## Poor Richard's Almanac

Anne Sherwood has made her life into a safe, orderly garden. She draws the plants of London's famous Kew Gardens, an entirely suitable occupation for a widowed lady in Queen Victoria's England. Then a compelling invitation takes her to Ireland, to sketch a recently discovered tree's golden sapling with unusual qualities and even more mysterious origins. Determined to learn more, Anne finds herself confronting Michael McEvoy, an enigmatic figure who prefers the loneliness of the wild to society and its entrapments. Michael's heart beats to the rhythm of the land. The ebb and flow of the seasons and the cadence are his calendar and clock. When the prim Englishwoman arrives, he is stunned to discover her conventional exterior hides a kindred spirit, one as sensitive as he to growing things his perfect mate. From New York Times bestselling author Julia Quinn comes the seventh novel in the beloved Regency-set world of her charming, powerful Bridgerton family, now a series created by Shonda Rhimes for Netflix. From the #1 New York Times bestselling author of The Sum of All Kisses and Because of Miss Bridgerton comes the story of Hyacinth, the youngest child of the famed Bridgerton siblings. Meet Our Hero . . . Gareth St. Clair is in a bind. His father, who detests him, is

determined to beggar the St. Clair estates and ruin his inheritance. Gareth's sole bequest is an old family diary, which may or may not contain the secrets of his past . . . and the key to his future. The problem is—it's written in Italian, of which Gareth speaks not a word. Meet Our Heroine . . . All the ton agreed: there was no one quite like Hyacinth Bridgerton. She's fiendishly smart, devilishly outspoken, and according to Gareth, probably best in small doses. But there's something about her—something charming and vexing—that grabs him and won't quite let go . . . Meet Poor Mr. Mozart . . . Or don't. But rest assured, he's spinning in his grave when Gareth and Hyacinth cross paths at the annual—and annually discordant—Smythe-Smith musicale. To Hyacinth, Gareth's every word seems a dare, and she offers to translate his diary, even though her Italian is slightly less than perfect. But as they delve into the mysterious text, they discover that the answers they seek lie not in the diary, but in each other . . . and that there is nothing as simple—or as complicated—as a single, perfect kiss. This edition includes the second epilogue from *The Bridgertons: Happily Ever After*.

### **Forbidden Garden**

The

manor house is comfortable, and the cook is delighted to feed Henry as much as he can eat. Sir Richard is also kind, and Henry knows he has finally found a place where he belongs. But everything changes when one of Sir Richard's experiments accidentally transforms a normal-sized tarantula into a colossal beast that escapes and roams the neighborhood. After a man goes missing and Sir Richard is accused of witchcraft, it is left to young Henry to find an antidote for the oversized arachnid. Things are not as they seem, and in saving Sir Richard from the gallows, Henry also unravels a mystery about his own identity.

### **Business Stripped Bare**

Captain Karl von Schenk of the Kaiser's Navy is a stereotypical German nobleman - supremely self-confident, touchy about the divisions of class and any infringement on his place. He thinks he is handsome, has a suitably manly physique, an excellent singing voice, and a facility with writing. His wartime service related in his diary is a series of triumphs over harrowing circumstances, bringing his boat back in spite of the best efforts of the Royal Navy to stop him. His one vulnerability is a young lady he meets on leave in Bruges, Belgium. Although she is the trophy girlfriend of a German colonel who could cause him much harm if he were to find out, von Schenk pursues

his Zoe with Teutonic straightforwardness. And both he and the reader are entirely blind-sided by the unexpected thunderclap that puts an end to the sweet affair. Stephen King-Hall, a Royal Navy officer during the war and writing as "Etienne", penned this book as if he had simply discovered it on a surrendered submarine. In fact, some editions of the book list the author as "anonymous." King-Hall's knowledge of naval affairs lend authority to this yarn of men that go to the sea in ships that sink on purpose.

Richard Norton-Taylor reveals the secrets of his forty-year career as a journalist covering the world of spies and their masters in Whitehall. Early in his career, Norton-Taylor successfully campaigned against official secrecy, gaining a reputation inside the Whitehall establishment and the outside world alike for his relentless determination to expose wrongdoing and incompetence. His special targets have always been the security and intelligence agencies and the Ministry of Defence, institutions that often hide behind the cloak of national security to protect themselves from embarrassment and being held to account. Encouraged by his trusted contacts in intelligence agencies and Whitehall departments, Norton-Taylor was among the first of the few journalists consistently to attack the planned invasion of Iraq in 2003 and subsequently covered for the Guardian the devastating evidence of every witness to the Chilcot inquiry. He also enjoyed unique access

to a wide array of defence sources, giving him a rare insight into the disputes among top military commanders as they struggled to fight wars in Iraq and Afghanistan with under-resourced and ill-equipped troops. Described by a former senior Intelligence official as a 'long-term thorn in the side of the intelligence establishment', and winner of numerous awards for his journalism, Norton-Taylor is one of the most respected defence and security journalists of his generation. Provocative, and rich in anecdotes, *The State of Secrecy* is an illuminating, critical and, at times, provocative account of the author's experiences investigating the secret world.

### **Tiny Imperfections**

## **The Book of the Sword**

1 March 1811. Today I fell in love. At the age of ten, Miss Miranda Cheever showed no signs of ever becoming a Great Beauty. Her hair was lamentably brown, her eyes the same muddy colour, and her legs, which were uncommonly long, refused to learn anything which might remotely be called grace. Only, in 1811, the nineteen-year-old Viscount Turner - eldest brother of Miranda's closest friend - had kissed the hand of an awkward ten-year-old girl and promised her that one day she'd be as beautiful as she was smart. Now, eight years later, Miranda is a woman grown, and Turner an embittered widower. But she has never forgotten his kindness. Indeed it is only in her diary that she confides the truth: she has never stopped loving Turner, and she has never stopped hoping that one day he will see her as more than a nave girl.

individuals and organisations, to do no harm. I will draw on Gaia Capitalism to explain why we need to take stock of how we may be damaging the environment, and why it is up to big companies like Virgin to lead the way in a more holistic approach to business. In *Screw It, Let's Do It* I'll be looking forwards to the future. A lot has changed since I founded Virgin in 1968, and I'll explain how I intend to take my business and my ideas to the next level and the new and exciting areas - such as launching Virgin Fuels - into which Virgin is currently moving. But I have also brought together all the important lessons, good advice and inspirational adages that have helped me along the road to success. Ironically, I have never been one to do things by the book, but I have been inspired and influenced by many remarkable people. Sindh Revisited is the remarkable story of the author's fascination with the early life of Sir Richard Francis Burton (1821-1890). It is the story of an incredible journey, too - deep into the heart of British India, and the India and Sindh of today. The very name of Sir Richard Burton conjures up images of adventure. His search for the source of the Nile with John Hanning Speke contributed to his being the best-known traveller of the nineteenth century. Burton was an outstanding orientalist, archaeologist, linguist, anthropologist, and a controversial diplomat.

Christopher Ondaatje's *Sindh Revisited* is the extraordinarily sensitive account of the author's quest to uncover the secrets of the seven years Richard Burton spent in India in the army of the East India Company from 1842 to 1849. "If I wanted to fill the gap in my understanding of Richard Burton, I would have to do something that had never been done before: follow in his footsteps in India." The journey covered thousands of miles-trekking across deserts where ancient tribes meet modern civilization in the valley of the mighty Indus River.
