### Conversations with Henry Miller

A memoir of a Greek holiday the great American novelist Henry Miller took immediately before World War II. Miller's beautiful and passionate prose perfectly captures the splendour and magic of the country, concentrating not only on the landscape but also the people. His classic narrative is peppered with fabulous portraits of poets and artists, including friend Lawrence Durrell.

### Sunday After the War

Shocking, banned and the subject of obscenity trials, Henry Miller's first novel Tropic of Cancer is one of the most scandalous and influential books of the twentieth century. Tropic of Cancer redefined the novel. Set in Paris in the 1930s, it features a starving American writer who lives a bohemian life among prostitutes, pimps, and artists. Banned in the US and the UK for more than thirty years because it was considered pornographic, Tropic of Cancer continued to be distributed in France and smuggled into other countries. When it was first published in the US in 1961, it led to more than 60 obscenity trials until a historic ruling by the Supreme Court defined it as a work of literature. Long hailed as a truly liberating book, daring and uncompromising, Tropic of Cancer is a cornerstone of modern literature that asks us to reconsider everything we know about art, freedom, and morality. 'At last an unprintable book that is fit to read' Ezra Pound 'A momentous event in the history of modern writing' Samuel Beckett 'The book that forever changed the way American literature would be written' Erica Jong Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include Tropic of Cancer (1934), Tropic of Capricorn (1939), and the Rosy Crucifixion trilogy (Sexus, 1949, Plexus, 1953, and Nexus, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation.

### Crazy Cock

In his great triptych "The Millennium," Bosch used oranges and other fruits to

symbolize the delights of Paradise.

## **The Cosmological Eye**

A collection of works spanning the entire career of great 20th-century American writer Henry Miller, edited and introduced by Lawrence Durrell. In 1958, when Henry Miller was elected to membership in the American Institute of Arts and Letters, the citation described him as: "The veteran author of many books whose originality and richness of technique are matched by the variety and daring of his subject matter. His boldness of approach and intense curiosity concerning man and nature are unequalled in the prose literature of our times." It is most fitting that this anthology of "the best" of Henry Miller should have been assembled by one of the first among Miller's contemporaries to recognize his genius, the eminent British writer Lawrence Durrell. Drawing material from a dozen different books Durrell has traced the main line and principal themes of the "single, endless autobiography" which is Henry Miller's life work. "I suspect," writes Durrell in his Introduction, "that Miller's final place will be among those towering anomalies of authorship like Whitman or Blake who have left us, not simply works of art, but a corpus of ideas which motivate and influence a whole cultural pattern." Earlier, H. L. Mencken had said, "his is one of the most beautiful prose styles today," and the late Sir Herbert Read had written that "what makes Miller distinctive among modern writers is his ability to combine, without confusion, the aesthetic and prophetic functions." Included are stories, "portraits" of persons and places, philosophical essays, and aphorisms. For each selection Miller himself prepared a brief commentary which fits the piece into its place in his life story. This framework is supplemented by a chronology from Miller's birth in 1891 up to the spring of 1959, a bibliography, and, as an appendix, an open letter to the Supreme Court of Norway written in protest of the ban on *Sexus*, a part of which appears in this volume.

## **The Obelisk Trilogy**

### **Tropic of Cancer**

Continuing the subversive self-revelation begun in *Tropic of Cancer* and *Tropic of Capricorn*, Henry Miller takes readers along a mad, free-associating journey from the damp grime of his Brooklyn youth to the sun-splashed cafes and squalid flats of Paris. With incomparable glee, Miller shifts effortlessly from Virgil to venereal disease, from Rabelais to Roquefort. In this seductive technicolor swirl of Paris and New York, he captures like no one else the blending of people and the cities they inhabit.

### **A Literate Passion**

Banned in America for almost thirty years because of its explicit sexual content, this companion volume to Miller's *Tropic of Cancer* chronicles his life in 1920s New York City. Famous for its frank portrayal of life in Brooklyn's ethnic neighborhoods and Miller's outrageous sexual exploits, *The Tropic of Capricorn* is now considered a cornerstone of modern literature.

## **A Virtuous Woman**

### **The Henry Miller Reader**

Henry Miller's bold, explicit novels scandalized readers and remade the literature of his day. In this uncompromising literary manifesto he argues that sex is at the heart of his writing because it is at the heart of life - a vital force as essential as bread, money, work or play.

### **The World of Sex**

The controversial, erotic and hilarious companion to the legendary Tropic of Cancer, in a smart new Harper Perennial Modern Classics edition.

### **Black Spring**

In 1930 Henry Miller moved from New York to Paris, leaving behind — at least temporarily — his tempestuous marriage to June Smith and a novel that had sprung from his anguish over her love affair with a mysterious woman named Jean Kronski. Begun in 1927, *Crazy Cock* is the story of Tony Bring, a struggling writer whose bourgeois inclinations collide with the disordered bohemianism of his much-beloved wife, Hildred, particularly when her lover, Vanya, comes to live with them in their already cramped Greenwich Village apartment. In a world swirling with violence, sex, and passion, the three struggle with their desires, inching ever nearer to insanity, each unable to break away from this dangerous and consuming love triangle.

### **This Is Pleasure**

An engaging invitation to rediscover Henry Miller—and to learn how his anarchist sensibility can help us escape “the air-conditioned nightmare” of the modern world. The American writer Henry Miller's critical reputation--if not his popular readership—has been in eclipse at least since Kate Millett's blistering critique in *Sexual Politics*, her landmark 1970 study of misogyny in literature and art. Even a Miller fan like the acclaimed Scottish writer John Burnside finds Miller's "sex books"—including *The Rosy Crucifixion*, *Tropic of Cancer*, and *Tropic of Capricorn*—“boring and embarrassing.” But Burnside says that Miller's notorious image as a “pornographer and woman hater” has hidden his vital, true importance—his anarchist sensibility and the way it shows us how, by fleeing from conformity of all kinds, we may be able to save ourselves from the “air-conditioned nightmare” of the modern world. Miller wrote that “there is no salvation in becoming adapted to a world which is crazy,” and in this short, engaging, and personal book, Burnside shows how Miller teaches us to become less adapted to the world, to resist a life sentence to the prison of social, intellectual, emotional, and material conditioning. Exploring the full range of Miller's work, and giving special attention to *The Air-Conditioned Nightmare* and *The Colossus of Maroussi*, Burnside shows how, with humor and wisdom, Miller illuminates the misunderstood tradition of anarchist thought. Along the way, Burnside reflects on Rimbaud's

enormous influence on Miller, as well as on how Rimbaud and Miller have influenced his own writing. An unconventional and appealing account of an unjustly neglected writer, *On Henry Miller* restores to us a figure whose searing criticism of the modern world has never been more relevant.

### **Tropic of Capricorn**

### **Tropic of Cancer (Harper Perennial Modern Classics)**

Here is the inimitable Henry Miller speaking candidly about himself and his robust fiction - *Tropic of Cancer*, *Tropic of Capricorn*, *The Air-Conditioned Nightmare*. In this enticing collection he argues convincingly for the things that have mattered in his full and exhilarating life. He and his interviewers cover the range of his engrossing works that stirred obscenity charges, as well as his life as an expatriate, his loves and conquests, his goals, his beliefs, and his probing insights into the culture that produced him and repulsed him. These conversations serve as a retrospective visit with one of America's most distinctively opinionated, most singularly identifiable, and most invigorating authors - arguably the grand guru of sex in American literature.

### **Tropic of Cancer and Tropic of Capricorn**

In *Tropic of Capricorn*, bestselling author Simon Reeve embarks on a 23,000-mile trek around the southernmost border of the tropics - a place of both amazing beauty and overwhelming human suffering. Heading east through Africa, Australia and South America, Simon encounters breathtaking landscapes and truly extraordinary people: from Bushmen of the Kalahari and Namibian prostitutes battling with HIV to gem miners in Madagascar and teenagers in the Brazilian favela once described as the most dangerous place on earth. It is a collection of daring adventures, strange rituals and exotic wildlife, all linked together by one invisible line. Like the best travel writing, *Tropic of Capricorn* confronts important issues of our time - our changing environment, poverty, globalisation - by taking us on an unforgettable journey of discovery.

### **The Books in My Life**

Many of them have appeared only in foreign magazines while others were printed in limited editions which have gone out of print.

### **Tropic of Capricorn**

"I always carry over 40,000 gold francs about with me in my belt. They weight about 40 pounds, and I am beginning to get dysentery from the load." A collection of stories and excerpts from longer works.

### **The Colossus of Maroussi**

Miller's groundbreaking first novel, banned in Britain for almost thirty years.

## Tropic of Capricorn

"In this powerful short fiction, Mary Gaitskill--whose searing honesty about gender relations has been legendary since the appearance of *Bad Behavior* in the 1980s--considers our moment through the lens of a particular #metoo incident. The effervescent and well-dressed Quin, a successful book editor and fixture on the New York arts scene, has long been one of Margot's best friends. When several women in his field accuse him of inappropriate touching and remarks, Gaitskill builds the account of his undoing through Quin and Margot's alternating voices, allowing readers to experience Quin as a whole person--one whose behavior toward women could be hurtful and presumptuous on the one hand, and keenly supportive on the other. Margot, an older woman who alternately despairs of and sympathizes with the positions of the younger women involved in Quin's case, is the thrumming engine of this remarkable piece of truth-telling. As Gaitskill has said, fiction is the only way that she could approach this subject, which she sees as subtly colored in shades of gray, rather than the black and white of our current conversations. Her compliment to her characters--and to her readers--is that they are unvarnished and real; her belief in our ability to understand them, even when we don't always admire them, is a beacon of humanity from one of our greatest contemporary writers"--

## On Henry Miller

A "vivid, unsentimental, powerful" portrait of a Southern marriage by the New York Times--bestselling author of *Ellen Foster* (Publishers Weekly). "She hasn't been dead four months and I've already eaten to the bottom of the deep freeze. I even ate the green peas. Used to I wouldn't turn my hand over for green peas . . ." Ruby Stokes has died too young and left her husband, Blinking Jack, behind. With alternating entries from each of them, *A Virtuous Woman* recounts the tale of their years together in an "exquisitely realised piece of writing" (Elizabeth Buchan, *The Mail on Sunday*). From their very different backgrounds--Ruby a daughter of wealth, Jack a penniless tenant farmer--to their relationships with their landlord and his family, and the strength they drew from each other in the face of hardship, this story of a marriage is "full of fantastically gritty metaphors . . . A book that will change your dreams" (The Observer). "Gibbons again flawlessly reproduces the humor and idiom of rural eastern North Carolina." --Library Journal

## Black Spring

'It would be unfair to expect other people to be as remarkable as oneself' Wilde's celebrated witticisms on the dangers of sincerity, duplicitous biographers, the stupidity of the English - and his own genius. One of 46 new books in the bestselling Little Black Classics series, to celebrate the first ever Penguin Classic in 1946. Each book gives readers a taste of the Classics' huge range and diversity, with works from around the world and across the centuries - including fables, decadence, heartbreak, tall tales, satire, ghosts, battles and elephants.

## Big Sur and the Oranges of Hieronymus Bosch

A cult modern classic, *Tropic of Capricorn* is as daring, frank and influential as Henry Miller first novel, *Tropic of Cancer* A story of sexual and spiritual awakening, *Tropic of Capricorn* shocked readers when it was published in 1939. A mixture of fiction and autobiography, it is the story of Henry V. Miller who works for the Cosmodemonic telegraph company in New York in the 1920s and tries to write the most important work of literature that was ever published. *Tropic of Capricorn* paints a dazzling picture of the life of the writer and of New York City between the wars: the skyscrapers and the sewers, the lust and the dejection, the smells and the sounds of a city that is perpetually in motion, threatening to swallow everyone and everything. 'Literature begins and ends with the meaning of what Miller has done' Lawrence Durrell 'The only imaginative prose-writer of the slightest value who has appeared among the English-speaking races for some years past' George Orwell 'The greatest American writer' Bob Dylan Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation.

### **Plexus**

### **The Devil at Large**

“David Foster Wallace meets Gabriel Garcia Marquez” in this novel set in a dystopian Los Angeles from a National Book Award finalist (Publishers Weekly). Irreverently juggling magical realism, film noir, hip hop, and chicanismo, *Tropic of Orange* takes place in a Los Angeles where the homeless, gangsters, infant organ entrepreneurs, and Hollywood collide on a stretch of the Harbor Freeway. Hemmed in by wildfires, it’s a symphony conducted from an overpass, grandiose, comic, and as diverse as the city itself—from an author who has received the California Book Award and the Association for Asian American Studies Book Award, among other literary honors. “Fiercely satirical . . . Yamashita presents [an] intricate plot with mordant wit.” —The New York Times Book Review “A stunner . . . An exquisite mystery novel. But this is a novel of dystopia and apocalypse; the mystery concerns the tragic flaws of human nature.” —Library Journal (starred review) “Brilliant . . . An ingenious interpretation of social woes.” —Booklist (starred review)

### **How to Be Happy (or at Least Less Sad)**

Uncovered along with *Crazy Cock* in 1988 by Miller biographer Mary V. Dearborn, *Moloch* emerged from the misery of Miller's years at Western Union and from the squalor of his first marriage. Set in the rapidly changing New York City of the early twenties, its hero is the rough-and-tumble Dion Moloch, a man filled with anger and despair. Trapped in a demeaning job, oppressed by an acrimonious home life, Moloch escapes to the streets only to be assaulted by a world he despises even more — a Brooklyn transformed into a shrill medley of ethnic sights, sounds, and

smells. The antagonized Moloch strikes out blindly at everything he hates, battling against a world whose hostility threatens to overwhelm and destroy him.

## **Nexus**

The “uproariously funny” second book in the Rosy Crucifixion trilogy, “may be Miller’s masterpiece” (Choice). “Plexus is the core volume in The Rosy Crucifixion: the volume which has the most complete description of Henry Miller’s basic values, beliefs, opinions, judgments, both at the time of his ‘Crucifixion’ and at the later time when the trilogy was written. Plexus is simply the most marvelous volume of emotion and ideas and visions and nightmares about man and society in the twentieth century—with art as the link perhaps, or as the soul’s refuge—that I have read in many a long year. There is absolutely no subject in the world that Henry Miller does not seem to know about, want to talk about, and to evaluate with the deep authority of wisdom. He is probably the most learned of all our American writers, the most open to ideas and feelings, and yes, the most worshipful of all the aspects of life, as well as the most critical literary spokesman of our time.”

—Maxwell Geismar

## **Sexus**

Author and illustrator Lee Crutchley brings his lively interactive approach to a little-discussed but very common issue: the struggle with depression and anxiety. Through a series of supportive, surprising, and engaging prompts, HOW TO BE HAPPY (OR AT LEAST LESS SAD) helps readers see things in a new light, and rediscover simple pleasures and everyday joy or at least feel a little less sad. By turns a workbook, trusted friend, creative outlet, security blanket, and secret diary, the pages of this book will offer solace, distraction, engagement, a fresh perspective, and hopeful new beginnings--for readers of all ages and walks of life.

## **Henry Miller on Writing**

“A brilliant selection . . . it is in short a voyage of discovery, an adventure and this the log of that voyage in the life of a probing and powerful writer.” —Robert R. Kirsch, Los Angeles Times Some of the most rewarding pages in Henry Miller's books concern his self-education as a writer. He tells, as few great writers ever have, how he set his goals, how he discovered the excitement of using words, how the books he read influenced him, and how he learned to draw on his own experience.

## **Henry Miller**

Fearless, iconic poet, novelist, and feminist Erica Jong offers a fascinating in-depth appreciation of the controversial life and work of American literary giant Henry Miller. Henry Miller (Tropic of Cancer) and Erica Jong (Fear of Flying) are true literary soul mates. Both authors have been, in equal measure, lauded for their creative genius and maligned for their frank treatment of human sexuality. So who better than Erica Jong to offer an expert appraisal and appreciation of Henry Miller, the man and his art? At once a critical study, a biography, a memoir of a remarkable

friendship, and a celebration of the life and work of the author whom Erica Jong compares to Whitman, *The Devil at Large* explores the peaks and valleys of Miller's storied writing career. It examines his tumultuous relationships—including his doomed marriage to June Mansfield and his lifelong tenuous bond with his mother—and confirms his standing as a creative genius. Jong, a renowned feminist, courageously answers critics who accuse her subject of degrading women in his fiction, suggesting instead that he sought to demystify them by means of the "violent verbal magic of his books." With grace, wit, warmth, and intelligence, Jong brings readers close to the man and his writing. There has never been a more incisive and insightful analysis of this exceptional American master. This ebook features an illustrated biography of Erica Jong including rare photos and never-before-seen documents from the author's personal collection.

## **Stand Still Like the Hummingbird**

### **Tropic of Capricorn**

Henry Miller's monumental venture in self-revelation was begun with his *Tropic of Cancer* and *Tropic of Capricorn*, which on their American publication were hailed as "miraculous," "superb," "ribald," "brilliant," and "shamelessly shocking." *Sexus* is the first volume of a series called *The Rosy Crucifixion*, in which Miller completes his major life work. It was written in the United States during World War II, and first published in Paris in 1949. Of this remarkable project, Lawrence Durrell has said: "The completion of his seven-volume autobiography, if it fulfills the promise of what he has already given us, will put his name amongst the three or four great figures of the age."

### **Tropic of Orange**

Contains some of Miller's shorter prose writings, taken from the Paris books *Black Spring* (1936) and *Max and the White Phagocytes* (1938).

### **Genius and Lust**

The world-famous photographer and close friend of Henry Miller offers a memoir of the man he knew and the Paris they shared, reflecting on Miller's personality, art, and relationships, and featuring sixteen of Brassai's photographs. 10,000 first printing.

### **Three Excerpts from the Tropic of Capricorn**

*Nexus* is the third volume of the scandalous trilogy *The Rosy Crucifixion*, Henry Miller's major life work. The exhilarating final volume of Henry Miller's semi-autobiographical trilogy, *Nexus* follows his last months in New York. Trapped in a bizarre ménage-à-trois with his fiery wife Mona and her lover Stasia, he finds his life descending into chaos. Finally, betrayed and exhausted, he decides to leave America and sail for Paris, to discover his true vocation as a writer.

## **The Wisdom of the Heart**

This selection of letters from the correspondence of Henry Miller and Anais Nin documents twenty years of their fifty-year relationship--a relationship that began as a passionate love affair and grew to be an enduring friendship

## **Moloch**

Norman Mailer, without a doubt the most important literary figure of his generation, here celebrates the genius of "the greatest living American writer" from an earlier generation in an extended essay of unequalled brilliance as well as in a generous selection from Miller's work to point the way to "the center of the power of his writing."--Front flap.

## **Only Dull People Are Brilliant at Breakfast**

Some writers attempt to conceal the literary influences which have shaped their thinking - but not Henry Miller. In *The Books in My Life* he shares the thrills of discovery that many kinds of books have brought to a keenly curious and questioning mind. Some of Miller's favorite writers are the giants whom most of us revere - authors such as Dostoevsky, Boccaccio, Walt Whitman, James Joyce, Thomas Mann, Lao-Tse. To them he brings fresh and penetrating insights. But many are lesser-known figures: Krishnamurti, the prophet-sage; the French contemporaries Blaise Cendrars and Jean Giono; Richard Jeffries, who wrote *The Story of My Heart*; the Welshman John Cowper Powys; and scores of others. *The Books in My Life* contains some fine autobiographical chapters, too. Miller describes his boyhood in Brooklyn, when he devoured the historical stories of G. A. Henty and the romances of Rider Haggard. He tells of the men and women whom he regards as living books": Lou Jacobs, W. E. B. DuBois, Elizabeth Gurley Flynn, and others. He offers his reminiscences of the New York Theatre in the early 1900's - including plays such as *Alias Jimmy Valentine* and *Nellie, the Beautiful Cloak Model*. And finally, in Miller's best vein of humor, he provides a satiric chapter on bathroom reading. In an appendix, Miller lists the hundred books that have influenced him most. "

## **Tropic of Capricorn: on the Ovarian Trolley**

Tropic of Capricorn : Riotous, rude and explosive, this book chronicles Henry Miller's early life in New York. The young Miller is angry, passionate, lewd, a fiery prophet of sexual and intellectual freedom, and an incorrigible prankster dedicated to the subversion of America's stale moral code. Read it, and experience for yourself Miller's raw, unbridled love of life in all its filthy, vital glory.
