The Sociology of Juvenile Delinquency

Sociology in Perspective

African Sociological Review

Offering instructors complete flexibility, SEEING SOCIOLOGY: AN INTRODUCTION, 3rd Edition combines up-to-the-minute coverage with an easy-to-manage approach featuring brief, self-contained modules in each chapter that instructors can assign based on the needs of their class. The Third Edition includes such contemporary topics as globalization's connection to technology and gay rights, the anti-aging industry, and The Affordable Care Act, and many others, reflecting the latest developments in the field. Extremely student-friendly and engaging, the text continues to make photos an integral part of the learning process—resulting in a stronger, more memorable learning experience for students. The new “What Do Sociologists See?” feature includes a sociologist's insights on everyday images, showing students how sociological concepts can be applied to daily life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Lifetime Health

This book features useful examples, frequent applications to real-world living, and cross-cultural perspectives. The author writes with a precision and clarity lacking in many sociology texts and makes the presentation of sociology both informative and interesting. The author's love of the field is apparent on every page of this involving text, and students will appreciate the way that Doob tells the story of sociology by presenting sociology as a set of accounts or narratives about specific sociological issues or events. While doing this, Doob also offers extremely thorough coverage of sociology including strong theory, fundamental concepts, and sociological ideas.

Sociology and Social Research

Introduction to Sociology 2e

"Yanomamö culture, in its major focus, reverses the meanings of "good" and "desirable" as phrased in the ideal postulates of the Judaic-Christian tradition. A high capacity of rage, a quick flash point, and a willingness to use violence to obtain one's ends are considered desirable traits. Much of the behavior of the Yanomamö can be described as brutal, cruel, treacherous, in the value-laden terms of our own vocabulary. The Yanomamö themselves, however, as Napoleon Chagnon came to intimately know them in the year and a half he lived with them, do not all appear to be mean and treacherous. As individuals, they seem to be people playing their own cultural game, with internal feelings that at times may be quite divergent from the demands placed upon them by their culture. This case study furnishes valuable data for phrasing questions about the relationship between the individual and his culture."-- Foreword.

American Sociological Review

Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

Elementary Sociology

Includes sections "Current bulletins" and "Book reviews".

Sociology

Sociology of Education

Society in America

Globalizing forces - institutional, political, economic, and cultural - are transforming American society. Sociology, Second Edition, is the first textbook to make

globalization a focal point while also providing comprehensive coverage of standard topics on American society. The global focus is developed with in-text examples and discussions, globalization boxes, end-of-chapter globalization sections, and an extensive map program. The global theme complements an emphasis on diversity, which helps readers overcome ethnocentrism and better appreciate the importance of multicultural understanding in the emerging global society. "Silenced Voices" boxes augment in-text discussions and examples that examine the impact of race and ethnicity, gender and sexuality, and class and age on human experience. A focus on critical analysis is fostered by "Critical Assessment" sections, which weigh the strengths and limitations of major theories, as well as by "Critical Thinking" boxes. New practice tests with answers facilitate students' preparation for quizzes and exams.

Holt Physics

The sociology of education is a rich interdisciplinary field that studies schools as their own social world as well as their place within the larger society. The field draws contributions from education, sociology, human development, family studies, economics, politics and public policy. *Sociology of Education: An A-to-Z Guide* introduces students to the social constructions of our educational systems

and their many players, including students and their peers, teachers, parents, the broader community, politicians and policy makers. The roles of schools, the social processes governing schooling, and impacts on society are all critically explored. Despite an abundance of textbooks and specialized monographs, there are few up-to-date reference works in this area. Features & Benefits: 335 signed entries fill 2 volumes in print and electronic formats, providing the most comprehensive reference resource available on this topic. Cross-References and Suggestions for Further Reading guide readers to additional resources. A thematic "Reader's Guide" groups related articles by broad topic areas as one handy search feature on the e-Reference platform, which also includes a comprehensive index of search terms, facilitating ease of use by both on-campus students and distance learners. A Chronology provides students with historical perspective on the sociology of education.

Sociology

Philippine Sociological Review

This text, specifically for AQA specifications, is designed to be easy and encouraging for students to use. The book contains updated material and activities together with a new chapter on study skills. It also indicates clearly where activities meet the new evidence requirements for key skills.

Sociology

Help your students visualize sociology all around them with William Kornblum's vibrant, visual, and research-based new ninth edition of SOCIOLOGY IN A CHANGING WORLD. Comprehensive and student friendly, SOCIOLOGY IN A CHANGING WORLD presents a thematic approach that emphasizes the reality of social change and its impact on individuals, groups, and societies throughout the world. This unique emphasis on social change--which is visited in the book's features--helps students understand our similarities, our differences, and society as a whole. The text carefully balances contemporary and classic theory and research, with special attention to the works of female and minority social scientists and cross-cultural studies. Kornblum applies all the major perspectives of sociology without giving undue emphasis to any single approach. Additionally, SOCIOLOGY IN A CHANGING WORLD is the chosen text for the Exploring Society: Introduction to Sociology Telecourse from Dallas TeleLearning. Challenging yet accessible, interesting and scholarly, Kornblum's ninth edition helps students think like sociologists long after their college experience. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sociology

Pacific Sociological Review

The classic work that redefined the sociology of knowledge and has inspired a generation of philosophers and thinkers. In this seminal book, Peter L. Berger and Thomas Luckmann examine how knowledge forms and how it is preserved and altered within a society. Unlike earlier theorists and philosophers, Berger and Luckmann go beyond intellectual history and focus on commonsense, everyday knowledge—the proverbs, morals, values, and beliefs shared among ordinary people. When first published in 1966, this systematic, theoretical treatise introduced the term social construction, effectively creating a new thought and transforming Western philosophy.

Sociology

Yanomamö, the Fierce People

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Annual Review of Sociology

Published to accompany MASS MoCA's landmark installation of LeWitt's innovative wall drawings, this book celebrates the artist and his illustrious 50-year career.

Sociology

First Published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

Introduction to Sociology

This text seeks to make sociology come alive as a vital and exciting field, to relate principles to real-world circumstances, and to attune students to the dynamic processes of the rapidly changing contemporary society.

Czech Sociological Review

Qualitative Research: Analysis Types and Software

The Sociology of Consumption: A Global Approach offers college students, scholars, and interested readers a state-of-the-art overview of consumption the desire for, purchase, use, display, exchange, and disposal of goods and services. The book's global focus, emphasis on social inequality, and analysis of consumer citizenship offer a timely, exciting, and original approach to the topic. Looking beyond the U.S. and Europe, Stillerman engages examples from his and others' research in Chile and other Latin American countries, Europe, the Middle East, Africa, and East and South Asia to explore the interaction between global and local forces in consumption. The text explores the lived experience of being a consumer, demonstrating how social inequalities based on class, gender, sexuality, race, and age shape consumer practices and identities. Finally, the book uncovers the important role consumption has played in fueling local and international activism. This welcome new book will be ideal for classes on consumer culture across the social sciences, humanities, and marketing.

Introduction to the Sociology of Language

A sociology program written exclusively for high school students Sociology and You is written by successful authors with extensive experience in the field of sociology. Meet American Sociological Association standards for the teaching of sociology in high school with this comprehensive program.
