"Absorbing. Soc is an appealing, witty protagonist..and the Cape Cod locale is rendered with panache in this face-paced enjoyable yarn." Publisher's Weekly Life's a Beach-Until Murder Rolls in With the Tide A 50-million-dollar salvage operation. An expert diver dead at the bottom of the sea. An elegant mermaid in a black Porsche-and an open invitation to dip into the troubled waters of her marriage. Cape Cod's Aristotle "Soc" Socarides, part-time fisherman, part-time private eye, is swimming with the sharks. Only problem is, he's the bait and blood is beginning to boil to the surface. Soc didn't think he could get in much deeper, but he'd better think again. A family debt of honor comes due-a debt only he can settle-plunging him into the middle of a lethal search for buried treasure. Now Soc's about to discover how deadly the Cape's currents can be. Snarled in a net of smuggling, treachery, and revenge, he's finding out that no matter how far down you go, nothing's harder to salvage than the truth. "Absolutely the best private-eye mystery I've read. I can't wait for the next one." Bestselling Author, Clive Cussler

## **A Suitable Boy**

“Long-buried secrets, a dangerous cult, and lots of twists and turns. Sure to appeal to fans of Steve Berry and Dan Brown” (C. S. Graham, author of The Archangel

Project). Eight days before the summer solstice, a man is butchered in a blood-freezing sacrifice on the ancient site of Stonehenge before a congregation of worshippers. Within hours, one of the world's foremost treasure hunters has shot himself in his country mansion. Teaming up with an ambitious young policewoman, his estranged son soon exposes a secret society—an ancient legion devoted to Stonehenge. With a ruthless new leader, the cult is now performing ritual sacrifices in a terrifying bid to unlock the secret of the stones. Packed with codes, symbology, relentless suspense, and fascinating detail about one of the world's most mysterious places, *The Stonehenge Legacy* is a breakthrough novel of addictive and eerie suspense. "Intriguing . . . integrates secret diaries, codes, hooded monks, and historical detail." —Publishers Weekly

## **Deep Sky**

1827 During a research trip to Loch Ness, Scotland, a young Charles Darwin encounters a mysterious and terrifying creature that provides the spark for his evolutionary theory. 2013 Almost two hundred years later, and hundreds of miles away in Paris, the Eiffel Tower is under attack. Army engineer Tyler Locke is called in to help, and his expertise saves the day. But Tyler doesn't know he's about to get pulled into a conspiracy so dark that it not only threatens those he loves, but could also ignite World War III. Racing against time to discover the truth behind Darwin's discovery, Tyler must solve a series of cryptic clues to find a single manuscript that has been so well hidden it hasn't been seen since the Victorian age. From the remote shores of Loch Ness to the splendour of Versailles, international bestseller Boyd Morrison effortlessly blends a page-turning story with true historical fact to create his most breath-taking, action-packed thriller ever.

## **Lost City of the Templars**

Two-time Webby Award winner and Instagram meme sensation Tank.Sinatra (aka George Resch) has written a transformational book for the ADD generation that just might make Napoleon Hill and Dale Carnegie roll over in their respective graves! George shares hard-earned insights from his journey from undateable, unemployable, overweight smoker-and-alcoholic, to a happily married entrepreneur, bodybuilder, and non-smoker who has been sober for 14 years (at the time of the release of this book). Showing a complete disregard for the typical self-help conventions (and his signature love for humorous wordplay), George cuts right to the core of the issues with this collection of bit-sized inspiration. Whether you feel stuck in your career, health, relationships, or life in general, this book is sure to inspire and enlighten.

## **The Eden Prophecy**

Top army engineer Tyler Locke is given a mysterious ancient manuscript. Written in Greek, it initially seems indecipherable. But with the help of classics scholar Stacy Benedict, Locke comes to understand that this manuscript could provide the clues to the greatest riches known to mankind - the legendary treasure of King Midas. However, there are others who are also hot on the trail - and it rapidly becomes a race against time to crack a code that is both fiendishly difficult and

potentially deadly. A sweeping, gripping read, *The Midas Code* blends fascinating incidents from myth and legend with a modern plot that will have you guessing to the very last page.

## **Shadow Tyrants**

The book leads the reader through the past to the present and here leaves him amid active and progressive men who are advancing, along with him, toward the future. Including, as it does, lives of men now living, it constitutes a connecting link between what has gone before and what is to come after. It is therefore fitting that it should be dedicated to a prominent man of our day in preference to one of former times. The matter presented, in the nature of things, is largely biographical. There can be no foundation for history without biography. History is a generalization of particulars. It presents wide extended views. To use a paradox, history gives us but a part of history. That other part which it does not give us, the part which introduces us to the thoughts, aspirations and daily life of a people, is supplied by biography. The men whose deeds are recorded in this book were or are deeply identified with Texas, and the preservation in this volume in enduring form of some remembrance of them—their names, who and what they were—has been a pleasant task to one who feels a deep interest and pride in Texas—its past history, its heroes and future destiny.

## **The Valhalla Prophecy**

Only Juan Cabrillo and the crew of the *Oregon* stand between two warring moguls and global havoc in this thrilling suspense novel in Clive Cussler's #1 New York Times bestselling series. Nearly two thousand years ago, an Eastern emperor charged a small group with safeguarding secrets powerful enough to change the history of mankind. They went down in legend as the Nine Unknown Men--and now two rival factions of their descendants are fighting a mighty battle. Both sides think they are saving the world, but their tactics could very well bring about the end of humankind. Soon, Juan Cabrillo and his team of expert operatives aboard the *Oregon* find themselves trapped between two power-hungry adversaries, both of whom are willing to use shocking means to accomplish their goals. Cabrillo and the team must divide and conquer as they fight dual threats, which include a supercomputer at sea and satellites that can wipe out technology across the globe--including the high-tech weapons on board the *Oregon*. The crew must rely on their unique skills to stop the tyrants in their tracks and save the earth from a dynasty of terror.

## **The Roswell Conspiracy**

Surviving a bomb threat that was set up as a test by a terrorist cell that has abducted his father, industrial engineer Tyler Locke is blackmailed into tracking down a legendary treasure that will finance terrorist activities for decades.

## **The Noah's Ark Quest**

Three centuries after the pilgrims set foot on Plymouth Rock, some Indians are still

on the warpath. So when a workman is tomahawked to death at the replica of a three-hundred-year-old Pilgrim village, suspicion falls on Joe Quint, the Native American activist whose threats to hammer Plymouth Rock into gravel have cast him in the spotlight. The murder case seems open and shut until Cape Cod fisherman-diver-detective Aristotle "Soc" Socarides is asked to investigate by John Flagg, his Vietnam comrade turned CIA spook. With millions in Indian casino gambling profits at stake, Soc soon finds himself betting his life in a high-risk game that could end with a single roll of the dice. Soc must run the gauntlet between a federal agent with blood in his eye and the militant Indian Warrior Society, dive into the deadly waters of a mysterious underwater cavern, expose a trade in illegal Native American artifacts, and rescue a kidnapped hostage.

## **The Alexander Cipher**

It is up to Juan Cabrillo and the crew of his ship, the Oregon, to stop a terrorist plot to release a deadly chemical weapon across the globe in the explosive new novel in Clive Cussler's #1 New York Times bestselling series. While interrupting an attack on a Kuwaiti oil tanker, Juan Cabrillo and his team discover something even more dangerous: a ruthless billionaire's dying wish has allowed a paralyzing chemical to end up in the hands of a terrorist group. When an Oregon crew member falls victim to the poison, Juan Cabrillo will stop at nothing to find an antidote before it is too late. He and his team must connect an ancient mystery with a cunning modern enemy in order to save millions of innocent lives, including their own.

## **Island 731**

A Templar legend is revealed as one man's obsession takes him on a globe-spanning quest into the jungles of the Amazon in the new novel from New York Times bestselling author Paul Christopher... Retired Army Ranger John Holliday has thwarted the plots of Rex Deus, the twenty-first-century incarnation of the Templars, all over the world. Now, the lost journal of explorer Percy Fawcett leads Holliday into the South American jungles—and a Templar mystery... Trailed by an infamous tomb raider and menaced by a tribe of hostile natives, Holliday and his crew uncover a five-hundred-year-old society hidden in the cauldron of the Amazon. Descendants of the Templar Knights, they exist for one reason: to hide and protect the holy artifact taken from the original Temple of Jerusalem by the first Templars: the legendary Ark of the Covenant.

## **Happy Is the New Rich**

The Cold War may be over, but the United States is still practicing Cold War foreign policies. From the Persian Gulf to El Salvador, from Bosnia to Somalia, U.S. policymakers continue to rely on force, threats, arms, and military aid. A fundamental redefinition of national security—beyond war and militarization, beyond bilateralism, beyond sovereign states—is long overdue. In *Security Without War*, a dynamic author team lays out new principles and policies for the United States to adopt in a post-Cold War world. Shuman and Harvey encourage Americans to take account of all threats (not just military ones), to emphasize

preventing conflicts over winning wars, to enhance every nation's security (including that of its enemies), to favour multilateral approaches over bilateral ones, and to promote greater citizen participation in foreign policy. Throughout, they show how military, political, economic, and environmental security interests are all linked—and how emphasizing one over the others can undermine the nation's safety. Security Without War brings together for the first time the major elements of post-Cold War security thought. The authors show how a new framework for U.S. international relations can enhance U.S.—and indeed, global—security at a substantially lower cost.

## **Indian Wars and Pioneers of Texas**

Dilara Kenner, an ambitious young archaeologist, must run for her life when an old friend is murdered right in front of her. Before he dies in her arms, he gasps a few cryptic words about a vast conspiracy to hide an amazing historical artefact and tells Dilara that the only person who can help her is a former Army combat engineer named Tyler Locke. Dilara finds Locke on a North Atlantic oil platform but the helicopter she arrives in suffers a mechanical failure and goes down next to the rig. The quick-thinking Locke manages to rescue everyone on board, including Dilara. She tells him that the helicopter crash was no accident. Someone wants to stop her from finding Noah's Ark. Locke and Dilara head to Arizona, and their investigation reveals a chilling discovery. A group of religious fanatics has recovered a weapon from the Ark that will let them recreate the effects of the biblical flood and mold the remnants of humanity according to their leader's twisted vision. Now Locke and Dilara have just seven days to find the Ark and the secret hidden inside before it is used to wipe out civilization again

## **The Tomb of Hercules**

SPECTATOR BOOKS OF THE YEAR 2015 Britain's empire has gone. Our manufacturing base is a shadow of its former self; the Royal Navy has been reduced to a skeleton. In military, diplomatic and economic terms, we no longer matter as we once did. And yet there is still one area in which we can legitimately claim superpower status: our popular culture. It is extraordinary to think that one British writer, J. K. Rowling, has sold more than 400 million books; that Doctor Who is watched in almost every developed country in the world; that James Bond has been the central character in the longest-running film series in history; that The Lord of the Rings is the second best-selling novel ever written (behind only A Tale of Two Cities); that the Beatles are still the best-selling musical group of all time; and that only Shakespeare and the Bible have sold more books than Agatha Christie. To put it simply, no country on earth, relative to its size, has contributed more to the modern imagination. This is a book about the success and the meaning of Britain's modern popular culture, from Bond and the Beatles to heavy metal and Coronation Street, from the Angry Young Men to Harry Potter, from Damien Hirst to The X Factor.

## **The Loch Ness Legacy**

From Sunday Times bestselling author Graham Brown, co-author (with Clive

Cussler) of The Pharaoh's Secret A coveted treasure. A perilous mission. A dangerous secret that could change the world Former CIA-agent Hawker has been black flagged by his own government and Interpol and the State department have issued a warrant for his arrest. All Hawker wants to do is find a way back home that doesn't involve a prison sentence or a body bag. Government operative Danielle Laidlaw is his way out. She needs a pilot and a security consultant for her mission to discover the lost Mayan city of Tulan Zuyu. In return for his services, she promises Hawker his life back. But as an unseen enemy stalks the rainforests, leaving battered corpses in its wake, they are about to discover that they are not the first - and they are not the only people looking for Tulan Zuyu and the secrets it may hold.

## **Brodeck**

Holliday's niece—and Rafi's fiancé—Peggy has been kidnapped. Holliday sets out with Rafi to find the only family he has left. But their search for Peggy will lead them to a trail of clues that spans across the globe, and into the heart of a conspiracy involving an ancient Egyptian legend and the darkest secrets of the Order of Templar Knights. Secrets that, once known, cannot be survived

## **Free At Last**

The Oregon crew must work without their usual resources when a rogue hacker empties their bank account in this action-packed installment from the #1 New York Times–bestselling grand master of adventure. When a bank heist during the Monaco Grand Priz decimates the Corporation's "offshore" account, Juan Cabrillo and the crew of the Oregon find themselves unexpectedly vulnerable. Without his usual financial assets, Juan must trust a woman from his past, an old friend from his days with the CIA, to help him keep his team safe. Together, they'll face a mysterious hacker with a brutal vendetta. It is only after the hunt begins that the enormity of the plan comes into focus: the bank theft is just the first step in a plot that will result in the deaths of millions and bring the world's economies to a standstill. The catalyst for the scheme? A stunning document stolen during Napoleon's disastrous invasion of Russia. But two hundred years later, it may be the thing that brings Europe to its knees. From the Hardcover edition.

## **The Catalyst**

Featuring a chilling premise and a blistering pace, this stunning novel by the author of "The Vault" combines all the best elements of a blockbuster thriller with an intelligent and fascinating exploration of one of the Old Testament's greatest mysteries.

## **Neptune's Eye**

## **The Mayan Conspiracy**

This book was previously published as The Palmyra Impact. A minor seismic disturbance in a remote section of the Pacific causes barely a ripple of concern for Kai Tanaka, acting director of the Pacific Tsunami Warning Center in Honolulu. But when an airliner en route from L.A. to Sydney vanishes in the same location, Kai is the first to realize that a mysterious explosion has unleashed a series of massive waves destined to obliterate Hawaii. In just one hour, Kai will lose all he has ever known—including his wife and daughter— unless he can save them from nature's most destructive force.

## **The Ark**

UNDERWATER UNDERHANDEDNESS . . . A simple missing-persons case: Find Frederick Walther's beautiful young daughter, who disappeared after a love affair turned sour. Simple, that is, until Leslie Walther's lover turns up dead in a fishy place—the seal pool at the Woods Hole aquarium. Part-time fisherman-part-time private eye "Soc" Socarides finds the highly loathsome Tom Drake had a number of acquaintances, business rivals, ex-lovers, and an ex-wife—all with reason to want him dead. Soc's investigation turns up so many knotted threads he could make a fishnet: a long-lost German U-boat, a cutting-edge underwater vehicle, corporate espionage, a shady munitions dealer, and a CIA spook from Soc's distant past. Soc hopes the net will snare a murderer. But if he makes one wrong move, it could drag him down to a cold, wet, silent grave.

## **The Ecology of Phytoplankton**

Communities of microscopic plant life, or phytoplankton, dominate the Earth's aquatic ecosystems. This important new book by Colin Reynolds covers the adaptations, physiology and population dynamics of phytoplankton communities in lakes and rivers and oceans. It provides basic information on composition, morphology and physiology of the main phyletic groups represented in marine and freshwater systems and in addition reviews recent advances in community ecology, developing an appreciation of assembly processes, co-existence and competition, disturbance and diversity. Although focussed on one group of organisms, the book develops many concepts relevant to ecology in the broadest sense, and as such will appeal to graduate students and researchers in ecology, limnology and oceanography.

## **The Stonehenge Legacy**

On board a research vessel in the Pacific, expert tracker Mark Hawkins is trapped on a tropical island with the crew and uncovers evidence of the island's history as the site of a brutal World War II human experimentation program.

## **The Mayflower Murder**

AN ANCIENT WARRIOR. AN INCREDIBLE TREASURE. A LETHAL ENEMY. It's the opportunity of a lifetime—the chance to prove that a tomb containing the remains of the legendary hero Hercules actually exists. If American archaeologist Nina Wilde can locate it, it will be the most important historical find ever unearthed. But as Nina and her ex-SAS bodyguard, Eddie Chase, begin their search, it's clear that others want to find the tomb—and the unimaginable riches within—and will do anything to get there first. Who will find the tomb of Hercules first, and what fantastic treasure does it hold? From New York to Shanghai, from Switzerland to the diamond mines of Botswana, Nina and Eddie must stay one step ahead of their enemies in a race to solve a mystery as ancient as civilization itself. But when a beautiful woman from Eddie's past joins the hunt, all the rules change—and in this life-and-death game, their next move may be the most dangerous one of all. From the Paperback edition.

## **Ghosts in Mansions**

When a stranger with unusual manners is murdered for his unflattering and insightful illustrations, a government report writer and concentration camp survivor writes an official, whitewashed account of the incident while secretly penning the truth in a parallel narrative.

## **Piranha**

The electrifying Pike Logan series continues as the Taskforce—a top secret team that exists outside the bounds of U.S. law and is charged with finding and destroying asymmetric threats—races to stop a terrorist hit. A shadowy trail leads the Taskforce to Egypt—where an attack leaves one member dead and another barely alive. Veteran warrior Pike Logan and his young partner, Jennifer Cahill, are forced to helm the increasingly convoluted and dangerous mission: a mission that tests both Jennifer's ability to justify her actions, and Pike's tenuous ability to stay in control. Sifting their way through the opposing plots of two terrorist organizations will turn out to be the least of their problems when a weapon of unthinkable power touches American soil—the only country in which Taskforce members are forbidden to operate, and the only country that Pike Logan may be unable to save.

## **Deep Fire Rising**

For fans of James Rollins and Matthew Reilly comes a heart-stopping, globe-spanning adventure in Andy McDermott's explosive series featuring American archaeologist Nina Wilde and ex-SAS bodyguard Eddie Chase. MYSTERIOUS RUNESTONES. AN ANCIENT VIKING MYTH. AND A PROPHECY OF LIFE OR DEATH. In a Stockholm museum, thieves steal an enormous Norse runestone, but not before killing a security guard. When Nina Wilde, head of the International Heritage Agency (IHA), and her husband, ex-mercenary Eddie Chase, arrive to investigate, they are told a chilling story: A scholar has discovered that the stone may be one of two keys to finding the mythological site of Valhalla, where the Vikings predicted the world's final battle would begin. The second stone lies at the bottom of a Norwegian lake. But when Nina and Eddie race to the scene, they're hit with a

shocking surprise. Covert agents from around the world, including a ruthless mole in the IHA, are drawn into a lethal game, . Then a disturbing secret surfaces from Eddie's past, involving a mission in Vietnam and a woman he tried to save. Suddenly suspicious of her own husband, Nina cannot afford to stop the perilous search for the artifact. For somewhere in a remote wilderness, two forces are about to converge: one that could save the world . . . and one that could destroy it.
