Repotting Harry Potter: A Professor's Book-By-Book Guide for the Serious Re-Reader

A fresh and funny twist on Snow White from the author of Cindy Ella and Geek Charming! The ideal L.A. fairy tale for fans of Once Upon a Time and L.A. Candy Simone never saw herself as the "cute girl"--she was always the chunky smartmouth. But after a year of avoiding her wicked almost-stepmonster through Zumba class, Simone's now sporting a whole new retro style. And people keep acting oddly. One thing: her stepmonster seems to be trying to accidentally kill her, or at least fatten her back up. And so when Simone's brother offers to let her move in with him and his six roommates for the summer, Simone jumps at the chance for some normalcy. Only living with seven very different college boys isn't exactly going to help her land her very own happily ever after . . .

My Brother's Keeper

Do you want to build your own website but don't know where to start? Have you been put off by all the jargon and gobbledygook of other Internet guides? If so then this plain, easy WordPress tutorial is the ideal place to start. Now a #1 Amazon Best Seller on Kindle Books, this popular, up-to-date, step-by-step guide by expert Sarah McHarry will walk you through the essential first steps to building your own website or blog using WordPress. In eight easy lessons you will have your own website up and running - without needing to know any geeky computer code! And, in the remaining 12 lessons, you'll learn all you need to know about creating a website and making it into your own, unique, web presence. What you'll learn in this book: How to register your own domain and get the right WordPress hosting How to install WordPress with a

few clicks of the mouse How to design a professional-looking website How to add and format your content How to use graphics and images All about themes, plugins, widgets and other WordPress tools and lots more.. If you want to make a website that looks like it was designed by a pro then WordPress is the ideal tool to use. Designing a website need not be difficult or expensive if you have the right guidance. Sarah's WordPress tutorial walks you through creating a website yourself using step-by-step lessons that are easy to follow. Making a website as a beginner has never been easier! Why should you build your own website on your own domain instead of using a free service? The answer is that, with your own privately registered domain and hosting account, YOU own and control the website, not anybody else. You can put whatever you like on your site and no-one can tell you otherwise. You can make your site look and behave how you like. You're the boss. And, with your own website, you can build your own distinctive 'brand', whether you are a business or a community group, an individual, or whatever Your domain becomes your own exclusive web address, your own piece of online virtual 'real estate' that plays its part in publicizing your mission or message. Creating a website on your own domain gives you identity, visibility and, indeed, status. But don't you need a professional web designer to make a good job building a website? No, definitely not! This was the case in the early days of the Internet because only a few tech-savvy geeks knew and understood the computer language (HTML) required. But as the technology has advanced, so have the tools to build websites become more accessible. WordPress is one of these tools and WordPress is the subject of this e-book. But how much does it cost to make a website? The answer is just a few bucks per month for hosting. If you create your own website using WordPress, you don't have to spend another cent. And what if you're looking to start a blog? Well, the same instructions apply. WordPress was originally designed as a blogging platform and this ebook shows you just how to build a blog using the same techniques as designing a website. Whether you want to create a simple WordPress blog or design a full-blown ecommerce site, Sarah's 'WordPress To Go' will start you off on the right foot.

Every Day a Friday

Some battles we choose, others choose us. The world is looking and waiting for a company of women who will rise in the midst of hard times. It would be so much easier to sit...to give in. And, yet, isn't there a part inside us all that longs to stand up and fight the battles before us? From her best-selling books, *God Chicks* and *Daily Steps for GodChicks*, Holly Wagner identified and encouraged the cultivation of aspects of the God Chick within every woman. The subject of this exciting book is the "Warrior Chick" who realizes she is destined to be an overcomer as she faces challenges, is encouraged as she realizes she is beautiful just the way she is, and is relieved as she learns how to equip herself to fight the fight. As Holly well knows from her experience as a warrior chick battling breast cancer, we aren't living in peacetime and we can either choose to be a casualty or a warrior. What's it going to be?

The Education of a British-Protected Child

True North shows how anyone who follows their internal compass can become an authentic leader. This leadership tour de force is based on research and first-person interviews with 125 of today's top leaders—with some surprising results. In this important book, acclaimed former Medtronic CEO Bill George and coauthor Peter Sims share the wisdom of these outstanding leaders and describe how you can develop as an authentic leader. True North presents a concrete and comprehensive program for leadership success and shows how to create your own Personal Leadership Development Plan centered on five key areas: Knowing your authentic self Defining your values and leadership principles Understanding your motivations Building your support team Staying grounded by integrating all aspects of your life True North offers an opportunity for anyone to transform their leadership path and become the authentic leader they were born to be. Personal, original, and illuminating stories from Warren Bennis, Sir Adrian Cadbury, George Shultz (former U.S. secretary of state), Charles Schwab, John Whitehead (Cochairman, Goldman Sachs), Anne Mulcahy (CEO, Xerox), Howard Schultz (CEO, Starbucks), Dan Vasella (CEO, Novartis), John Brennan (Chairman, Vanguard), Carol Tome (CFO, Home Depot), Donna Dubinsky (CEO/cofounder, Palm), Alan Horn (President, Warner Brothers), Ann Moore (CEO, Time, Inc.) and many others illustrate the transitions that shape the type of leaders who will thrive in the 21st century. Bill George (Cambridge, MA) has spent over 30 years in executive leadership positions at Litton, Honeywell, and Medtronic. As CEO of Medtronic, he built the company into the world's leading medical technology company as its market capitalization increased from \$1.1 billion to \$60 billion. Since 2004, he has been a professor at the Harvard Business School. His 2004 book *Authentic Leadership* (0-7879-7528-1) was a BusinessWeek bestseller. Peter Sims (San Francisco, CA) established "Leadership Perspectives," a course on leadership development at the Stanford Graduate School of Business and cofounded the London office of Summit Partners, a leading investment firm. Their Web site is www.truenorthleaders.com.

Total Recovery

In this book you will find some of the greatest and most useful formulas that the fields of physics, mathematics and economics have brought forth. Each formula is explained gently and in great detail, including a discussion of all the quantities involved and examples that will make clear how and where to apply it. On top of that, there are plenty of illustrations that support the explanations and make the reading experience even more vivid. The book covers a wide range of topics: acoustics, explosions, hurricanes, pipe flow, car traffic, gravity, satellites, roller coasters, flight, conservation laws, trigonometry, equations, inflation, loans, and many more. From the author of "Physics! In Quantities and Examples" and "Introduction to Stars: Spectra, Formation, Evolution, Collapse". Volume II is now available under the title "More Great Formulas Explained".

Bang!

Designed as a textbook for undergraduate students in various engineering disciplines—Mechanical, Civil, Industrial Engineering, Electronics Engineer-ing and Computer Science—and for postgraduate students in Industrial Engineering and Water Resource Management, this comprehensive and well-organized book, now in its Second Edition, shows how complex economic decisions can be made from a number of given alternatives. It provides the managers not only a sound basis but also a clear-cut approach to making decisions. These decisions will ultimately result in minimizing costs and/or maximizing benefits. What is more, the book adequately illustrates the concepts with numerical problems and Indian cases. While retaining all the chapters of the previous edition, the book adds a number of topics to make it more comprehensive and more student friendly. What's New to This Edition • Discusses different types of costs such as average cost, recurring cost, and life cycle cost. • Deals with different types of cost estimating models, index numbers and capital allowance. • Covers the basics of nondeterministic decision making. • Describes the meaning of cash flows with probability distributions and decision making, and selection of alternatives using simulation. • Discusses the basic concepts of Accounting. This book, which is profusely illustrated with worked-out examples and a number of diagrams and tables, should prove extremely useful not only as a text but also as a reference for those offering courses in such areas as Project Management, Production Management, and Financial Management.

Wicked Jealous

True North

Robert B. Parker's Lullaby

Features step-by-step instructions for all aspects of making men's and women's shirts, covering the shirtmaker's tools, material, basic patterns, fitting, collars and cuffs, pockets, sewing techniques, and variations of the basic shirt

Warrior Chicks

Adapts the author's nutritional program to the needs of athletes in a diet based on natural selection and evolution that promotes weight loss, normalizes blood cholesterol, increases energy levels, and enhances overall fitness.

Falling for Her Soldier

Why can't I get better? Did my doctors miss something? How can I recover? According to Dr. Gary Kaplan, conventional thinking about the nature of chronic pain and depression is essentially flawed. Although physicians continue to diagnose conditions like migraines, fibromyalgia, chronic fatigue, chronic back pain, depression, anxiety, and PTSD, a growing body of research shows that these are in fact symptoms of something else--a deep-rooted inflammation in the brain. This inflammation can affect the nervous system for months--even years--to devastating effect. In *Total Recovery*, Dr. Kaplan demonstrates that it is possible to quiet the inflammatory state at the root of chronic pain and depression, and lays out a revolutionary new medical approach to ending your suffering and reclaiming your health.

WordPress to Go

A 2015 William C. Morris YA Debut Award Finalist *Magical realism, lyrical prose, and the pain and passion of human love* haunt this hypnotic generational saga. Foolish love appears to be the Roux family birthright, an ominous forecast for its most recent progeny, Ava Lavender. Ava — in all other ways a normal girl — is born with the wings of a bird. In a quest to understand her peculiar disposition and a growing desire to fit in with her peers, sixteen-year old Ava ventures into the wider world, ill-prepared for what she might discover and naive to the twisted motives of others. Others like the pious Nathaniel Sorrows, who mistakes Ava for an angel and whose obsession with her grows until the night of the summer solstice celebration. That night, the skies open up, rain and feathers fill the air, and Ava's quest and her family's saga build to a devastating crescendo. First-time author Leslye Walton has constructed a layered and unforgettable mythology of what it means to be born with hearts that are tragically, exquisitely human.

Allure

Information Architecture: Blueprints for the Web, Second Edition introduces the core concepts of information architecture: organizing web site content so that it can be found, designing website interaction so that it's pleasant to use, and creating an interface that is easy to understand. This book helps designers, project managers, programmers, and other information architecture practitioners avoid costly mistakes by teaching the skills of information architecture swiftly and clearly.

Believing is Seeing

This collection of true narratives reflects the dynamism and diversity of nurses, who provide the first vital line of patient care. Here, nurses remember their first "sticks," first births, and first deaths, and reflect on what gets them through long, demanding shifts, and keeps them in the profession. The stories reveal many voices from nurses at different stages of their careers: One nurse-in-training longs to be trusted with more "important" procedures, while another questions her ability to

care for nursing home residents. An efficient young emergency room nurse finds his life and career irrevocably changed by a car accident. A nurse practitioner wonders whether she has violated professional boundaries in her care for a homeless man with AIDS, and a home care case manager is the sole attendee at a funeral for one of her patients. What connects these stories is the passion and strength of the writers, who struggle against burnout and bureaucracy to serve their patients with skill, empathy, and strength.

The Ship

“One helluva read.”—Newsweek • “Gripping.”—Outside • “Spellbinding.”—Associated Press • “Powerful.”—New York In 1912, the Saint Anna, a Russian exploration vessel in search of fertile hunting grounds, was frozen into the polar ice cap, trapping her crew aboard. For nearly a year and a half, they struggled to stay alive. As all hope of rescue faded, they realized their best chance of survival might be to set out on foot, across hundreds of miles of desolate ice, with their lifeboats dragged behind them on sledges, in hope of reaching safety. Twenty of them chose to stay aboard; thirteen began the trek; of them all, only two survived. Originally published in Russia in 1917, *In the Land of White Death* was translated into English for the first time by the Modern Library to widespread critical acclaim. As well as recounting Albanov’s vivid, first-person account of his ninety-day ordeal over 235 miles of frozen sea, this expanded paperback edition contains three newly discovered photographs and an extensive new Epilogue by David Roberts based on the never-before-published diary of Albanov’s only fellow survivor, Alexander Konrad. As gripping as Albanov’s own tale, the Epilogue sheds new light on the tragic events of 1912–1914, brings to life many of those who perished (including the infamous captain Brusilov and nurse Zhdanko, the only woman on board), and, inadvertently, reveals one new piece of information—about the identity of the traitors who left Albanov for dead—that is absolutely shocking. “Poetic.”—The Washington Post • “A lost masterpiece.”—Booklist • “A jewel of polar literature.”—Seattle Post-Intelligencer • “Vivid . . . [a work of] terrifying beauty.”—The Boston Globe

Unruly Americans and the Origins of the Constitution

Pizza you'll die for! Toby McGill dreams of becoming a world-famous chef, but up until now, his only experience has been watching the Food Network. When Toby lands a summer job at Killer Pizza, where pies like The Monstrosity and The Frankensausage are on the menu, things seem perfect. His coworkers, Annabel and Strobe, are cool, and Toby loves being part of a team. But none of them are prepared for what's really going on at Killer Pizza: It's a front for a monster-hunting organization! Learning to cook pizzas is one thing, but killing hideously terrifying monsters? That's a whole other story. Still, if Toby quits Killer Pizza, will monsters take over his town? Greg Taylor's *Killer Pizza* is a humorous and fast-paced read that R.L. Stine calls "a hot slice of horror that I couldn't put down!"

ENGINEERING ECONOMICS

“More than anything else technology creates our world. It creates our wealth, our economy, our very way of being,” says W. Brian Arthur. Yet despite technology’s irrefutable importance in our daily lives, until now its major questions have gone unanswered. Where do new technologies come from? What constitutes innovation, and how is it achieved? Does technology, like biological life, evolve? In this groundbreaking work, pioneering technology thinker and economist W. Brian Arthur answers these questions and more, setting forth a boldly original way of thinking about technology. The Nature of Technology is an elegant and powerful theory of technology’s origins and evolution. Achieving for the development of technology what Thomas Kuhn’s The Structure of Scientific Revolutions did for scientific progress, Arthur explains how transformative new technologies arise and how innovation really works. Drawing on a wealth of examples, from historical inventions to the high-tech wonders of today, Arthur takes us on a mind-opening journey that will change the way we think about technology and how it structures our lives. The Nature of Technology is a classic for our times.

The Upcycle

A professor of literature for over thirty years, Dr. James W. Thomas takes us on a tour through the Potter books in order to enjoy them in different ways upon subsequent readings. Re-readers will be pleasantly surprised at what they may have missed in the books and at what secrets Rowling has hidden for us to uncover as we revisit these stories. The professor's informal and often lighthearted discussions focus on puns, humor, foreshadowing, literary allusions, narrative techniques, and other aspects of the Potter books that are hard-to-see on the hurried first or fifth reading. Dr. Thomas's brilliant but light touch proves that a "serious" reading of literature can be fun. [recommndation]-.- "What do you read after HARRY POTTER? Finally, there's a satisfying answer - you read REPOTTING HARRY POTTER for a whole new depth of appreciation and enjoyment. This book allows anyone intimidated by literature classes to sneak a seat in a class with one of those professors every student loves. You'll come away with a new depth of knowledge of Rowling's epic but also with a list of related literature you will want to read; great insights for aspiring writers too." Connie Neal, author of THE GOSPEL ACCORDING TO HARRY POTTER

Poems to Learn by Heart

Features one hundred readily memorizable poems that convey a wide range of feelings, meanings, and wisdom, in a volume complemented by watercolor illustrations.

I Wasn't Strong Like This When I Started Out: True Stories of Becoming a Nurse

Learning that Hazel Marie is pregnant with twins and that the father, private investigator J. D. Pickens, has left town, Miss Julia summons the wayward man to solve a local theft in the hopes of reuniting the couple. By the author of *Miss Julia Paints the Town*.

Killer Pizza

“If you have yet to add Liu to your must-read list, you’re doing yourself a disservice.” —Booklist When it comes to bold originality and pure storytelling skill, few authors of popular fiction can compare with the remarkable Marjorie M. Lui—and in the realm of paranormal romance, no one is better! With *Soul Song*, the sensational New York Times bestselling superstar brings readers another marvelous tale of passion and otherworldly occurrences centered around the mysterious Dirk and Steele Detective Agency—as a tormented young woman with the precognitive power to foresee terrible futures must place her own fate in the hands of a mesmerizing prince of the sea. A master at creating unforgettable love stories featuring shapeshifters, telekinetics, and extraordinary supernatural beings, Lui has earned herself a legion of fans, and *Soul Song* will merely add to their ranks. Christine Feehan, author of *Dark Prince* and one of the biggest names in paranormal romance, promises that, “anyone who loves my work should love hers.”

Miss Julia Delivers the Goods

Tackles resource scarcity and sustainability and describes how everyday objects from chairs to cars and factories are being redesigned to sustain and promote life.

Solutions Manual to Accompany Lehninger, Nelson, Cox Principles of Biochemistry, Second Edition

Armpit and X-Ray are living in Austin, Texas. It is three years since they left the confines of Camp Green Lake Detention Centre and Armpit is taking small steps to turn his life around. He is working for a landscape gardener because he is good at digging holes, he is going to school and he is enjoying his first proper romance, but is he going to be able to stay out of trouble when there is so much building up against him? In this exciting novel, Armpit is joined by many vibrant new characters, and is learning what it takes to stay on course, and that doing the right thing is never the wrong choice.

What He Wants, My Alpha Billionaire, 1 (erotic, billionaire, New Adult)

Agreeing to help a street-smart teen who is convinced the wrong man was arrested for her mother's murder years earlier, Spenser investigates two possible suspects who prove more deadly than anticipated.

Shirtmaking

Experience the joy of God's message and begin each day with a positive outlook with these words of wisdom from Lakewood Church pastor and #1 New York Times bestselling author Joel Osteen. Research that shows people are happiest on Fridays. Now, learn how you can generate this level of contentment and joy every day of the week. As a man who maintains a constant positive outlook in spite of circumstances, Osteen has described this message as a core theme of his ministry. With personal experiences, scriptural insights, and principles for true happiness, he'll show you how to find the same opportunities for pure joy that you experience at five o'clock on Friday.

Prentice Hall Literature: Common Core Edition

Billionaire Shane Trant is used to getting what he wants. What he can't buy, he takes. When he sees Bristol Deatrich for the first time in over ten years, he knows he wants her. But there's a problem. Only complete possession of her mind and body will satisfy him. He's not sure the sweet little Bristol is ready for his brand of extreme carnal play.

Death Magic

On June 5th, 1968, at L.A.'s Ambassador Hotel, Robert F. Kennedy celebrated his victory in the California Democratic primary with a rousing victory speech anticipating a successful run for the presidency. Moments later, gunshots shattered that dream: like his brother before him, Bobby Kennedy lay mortally wounded at the hand of an assassin. The police quickly apprehended Sirhan Sirhan, who the world believed had single-handedly masterminded the shooting. Shockingly, that may not be so, as documentary filmmaker Shane O' Sullivan presents powerful new evidence to the contrary

Aloft

From one of the greatest writers of the modern era, an intimate and essential collection of personal essays on home, identity, and colonialism Chinua Achebe's characteristically eloquent and nuanced voice is everywhere present in these seventeen beautifully written pieces. From a vivid portrait of growing up in colonial Nigeria to considerations on the African-American Diaspora, from a glimpse into his extraordinary family life and his thoughts on the potent symbolism of President Obama's elections—this charmingly personal, intellectually disciplined, and steadfastly wise collection is an indispensable

addition to the remarkable Achebe oeuvre.

In the Land of White Death

Mann is only thirteen, yet he has already had to deal with more than most go through in a lifetime. His family is still reeling from the tragic shooting death of his little brother, Jason, each person coping with grief in his or her own way. Mann's mother has stopped eating and is obsessed with preserving Jason's memory, while his father is certain that presenting a hard edge is the only way to keep his remaining son from becoming a statistic. Mann used to paint and ride horseback, but now he's doing everything he can to escape his emotions: getting involved in fights at school, joyriding at midnight, and much worse. His father, at his wit's end, does the only thing he thinks will teach his son how to be a man he abandons him and his friend Kee Lee in the woods, leaving them to navigate their way home, alone.

Soul Song

Average Americans Were the True Framers of the Constitution Woody Holton upends what we think we know of the Constitution's origins by telling the history of the average Americans who challenged the framers of the Constitution and forced on them the revisions that produced the document we now venerate. The framers who gathered in Philadelphia in 1787 were determined to reverse America's post-Revolutionary War slide into democracy. They believed too many middling Americans exercised too much influence over state and national policies. That the framers were only partially successful in curtailing citizen rights is due to the reaction, sometimes violent, of unruly average Americans. If not to protect civil liberties and the freedom of the people, what motivated the framers? In *Unruly Americans and the Origins of the Constitution*, Holton provides the startling discovery that the primary purpose of the Constitution was, simply put, to make America more attractive to investment. And the linchpin to that endeavor was taking power away from the states and ultimately away from the people. In an eye-opening interpretation of the Constitution, Holton captures how the same class of Americans that produced Shays's Rebellion in Massachusetts (and rebellions in damn near every other state) produced the Constitution we now revere. *Unruly Americans and the Origins of the Constitution* is a 2007 National Book Award Finalist for Nonfiction.

The Paleo Diet for Athletes

London is burning and Lalla has one hope for survival, a ship--a new Noah's Ark--that can only save 500 people, in this "Powerful, haunting, and beautiful" (M. R. Carey) debut novel. London burned for three weeks. And then it got worse Young, naive, and frustratingly sheltered, Lalla has grown up in near-isolation in her parents' apartment, sheltered from the chaos of their collapsed civilization. But things are getting more dangerous outside. People are killing each other for husks of

bread, and the police are detaining anyone without an identification card. On her sixteenth birthday, Lalla's father decides it's time to use their escape route--a ship he's built that is only big enough to save five hundred people. But the utopia her father has created isn't everything it appears. There's more food than anyone can eat, but nothing grows; more clothes than anyone can wear, but no way to mend them; and no-one can tell her where they are going.

12,000 Dreams Interpreted

The Strange and Beautiful Sorrows of Ava Lavender

The New York Times–bestselling novel by the critically acclaimed author of *Native Speaker* and *A Gesture Life*. At 59, Jerry Battle is coasting through life. His favorite pastime is flying his small plane high above Long Island. Aloft, he can escape from the troubles that plague his family, neighbors, and loved ones on the ground. But he can't stay in the air forever. Only months before his 60th birthday, a culmination of family crises finally pull Jerry down from his emotionally distant course. Jerry learns that his family's stability is in jeopardy. His father, Hank, is growing increasingly unhappy in his assisted living facility. His son, Jack, has taken over the family landscaping business but is running it into bankruptcy. His daughter, Theresa, has become pregnant and has been diagnosed with cancer. His longtime girlfriend, Rita, who helped raise his children, has now moved in with another man. And Jerry still has unanswered questions that he must face regarding the circumstances surrounding the death of his late wife. Since the day his wife died, Jerry has turned avoiding conflict into an art form—the perfect expression being his solitary flights from which he can look down on a world that appears serene and unscathed. From his comfortable distance, he can't see the messy details, let alone begin to confront them. But Jerry is learning that in avoiding conflict, he is also avoiding contact with the people he loves most.

Great Formulas Explained - Physics, Mathematics, Economics

Ex-ballerina Ellie Bell has twenty-four days left until her self-imposed man-less year is up. No more falling for the wrong kind of guy—charming, sexy, bad. Why can't she find someone sweet like Charlie, her soldier pen pal? His e-mails meant the world to her, and she can't stop thinking about him until she meets Hunter, whose muscles and cocky smile threaten to have her relapsing. Before Charlie "Big Game Hunter" Johansson's last tour of duty, he'd gone through women like crazy. But after connecting on a real, emotional level via letters with his best friend's sister, Charlie's ready for a relationship—with Ellie. But then her brother introduces him as Hunter. Proving he's no longer a player by becoming her dance partner for an Army benefit seems like it could convince both siblings he's changed. Except the harder he falls for Ellie, the harder it is to come clean. Can he convince her to fall for the real him before it's too late? Each book in the Perfect Kisses series is a

standalone, full-length story that can be enjoyed out of order. Book #1 - Playing at Love Book #2 - Speaking of Love Book #3 - Falling for Her Soldier Book #4 - Making Waves

Information Architecture

Presents an investigation into the truth behind a variety of documentary photographs throughout history, discussing the relationship between the photograph and the world it supposedly represents.

Small Steps

A world of possibilities opens up for Joy Harkness when she sets out on a journey that's going to show her the importance of friendship, love, and what makes a house a home. Coming-of-age can happen at any age. Joy Harkness had built a university career and a safe life in New York, protected and insulated from the intrusions and involvements of other people. When offered a position at Amherst College, she impulsively leaves the city, and along with generations of material belongings, she packs her equally heavy emotional baggage. A tumbledown Victorian house proves an unlikely choice for a woman whose family heirlooms have been boxed away for years. Nevertheless, this white elephant becomes the home that changes Joy forever. As the restoration begins to take shape, so does her outlook on life, and the choices she makes over paint chips, wallpaper samples, and floorboards are reflected in her connection to the co-workers who become friends and friendships that deepen. A brilliant, quirky, town fixture of a handyman guides the renovation of the house and sparks Joy's interest to encourage his personal and professional growth. Amid the half-wanted attention of the campus's single, middle-aged men, known as "the Coyotes," and the legitimate dramas of her close-knit community, Joy learns that the key to the affection of family and friends is being worthy of it, and most important, that second chances are waiting to be discovered within us all.

Six Centuries of English Poetry

Let me tell you my story. Not just the facts I know you want to hear. If I'm going to tell you my story, I'm telling it my way. Strap yourself in. Eliza Boans has everything. A big house. A great education. A bright future. So why is she sitting in a police station confessing to murder?

The Nature of Technology

The Season of Second Chances

Recovering from an attempt on his life by an FBI traitor, Lily Yu's boss forms a ghost unit that will operate in secret and outside the law. Lily's conscience won't let her join. Her fiancé, Lupi Rule Turner, has no such reservations. But when a senator is killed, Lily's decision becomes a matter of life and death and all the magic in between.

Fury

This is book one of three. All books are full-length novels and must be read in order. All books are available now. The My Brother's Keeper Trilogy The town of Gilford has a Big and Terrible secret hidden in the ground. Infecting those it touches. Exploiting their darkness. Consuming their souls. It's hungry. It's vile. It's evil. And it wants out. Book One: The First Three Rules Marshal Jon Foster lost his purpose and his sanity the day he saw the image of his dead brother. The distraction saved Jon's life but cost the lives of innocent people including his best friend and partner. It was a price for survival Jon couldn't live with and was sure he'd never understand. Driven by grief and guilt he tried to escape his past by fleeing to a small town in the middle of nowhere. Only instead of peace, the memories festered. Then the offer of a stick of gum from a stranger changes Jon's life and puts him on a road out of the nightmare he's trapped in. Ellis Harper has lived the past twenty years isolated from the outside world and sole caretaker for his mentally disabled brother, Rudy. While Ellis loves his brother, he longs for a life he'll never be able to have. Shut away, his days consist of chores, endless cartoons, and games of Go Fish. A world that seemed to have no end until an innocent misunderstanding turns Ellis and his brother into a target for a town bully. It's a fight Ellis can never win on his own but thanks to a chance meeting with a stranger, he doesn't have to. What begins as a new journey in love for both men quickly unfolds into something neither of them could have ever imagined.
