NEW YORK TIMES BESTSELLER • “Extremely funny . . . inspired lunacy . . . [and] over much too soon.”—The Washington Post Book World  
Nominated as one of America’s best-loved novels by PBS’s The Great American Read  
Seconds before Earth is demolished to make way for a galactic freeway, Arthur Dent is plucked off the planet by his friend Ford Prefect, a researcher for the revised edition of The Hitchhiker’s Guide to the Galaxy who, for the last fifteen years, has been posing as an out-of-work actor. Together, this dynamic pair began a journey through space aided by a galaxyful of fellow travelers: Zaphod Beeblebrox—the two-headed, three-armed ex-hippie and totally out-to-lunch president of the galaxy; Trillian (formerly Tricia McMillan), Zaphod’s girlfriend, whom Arthur tried to pick up at a cocktail party once upon a time zone; Marvin, a paranoid, brilliant, and chronically depressed robot; and Veet Voojagig, a former graduate student obsessed with the disappearance of all the ballpoint pens he’s bought over the years. Where are these pens? Why are we born? Why do we die? For all the answers, stick your thumb to the stars! Praise for The Hitchhiker’s Guide to the Galaxy “A whimsical odyssey . . . Characters frolic through the galaxy with infectious joy.”—Publishers Weekly “Irresistable!”—The Boston Globe

In this expertly crafted, richly detailed guide, Raymond Leslie Williams explores the cultural, political, and historical events that have shaped the Latin American and Caribbean novel since the end of World War II. In addition to works originally composed in English, Williams covers novels written in Spanish, Portuguese, French, Dutch, and Haitian Creole, and traces the profound influence of modernization, revolution, and democratization on the writing of this era. Beginning in 1945, Williams introduces major trends by region, including the Caribbean and U.S. Latino novel, the Mexican and Central American novel, the Andean novel, the Southern Cone novel, and the novel of Brazil. He discusses the rise of the modernist novel in the 1940s, led by Jorge Luis Borges's reaffirmation of the right of invention, and covers the advent of the postmodern generation of the 1990s in Brazil, the Generation of the "Crack" in Mexico, and the McOndo generation in other parts of Latin America. An alphabetical guide offers biographies of authors, coverage of major topics, and brief introductions to individual novels. It also addresses such areas as women's writing, Afro-Latin American writing, and magic realism. The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel, national literary traditions, and the work of individual authors. From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization, *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive, accessible portrait of a thoroughly diverse and complex branch of world literature.

The tracks lead him deeper into his passion for nature guided by Hawk, an old Susquehannock storyteller. Along the way, Jimmy falls in love with the beautiful Sherry Woolman who shares his love of the wild. As a school project, Jimmy keeps a journal on wolves. In order to protect the wolf he discovered, Jimmy writes about him as if he is fiction. The Tanner brothers, a derelict pair of would-be bounty hunters, threaten to destroy the perfect balance of nature that Jimmy has found. "Wolf Journal" is a journey into the natural world where intricate details, like the imprint of a wing in snow, tell a larger story - one of endangered species, an endangered planet, and the human spirit that strives to understand and protect.

## **Heidi by Johanna Spyri : a Novel Study Unit**

The novel is the major literary phenomenon of the twentieth century, and its development in Britain since 1900 has reflected the tumultuous changes that have characterized modern society. Randall Stevenson now presents an accessible and

authoritative guide to the work of the century's leading novelists as well as many of its lesser known writers. In this stimulating and wide-ranging account, Stevenson locates the work of individual writers, from Conrad to Jeanette Winterson, within an evolving literary history and the wider context of social, political, and cultural change. Included are British writers working in exile and writers with origins elsewhere, such as James and Rushdie, who have chosen to work in Britain. Women novelists are accorded their rightful prominence. This clear and lively survey deals with a broad range of movements, including modernism and postmodernism, as well as the influence of other world literatures and the impact of two world wars. An ideal text, this is a 'guide' in the best sense—concise and lucid, well-informed and perceptive. Readers new to the field will appreciate Stevenson's clear direction, while the experienced will be delighted by newly revealed connections and fresh perspectives.
