United States History

Focus on U.S. History

2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices

of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative.

Self-Reliance

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The

Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Reproducible student activities cover territorial growth, the Industrial Revolution, the rise of slavery, and the reform movement.

Teaching Language Arts to English Language Learners

This authentic, loving celebration of gratitude & community—written by a citizen of the Cherokee nation—follows celebrations and experiences through the seasons of a year, underscoring the traditions and ways of Cherokee life.

American History

Things unknown in 1763.--Had a traveler landed on our shores in 1763 and made a journey through the English colonies in America, he would have seen a country utterly unlike the United States of today. The entire population, white man and black, freeman and slave, was not so great as that of New York or Philadelphia or Chicago in our time. If we were to write a list of all the things we now consider as real necessities of daily life and mark off those unknown to the men of 1763, not one quarter would remain. No

reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.

Because of Winn-Dixie

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries - and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, *Raymie Nightingale*.

PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a

transcendent vision for a way forward.

The American Vision

This thoroughly revised and updated edition of Teaching Language Arts to English Language Learners provides readers with the comprehensive understanding of both the challenges that face ELLs and ways in which educators might address them in the language arts classroom. The authors offer proven techniques that teachers can readily use to teach reading, writing, grammar, and vocabulary as well as speaking, listening, and viewing skills. A complete section is also devoted to ways teachers can integrate all five strands of the language arts curriculum into a comprehensive unit of study with meaningful accommodations for ELLs. An annotated list of web and print resources completes the volume, making this a valuable reference for language arts teachers to meet the challenges of including all learners in effective instruction. New features to this edition include: An updated and streamlined Part 1, which provides an essential overview of ELL theory in a language arts specific context. Additional practical examples of language arts exercises, all of which are closely aligned with the Common Core State Standards. New pedagogical elements in Part 3, including tips on harnessing new technologies, discussion questions and reflection points. Updates to the web and print resources in Part 4

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “An amazing story, and truly inspiring. It’s even better than you’ve heard.”—Bill Gates **NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW** • **ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR** • **BILL GATES’S HOLIDAY READING LIST** • **FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book** • **PEN/Jean Stein Book Award** • **Los Angeles Times Book Prize** Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—Vogue **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post** • **O: The Oprah Magazine** • **Time** • **NPR** • **Good**

In *Self-Reliance*, Emerson expounds on the importance of trusting your soul, as well as divine providence, to carve out a life. A firm believer in nonconformity, Emerson celebrates the individual and stresses the value of listening to the inner voice unique to each of us—even when it defies society's expectations. This new 2019 edition of *Self-Reliance* from Logos Books includes *The American Scholar*, a stirring speech of Emerson's, as well as footnotes and images throughout.

Hero Tales from American History

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

A Young People's History of the United States

This textbook, intended for 8th grade social studies students, tells the history of Georgia through photographs, charts, maps, and an interesting narrative. This text was specifically written to align with the Georgia Performance Standards.

Discovering Our Past

In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. *Fabric of a Nation* is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US

History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

An Indigenous Peoples' History of the United States for Young People

Guided Reading

A Young People's History of the United States brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. A Young People's History of the United States is also a companion volume to *The People Speak*, the film adapted from *A People's History of the United States* and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of *A Young People's History of the United States* presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.
