A New York Times bestseller From the author of the New York Times bestselling Love & Gelato comes a heartwarming tale of a road trip through Ireland filled with love, adventure, and the true meaning behind the word family. Addie is visiting Ireland for her aunt's over-the-top destination wedding and hoping she can stop thinking about the one thing she did that left her miserable and heartbroken—and threatens her future. But her brother, Ian, isn't about to let her forget, and his constant needling leads to arguments and even a fistfight between the two once inseparable siblings. Miserable, Addie can't wait to visit her friend in Italy and leave her brother—and her problems—behind. So when Addie discovers an unusual guidebook, Ireland for the Heartbroken, hidden in the dusty shelves of the hotel library, she's able to finally escape her anxious mind and Ian's criticism. And then their travel plans change. Suddenly Addie finds herself on a whirlwind tour of the Emerald Isle, trapped in the world's smallest vehicle with Ian and his admittedly cute, Irish-accented friend Rowan. As the trio journeys over breathtaking green hills, past countless castles, and through a number of fairy-tale forests, Addie hopes her guidebook will heal not only her broken heart, but also her shattered relationship with her brother. That is if they don't get completely lost along the way.

Jack is charming, wildly attractive . . . and possibly one of San Francisco's most notorious graffiti artists. On midnight buses and city rooftops, Beatrix begins to see who Jack really is—and tries to uncover what he's hiding that leaves him so wounded. But will these secrets come back to haunt him? Or will the skeletons in Beatrix's own family's closet tear them apart?

I can't borrow him. He's not a sweater or a skirt. He's not even her favorite dress—the lucky one she wears on first dates. The one she probably wore on her first date with him. In my defense, I didn't know who he was. To me, he was a cool, calm, confident stranger. He was perfection for the entire hour and a half train ride while the concrete jungle turned into a rolling green landscape. To an outsider, we probably appeared more friends than hopeful lovers. But my blush came quickly, and his dimples indented with every smile. We definitely shared a spark of what could be. Too bad I didn't know who he was before I fell for him, because he can't be mine. ** If you received the incorrect book (*Wild Steamy Hook-up*) we apologize. Gee Whiz! It's All about Pee

Blithely flinging aside the Victorian manners that kept her disapproving mother corseted, the New Woman of the 1920s puffed cigarettes, snuck gin, hiked her hemlines, danced the Charleston, and necked in roadsters. More important, she earned her own keep, controlled her own destiny, and secured liberties that modern women take for granted. Her newfound freedom heralded a radical change in American culture. Whisking us from the Alabama country club where Zelda Sayre first caught the eye of F. Scott Fitzgerald to Muncie, Indiana, where would-be flappers begged their mothers for silk stockings, to the Manhattan speakeasies where patrons partied till daybreak, historian Joshua Zeitz brings the era to exhilarating life. This is the story of America's first sexual revolution, its first merchants of cool, its first celebrities, and its most sparkling advertisement for the right to pursue happiness. The men and women who made the flapper were a diverse lot. There was Coco Chanel, the French orphan who redefined the feminine form and silhouette, helping to free women from the torturous corsets and crinolines that had served as tools of social control. Three thousand miles away, Lois Long, the daughter of a Connecticut clergyman, christened herself "Lipstick" and gave New Yorker readers a thrilling entrée into Manhattan's extravagant Jazz Age nightlife. In California, where orange groves gave way to studio lots and fairytale mansions, three of America's first celebrities—Clara Bow, Colleen Moore, and Louise Brooks, Hollywood's great flapper triumvirate—fired the imaginations of millions of filmgoers. Dallas-born fashion artist Gordon Conway and Utah-born cartoonist John Held crafted magazine covers that captured the electricity of the social revolution sweeping the United States. Bruce Barton and Edward Bernays, pioneers of advertising and public relations, taught big business how to harness the dreams and anxieties of a newly industrial America—and a nation of consumers was born. Towering above all were Zelda and Scott Fitzgerald, whose swift ascent and spectacular fall embodied the glamour and excess of the era that would come to an abrupt end on Black Tuesday, when the stock market collapsed and rendered the age of abundance and frivolity instantly obsolete. With its heady cocktail of storytelling and big ideas, *Flapper* is a dazzling look at the women who launched the first truly modern decade. From the Hardcover edition.
