The "house" is one of American folk art's most popular and prominent motifs, and this beautiful, authoritative volume is the first of its kind to explore this symbol in all major folk art media. The book is also a record of America's lost architectural heritage-- many of the buildings featured are no longer standing. Each chapter focuses on a specific folk art category and includes an in-depth, detailed introduction to the subject followed by a comprehensive gallery of images accompanied by extended captions that provide a symbolic, social, and economic context for each piece. Every folk art format is featured: quilts, rugs, needlework, furnishings, paintings, and drawings, among others. The unique folk art objects presented are culled from dealers' wares, unpublished private and corporate collections, auction houses, and major folk art museums in the country. With its wealth of photography and insightful text, and introduction by Gerard C. Wertkin, Director of the Museum of American Folk Art in New York City, Home Sweet Home is an excellent resource for collectors, history and nostalgia buffs, and those interested in Americana.

Geyer's Stationer

I'm living with a stranger and tiptoeing over secrets. Strange memories shift into my brain, memories that I can't explain. Despite all the evidence that Eli and I are married, I know something isn't right. I'm pretty sure he's spying on me. I wonder what Eli is hiding from me. For that matter, what is he hiding from? He's keeping secrets, but are they related to my memory loss? Is something even bigger going on? I'm playing a double agent, working with him to rebuild a life while trying to uncover the truth. A romantic thriller series. Updates at <http://writerkristenjames.com/stranger-series/> Teaser: "You have a tattoo?" He pulls the shirt back off in one motion and sits on my side of the bed. Between his shoulder blades, there's a set of wings with a dagger of some kind in front of it. I graze my fingers over it, making him shiver. His response makes me pull my hand back. "It's okay." He throws a look over his shoulder at me. We're so close I can smell the scent of his skin—it makes me want to lean in and nuzzle my face. It's a strange, fleeting feeling. A real feeling, though. That part feels good. "This looks like...a military tattoo." "Got it in the Air Force," he says like it's common knowledge. "Oh... I know you don't know, but it keeps happening. I have to stop and remember that you don't remember." "It's not the Air Force emblem," I say, almost to myself. It's very close, though. Here and now, I remind myself, but still I wonder about it. "No, my own take on it. I liked the wing concept. That I can fly away." Lower on his side, the one tilted away from me, I spot a scar and lean over to look. It's five inches long and thick. "How did this happen?" I run my finger down it, but my heart thumps hard enough to hurt. It's from a knife wound. "Oh, that's not from my service. I jumped out of a tree when I was twelve and a branch had a sharp point. It cut pretty deep." It looks like it's not that old, and I'm sure it was a knife. I feel lightheaded suddenly. Am I creating an image of an open wound in his back or remembering it?

U.S. Geological Survey Professional Paper

Michelle Freeman: Strong-willed and opinionated: feisty, determined and independent. Knows what she wants and goes after it. Mavis: Michelle's stepmother: lacks formal education but possesses a sharp intelligence and innate common sense. Grandma Miriam: Michelle's maternal grandmother and matriarch of the Campbell family. Richard Armstrong: Tall, good-looking; dreadlocked. Entirely too sure of himself in Michelle's opinion, but captures her heart anyway. Michelle Freeman, affectionately known as Shell or Shellie, was born in Jamaica but migrated to England with her parents at the age of three. At age thirteen her life is thrown into turmoil when she accidentally discovers that her father's wife, whom she had always taken for granted as being her mother, is in fact, not. This shocking discovery leads her to begin a search for her biological mother. The search eventually takes her to Jamaica where she finds a large extended maternal family and develops a deep and abiding love for the island of her birth. After leaving school and university in London, where she studied journalism, Shellie decides to leave the UK and practise her profession in Jamaica. However, all is not plain sailing, as she encounters culture shock, prejudice and jealousy and comes to the realisation that her beloved island is not the idyllic paradise she had supposed it to be. Set in South London and on the beautiful island of Jamaica, the story spans seventeen years, following the fiery and feisty young woman through her teenage years, young love and tragedy, and into adulthood and more

conflicts and clashes.
