reference to a former president of Sikh Student's Union, both of which he retracted and regretted for at the launch. ## **Flemish Painting: From Bosch to Rubens**

It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will."
