Edgar Allen Poe, The Fall of the House of Usher. An Analysis

"The Fall of the House of Usher" is a short story by Edgar Allan Poe first published in 1839. The story begins with the unnamed narrator arriving at the house of his friend, Roderick Usher, having received a letter from him in a distant part of the

country complaining of an illness and asking for his help. As he arrives, the narrator notes a thin crack extending from the roof, down the front of the building and into the adjacent lake. Although Poe wrote this short story before the invention of modern psychological science, Roderick's condition can be described according to its terminology. It includes a form of sensory overload known as hyperesthesia (hypersensitivity to textures, light, sounds, smells and tastes), hypochondria (an excessive preoccupation or worry about having a serious illness) and acute anxiety. It is revealed that Roderick's twin sister, Madeline, is also ill and falls into cataleptic, deathlike trances. The narrator is impressed with Roderick's paintings, and attempts to cheer him by reading with him and listening to his improvised musical compositions on the guitar. Roderick sings "The Haunted Palace," then tells the narrator that he believes the house he lives in to be alive, and that this sentience arises from the arrangement of the masonry and vegetation surrounding it. Roderick later informs the narrator that his sister has died and insists that she be entombed for two weeks in the family tomb located in the house before being permanently buried. The narrator helps Roderick put the body in the tomb, and he notes that Madeline has rosy cheeks, as some do after death. They inter her, but over the next week both Roderick and the narrator find themselves becoming increasingly agitated for no apparent reason. A storm begins. Roderick comes to the narrator's bedroom, which is situated directly above the vault, and throws open his window to the storm. He notices that the tarn surrounding the house seems to glow in the dark, as it glowed in Roderick Usher's paintings, although there is no lightning. The narrator attempts to calm Roderick by reading aloud *The Mad Tryst*, a novel involving a knight named Ethelred who breaks into a hermit's dwelling in an attempt to escape an approaching storm, only to find a palace of gold guarded by a dragon. He also finds, hanging on the wall, a shield of shining brass on which is written a legend: Who entereth herein, a conqueror hath bin; Who slayeth the dragon, the shield he shall win;[1] With a stroke of his mace, Ethelred kills the dragon, who dies with a piercing shriek, and proceeds to take the shield, which falls to the floor with an unnerving clatter. As the narrator reads of the knight's forcible entry into the dwelling, cracking and ripping sounds are heard somewhere in the house. When the dragon is described as shrieking as it dies, a shriek is heard, again within the house. As he relates the shield falling from off the wall, a reverberation, metallic and hollow, can be heard. Roderick becomes increasingly hysterical, and eventually exclaims that these sounds are being made by his sister, who was in fact alive when she was entombed. Additionally, Roderick somehow knew that she was alive. The bedroom door is then blown open to reveal Madeline standing there. She falls on her brother, and both land on the floor as corpses. The narrator then flees the house, and, as he does so, notices a flash of moonlight behind him which causes him to turn back, in time to see the moon shining through the suddenly widened crack. As he watches, the House of Usher splits in two and the fragments sink into the tarn.

and imagination with which he probed the darkest corners of the human mind. 'The Fall of the House of Usher' is a slow-burning Gothic horror, describing the final hours of a family tormented by tragedy and the legacy of the past. In 'The Tell-Tale Heart', a murderer's insane delusions threaten to betray him, while stories such as 'The Pit and the Pendulum', 'The Raven' and 'The Cask of Amontillado' explore extreme states of decadence, fear and hate. In his introduction David Galloway re-examines the myths surrounding Poe's life and reputation. This edition includes a new chronology and suggestions for further reading. Although dissipated in his youth and plagued by mental instability towards the end of his life, Boston-born Edgar Allan Poe (1809-49) had a variety of occupations, including service in the US army and magazine editor, as well as his remarkable literary output. A representative of Poe's tales of the sea, "Ms. Found in a Bottle" follows the writer's infatuation with the horrific and unknown forces around us. An avid reader just like his creator, the narrator finds solace within books and ancient lore, thus testing the limits of one's imagination, and at the same time paving the road for further exploration of the unknown. Poe's otherworldly narrative could easily fall in the same category as the sea voyages and tribulations described by later authors such as Herman Melville and Joseph Conrad. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Inspired by Poe's own tragic life, the short story clearly presages Freud's method of psychoanalysis. In a very Fight-club-like plot and situations, "William Wilson" is a journey within the mind. Some sixty years prior to Freud's clinical work and theoretical developments, Poe's story is an example of the rise of the psychological genre in literature. A fruitful, and at the same time paranoid, the theme of the doppelganger runs strong in Edgar Allan Poe's fiction. From "The Fall of the House of Usher" to "Morella" and "Ligeia", Poe's characters are constantly harassed by conscious entities that mirror the chaos within the protagonists' unconscious. The influence of "William Wilson" can be felt in the proliferation of contemporary movies exploring the idea of the double, such as Hitchcock's "Vertigo" (1958), Basil Dearden's "The Man Who Haunted Himself" (1970) or Darren Aronofsky's "Black Swan" (2010). Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. The Fall of the House of Usher; Usher II

A sweet little cat drives a man to insanity and murder. The grim death known as the plague roams a masquerade ball dressed in red. A dwarf seeks his final revenge on his captors. A sister calls to her beloved twin from beyond the grave. Prepare yourself. You are about to enter a world where you will be shocked, terrified, and, though you'll be too scared to admit it at first, secretly thrilled. Here are four tales -- The Black Cat, The Masque of the Red Death, Hop-Frog, and The Fall of the House of Usher -- by the master of the macabre, Edgar Allan Poe. The original tales have been ever so slightly dismembered -- but, of course, Poe understood dismemberment very well. And he would shriek in ghoulish delight at Gris Grimly's gruesomely delectable illustrations that adorn every page. So prepare yourself. And keep the lights on.

Tales of the Grotesque and Arabesque

"The Cask of Amontillado" (sometimes spelled "The Casque of Amontillado") is a short story, written by Edgar Allan Poe and first published in the November 1846 issue of Godey's Lady's Book. The story is set in a nameless Italian city in an unspecified year (possibly sometime during the eighteenth century) and concerns the deadly revenge taken by the narrator on a friend who he claims has insulted him. Like several of Poe's stories, and in keeping with the 19th-century fascination with the subject, the narrative revolves around a person being buried alive - in this case, by immurement.

The Fall of the House of Usher

Poe's classic tale lives on in this gothic novel of ancestral madness in the mountains of modern-day North Carolina, from a New York Times–bestselling author. Ever since Edgar Allan Poe looted a family's ignoble secret history for his classic story "The Fall of the House of Usher," living in the shadow of that sick dynasty has been an inescapable scourge for generations of Usher descendants. But not for horror novelist Rix Usher. Years ago, he fled the isolated family estate of Usherland in the menacing North Carolina hills to pursue his writing career. He promised never to return. But his father's impending death has brought Rix back home to assume the role of Usher patriarch—and face his worst fears. His arrival forces him to confront a devious and impassive family and his vulnerable sister's slow descent into insanity. Stirring memories of the grim folktales born out of the surrounding Briartop Mountains and the terrifying legends of missing children, Rix knows that in the dark, twisted corridors of Usherland, that dreadful something he saw as a young boy is still there. It's waiting for him, as decayed and undying as the Usher heritage, and more depraved than anything Poe could have imagined. This eerie novel by the Bram Stoker Award–winning author of *Swan Song* and *Boy's Life* is "a frightening pleasure" and a worthy tribute to the master who inspired it (St. Louis Post-Dispatch).

The heir to the family fortune, he has just received the most unusual part of the Poe legacy—the casket. The three-foot-long wooden box contains the notes and personal papers of the Poe men dating back to the eerie and mysterious Edgar Allen. It is passed on to every male Poe on his thirtieth birthday. John Charles has sworn not to divulge its secrets, but a call from his oldest friend, Roderick Usher, on the verge of a breakdown, may justify a broken oath.

A Watcher by the Dead

'What is a self and how can a self come out of inanimate matter?' This is the riddle that drove Douglas Hofstadter to write this extraordinary book. In order to impart his original and personal view on the core mystery of human existence - our intangible sensation of 'I'-ness - Hofstadter defines the playful yet seemingly paradoxical notion of 'strange loop', and explicates this idea using analogies from many disciplines.

Seminar paper from the year 2009 in the subject American Studies - Literature, grade: 1,3, University of Hamburg (Institut für Anglistik und Amerikanistik), language: English, abstract: Edgar Allen Poe is certainly one of the most famous writers of Gothic fiction of the nineteenth century. His tales are known for dark settings and characters with diseased or deluded minds . Moreover, in Poe's fiction it is often the case that "the boundaries between reality, illusion and madness remain unresolved" . These are undoubtedly factors that contribute to the terror created in his works. However, are those to be considered the prime reasons for the terror in Poe's fiction? There are other factors which are not as easily detected but which might still be the chief reasons and can be related to the above mentioned ones, such as the unreliability of the narrator. In order to further examine this thesis "The Fall of the House of Usher," one of his most widely known short stories, will be looked at in the following with regard to the question whether the terror is caused by the unreliability of the narrator or whether there are other reasons mainly responsible for it. However, prior to dealing with this question a definition of unreliable narration will be given and the narrator of "The Fall of the House of Usher" will be examined concerning his reliability."

This early work by Sheridan Le Fanu was originally published in 1872. Born in Dublin in 1814, he came from a literary family of Huguenot origins; both his grandmother Alicia Sheridan Le Fanu and his great-uncle Richard Brinsley Sheridan were playwrights, and his niece Rhoda Broughton would go on to become a successful novelist. Le Fanu entered Trinity College, Dublin to study law. While there, he was elected Auditor of the College Historical Society, and between 1838 and 1840 published his first series of short stories, which were later collected as The Purcell Papers. At his peak, le Fanu was the leading ghost-story writer of the

nineteenth century, and he is now seen as central to the development of the genre in the Victorian era. His work is credited with turning the Gothic's focus from the external sources of horror to the inward effects of terror, thus helping to create the psychological basis for supernaturalist literature that continues to this day. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. The Fall of the House of Usher

No American author of the early 19th century enjoys a larger international audience than Edgar Allan Poe. Widely translated, read, and studied, he occupies an iconic place in global culture. Such acclaim would have gratified Poe, who deliberately wrote for "the world at large" and mocked the provincialism of strictly nationalistic themes. Partly for this reason, early literary historians cast Poe as an outsider, regarding his dark fantasies as extraneous to American life and experience. Only in the 20th century did Poe finally gain a prominent place in the national canon. Changing critical approaches have deepened our understanding of Poe's complexity and revealed an author who defies easy classification. New models of interpretation have excited fresh debates about his essential genius, his subversive imagination, his cultural insight, and his ultimate impact, urging an expansive reconsideration of his literary achievement. Edited by leading experts J. Gerald Kennedy and Scott Peeples, this volume presents a sweeping reexamination of Poe's work. Forty-five distinguished scholars address Poe's troubled life and checkered career as a "magazinish," his poetry and prose, and his reviews, essays, opinions, and marginalia. The chapters provide fresh insights into Poe's lasting impact on subsequent literature, music, art, comics, and film and illuminate his radical conception of the universe, science, and the human mind. Wide-ranging and thought-provoking, this Handbook reveals a thoroughly modern Poe, whose timeless fables of peril and loss will continue to attract new generations of readers and scholars.

The Oxford Handbook of Edgar Allen Poe

Madeline Usher has been buried alive. The doomed heroine comes to the fore in this eerie reimagining of Edgar Allan Poe's classic short story "The Fall of the House of Usher." Gothic, moody, and suspenseful from beginning to end, *The Fall* is literary horror for fans of *Miss Peregrine's Home for Peculiar Children* and *Asylum*. Madeline awakes in a coffin. And she was put there by her own twin brother. But how did it come to this? In short, non-chronological chapters, Bethany Griffin masterfully spins a haunting and powerful tale of this tragic heroine and the curse on the Usher family. The house itself is alive, and it will never let Madeline escape, driving her to madness just as it has all of her ancestors. But she won't let it have her brother, Roderick. She'll do everything in her power to save him—and try to save herself—even if it means bringing the house down around them. With a sinister, gothic atmosphere and relentless tension to rival Poe himself, Bethany Griffin creates a house of horrors and introduces a whole new point of view on a timeless classic. Kirkus Reviews praised it in a starred review as "A standout take on the classic haunted-house tale replete with surprises around every shadowy corner."
