The Jungle portrays the harsh conditions and exploited lives of immigrants in the United States in Chicago and similar industrialized cities. The book depicts working-class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. The primary purpose of the novel in describing the meat industry and its working conditions was to advance socialism in the United States. The main character in the book, Jurgis Rudkus, a Lithuanian immigrant, tries to make ends meet in Chicago. The book begins with his wife Ona and his wedding feast. He and his family live near the stockyards and meatpacking district where many immigrants, who do not know much English, work. He takes a job at Brown's slaughterhouse. Jurgis had thought the US would offer more freedom, but he finds working-conditions harsh. He and his young wife struggle to survive as they fall deeply into debt and become prey to con men. Hoping to buy a house, they exhaust their savings on the down payment for a substandard slum house, which they cannot afford. The family is eventually evicted after their money is taken.

Eminent Victorians

Eminent Victorians is a book by Lytton Strachey, consisting of biographies of four leading figures from the Victorian era. Its fame rests on the irreverence and wit Strachey brought to bear on three men and a woman who had until then been regarded as heroes: Cardinal Manning, Florence Nightingale, Thomas Arnold and General Gordon (although Nightingale is actually praised and her reputation was enhanced). The book shows its other subjects in a less than flattering light; for instance, the intrigues of Cardinal Manning against Cardinal Newman.

Where Do We Go from Here

From bestselling author Jon Gordon comes a spiritual fable about the power of faith, hope, and love Meet Jay and Kay. They're twins, and like many teenagers their age, they're dealing with stress and anxiety. One day on their way to school, they have a nice conversation with their old family friend and youth soccer coach, Mr. Erwin, who shows them a special garden he created in his backyard. The garden serves as both a place and a metaphor for Mr. Erwin to share a powerful paradigm and practical strategies to help the twins overcome their fear, stress, and anxiety. The Garden is an enlightening and encouraging spiritual fable that reveals the 5 D's that can sabotage us and a proven plan to help us overcome and win the battle in our mind. Rooted in Jon Gordon's faith tradition, this fable is a different kind of book than his previous business fables. However, in his familiar trademark style, he takes a complex subject and simplifies it to help people take action and improve their lives. Everyone will struggle with fear, anxiety, or stress at some point in their lives, and everyone will have to overcome these challenges to create the life they were meant to live. Given that there are many contributing factors that influence how we think and feel, Jon wrote this book to share how the power of love, encouragement, truth, faith, and belief can be part of the solution. Having worked with countless leaders, companies, sports teams, professional athletes, and high school students, Jon Gordon infuses this life-changing story with thought-provoking ideas, practical strategies, and a framework to overcome fear with faith. Whether you are dealing with fear, stress, and anxiety yourself, have a family member that struggles, or are a mental health expert that works with clients, if any of the ideas in this book can be useful to you or the people you love and care about, then it's worth a walk through The Garden with Jay, Kay, and Mr. Erwin to discover ways to persevere through life with the power of faith, hope, and love.

“The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.” —Kevin Kwan, author of Crazy Rich Asians Amy Tan’s beloved, New York Times bestselling tale of mothers and daughters Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

The Energy Bus Field Guide

From a Pulitzer Prize-winning investigative reporter at The New York Times comes the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. Salt Sugar Fat is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). Salt Sugar Fat is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, "Enough already."
