New English File

English File Intermediate Student's Book

The Cutting Edge Elementary/Pre-Intermediate Video gives students a wealth of information about aspects of modern life, providing them with a rich source of authentic, real-life material. Based on the syllabus of the Cutting Edge Elementary and Pre-Intermediate students' books, the language is graded accordingly through the six video programmes.

Present Over Perfect

Click On 1a - 4b is the split edition of the Click On series. In full colour, the series combines active English language learning with a variety of lively topics in themed modules. The split edition includes four key components of the Click On series: Video, DVD, Video Activity Book, Video Activity Book Key.

Remarks, &c

A new, refreshed edition of the five-level English course for teenagers, with a clear structure, supported approach to speaking, practice, and exam preparation still at its heart. Solutions has been thoroughly modernized with 80% new content to draw in students, embed the grammar and vocabulary presented, and engage them in the tasks. Its guided approach builds up every student's confidence, through step-by-step objectives, lots of practice, meaningful personalization activities, and exam preparation tasks. The course now embraces a wide range of teaching methods, furnishing the teacher with a flexible pick-and-choose package for use in the classroom, at home, and on the move. The digital elements of the course enliven the material and allow teachers to vary the pace and focus of their lessons. Solutions turns all students into active learners, by offering a rich variety of learning opportunities for a whole range of abilities through extension and revision activities in all components - giving everyone a sense of achievement whatever their level. The Solutions Second Edition DVD-ROM material and worksheets bring the language to life by taking it out of the classroom and into authentic settings

Each book includes a full recording of each story online. PLUS: visit www.collinselt.com/readers for videos, teacher resources and self-study materials. This book is Level 2 in the Collins ELT Readers series. Level 2 is equivalent to CEF level A2-B1. About the Amazing People series: A unique opportunity for learners of English to read about the exceptional lives and incredible abilities of some of the most insightful people the world has seen. Each book contains six short stories, told by the characters themselves, as if in their own words. The stories explain the most significant parts of each character's life, giving an insight into how they came to be such an important historic figure. After each story, a timeline presents the most major events in their life in a clear and succinct fashion. The timeline is ideal for checking comprehension or as a basis for project work or further research. Created in association with The Amazing People Club. About Collins ELT Readers: Collins ELT Readers are divided into four levels: Level 1 - elementary (A2) Level 2 - pre-intermediate (A2-B1) Level 3 - intermediate (B1) Level 4 - upper intermediate (B2) Each level is carefully graded to ensure that the learner both enjoys and benefits from their reading experience.

Upstream

Click On is a five-level course consisting of five modules each for learners of English from complete beginner to intermediate level. In full colour, the course combines active English language learning with a variety of lively topics presented in themed units. Its well-organised syllabus promotes the gradual development of all four language skills needed by learners to communicate effectively in English. The cross-cultural approach of the course stimulates learners' interest, focusing on topics carefully chosen to motivate. The Student's Book and the Workbook for each level are designed to be covered in approximately 70 to 80 hours of classroom work.

Cutting Edge 3rd Edition Pre-Intermediate Students Book for DVD Pack

Engaging texts, new video content and a comprehensive digital package are just some of the features that make this fully revised edition even more effective.

On Screen

A one-year-old attempting to build a tower of blocks may bring the pile crashing down, yet her five-year-old sister accomplishes this task with ease. Why do young children have difficulty with problems that present no real challenge to older children? How do problem-solving skills develop? In *Children Solving Problems*, Stephanie Thornton surveys recent research from a broad range of perspectives in order to explore this important question. What Thornton finds may come as a surprise: successful problem-solving depends less on how smart we are--or, as the pioneering psychologist Jean Piaget claimed, how advanced our skill in logical reasoning is--and more on the factual knowledge we acquire as we learn and interpret cues from the world around us. Problem-solving skills evolve through experience and dynamic interaction with a problem. But equally important--as the Russian psychologist L. S. Vygotsky proposed--is social interaction. Successful problem-solving is a social process. Sharing problem-solving tasks--with skilled adults and with other children--is vital to a child's growth in expertise and confidence. In problem-solving, confidence can be more important than skill. In a real sense, problem-solving lies at the heart of what we mean by intelligence. The

ability to identify a goal, to work out how to achieve it, and to carry out that plan is the essence of every intelligent activity. Could it be, Thornton suggests, that problem-solving processes provide the fundamental machinery for cognitive development? In *Children Solving Problems* she synthesizes the dramatic insights and findings of post-Piagetian research and sets the agenda for the next stage in understanding the varied phenomena of children's problem-solving.

Trillion Dollar Coach

OVER 500,000 COPIES SOLD! In these pages, New York Times bestselling author Shauna Niequist invites you to consider the landscape of your own life, and what it might look like to leave behind the pressure to be perfect and begin the life-changing practice of simply being present, in the middle of the mess and the ordinariness of life. As she puts it: "A few years ago, I found myself exhausted and isolated, my soul and body sick. I was tired of being tired, burned out on busy. And, it seemed almost everyone I talked with was in the same boat: longing for connection, meaning, depth, but settling for busy. "I am a wife, mother, daughter, sister, friend, neighbor, writer, and I know all too well that settling feeling. But over the course of the last few years, I've learned a way to live, marked by grace, love, rest, and play. And it's changing everything. "Present Over Perfect is an invitation to this journey that changed my life. I'll walk this path with you, a path away from frantic pushing and proving, and toward your essential self, the one you were created to be before you began proving and earning for your worth." Written in Shauna's warm and vulnerable style, this collection of essays focuses on the most important transformation in her life, and maybe yours too: leaving behind busyness and frantic living and rediscovering the person you were made to be. Present Over Perfect is a hand reaching out, pulling you free from the constant pressure to perform faster, push harder, and produce more, all while maintaining an exhausting image of perfection. Shauna offers an honest account of what led her to begin this journey, and a compelling vision for an entirely new way to live: soaked in grace, rest, silence, simplicity, prayer, and connection with the people that matter most to us.

Amazing Composers: A2-B1 (Collins Amazing People ELT Readers)

The team behind How Google Works returns with management lessons from legendary coach and business executive, Bill Campbell, whose mentoring of some of our most successful modern entrepreneurs has helped create well over a trillion dollars in market value. Bill Campbell played an instrumental role in the growth of several prominent companies, such as Google, Apple, and Intuit, fostering deep relationships with Silicon Valley visionaries, including Steve Jobs, Larry Page, and Eric Schmidt. In addition, this business genius mentored dozens of other important leaders on both coasts, from entrepreneurs to venture capitalists to educators to football players, leaving behind a legacy of growing companies, successful people, respect, friendship, and love after his death in 2016. Leaders at Google for over a decade, Eric Schmidt, Jonathan Rosenberg, and Alan Eagle experienced firsthand how the man fondly known as Coach Bill built trusting relationships, fostered personal growth—even in those at the pinnacle of their careers—inspired courage, and identified and resolved simmering tensions that inevitably arise in fast-moving environments. To honor their mentor and inspire and teach future generations, they have codified his wisdom in this essential guide. Based on interviews with over eighty people who knew and loved Bill Campbell, Trillion Dollar Coach explains the Coach's principles and illustrates them with stories from the many great people and companies with which he worked. The result is a blueprint for forward-thinking business leaders and managers that will help them create higher performing and faster moving cultures, teams, and companies.
